

fertilizer but is also used for waste water treatment. In the decision, CBP informed the party filing the petition that the correct classification of the subject CN-9 Solution is under subheading 3102.60.00, HTSUS.

DATES: The final classification decision was issued on December 16, 2011. The classification set forth in the decision applies to all entries of the described CN-9 Solution for which liquidation was not finalized as of December 16, 2011.

SUPPLEMENTARY INFORMATION:

Background

I. Petition

A petition dated June 16, 2010¹ was filed under section 177.13 of the U.S. Customs and Border Regulations (“CBP”) regulations (19 CFR 177.13), on behalf of Yara North America, Inc. (“Yara”) requesting the reconciliation of inconsistent classification decisions under the Harmonized Tariff Schedule of the United States (“HTSUS”).

Yara is a subset of Yara International ASA, a global firm specializing in agricultural products and environmental protection agents. It is a supplier of mineral fertilizers. As an importer of these products, Yara received inconsistent classification decisions on its merchandise at different ports. The petition concerned Yara’s importation of CN-9 Solution, a hydrated ammonium calcium nitrate double salt that is primarily used as a fertilizer but is also used for waste water treatment. Yara entered the subject merchandise at the Port of Long Beach between January 24, 2009 and September 8, 2009, and at the Port of Baltimore on April 20, 2010, under subheading 3102.60.00, HTSUS, as “Mineral or chemical fertilizers, nitrogenous: Double salts and mixtures of calcium nitrate and ammonium nitrate.” Citing Legal Note 2(a)(v) to Chapter 31, HTSUS,² the Port of Long Beach liquidated the subject merchandise as entered. Citing Legal

Note 5 to Chapter 28, HTSUS,³ the Port of Baltimore liquidated the subject merchandise under subheading 2842.90.90, HTSUS, as “Other salts of inorganic acids or peroxyacids (including aluminosilicates whether or not chemically defined), other than azides: Other: Other.”

Yara met the requirements as an interested party set forth in 19 CFR 177.13(a)(2) and 19 U.S.C. 1514(c) and met the requirements regarding the types of decisions subject to petition set forth in 19 CFR 177.13(a)(1) and 19 U.S.C. 1514(a). Furthermore, having filed the petition within 180 days of the latest decision it received from a port, Yara met the timeliness requirements of 19 CFR 177.13(a)(3). Lastly, Yara also met the requirements of 19 CFR 177.13(b)(2), and specifically 19 CFR 177.13(b)(2)(i) in that the petition contained a complete description of the inconsistent decisions of which they complained. The company submitted a sample that had been tested by the CBP laboratories. Yara requested that CBP classify the imported merchandise under subheading 3102.60.00, HTSUS.

Notice of the petition, along with a request for comments, was published in the **Federal Register** (76 FR 48875) on August 9, 2011. No comments were received in response to the notice. This document informs all interested parties of CBP’s decision regarding the issue raised in the petition.

II. Decision

The subject merchandise is a hydrated ammonium calcium nitrate double salt that is used as a fertilizer. While it can also be used for water treatment, its primary use is as a fertilizer and its chemical structure is identical for both uses. As a result, it is described by the terms of heading 3102, HTSUS, as a nitrogenous mineral fertilizer.

Furthermore, Legal Note 2 to Chapter 31, HTSUS, specifically lists this merchandise: double salts, whether or not pure, or mixtures of calcium nitrate and ammonium nitrate. In addition, Explanatory Note (EN) 31.02 confirms this interpretation. The subject merchandise is a fertilizer with a secondary use in waste water treatment. This alternate function is explicitly allowed by EN 31.02.

The Port of Baltimore liquidated the subject merchandise under heading 2842, HTSUS. Legal Note 5 to Chapter 28, HTSUS, directs classification of double or complex salts into heading

2842, HTSUS, “except where the context otherwise requires.” There is no dispute that the subject merchandise is a double salt, but the context here requires that it be classified outside heading 2842, HTSUS. In this case, the subject merchandise is specifically described by Legal Note 2 to heading 3102, HTSUS, as being classified in that heading. The subject merchandise is also described, *eo nomine*, by the terms of heading 3102, HTSUS, as a nitrogenous mineral fertilizer. As a result, the context requires that it be classified there instead of heading 2842, HTSUS.

This notice informs all interested parties that in a decision dated December 16, 2011, CBP classified the subject CN-9 Solution under subheading 3102.60.00, HTSUS, which provides for: “Mineral or chemical fertilizers, nitrogenous: Double salts and mixtures of calcium nitrate and ammonium nitrate.” In accordance with 19 CFR 177.13(e), the decision was effective immediately upon issuance and, where applicable, applies to all entries for which liquidation is not final.

III. Authority

This notice is published in accordance with section 177.13(d), CBP Regulations (19 CFR 177.13(d)).

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as for "off-site use only" recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Theresa Ritta, Division of Property Management, Program Support Center, HHS, room 5B-17, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-(800) 927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (i.e., acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: *Air Force:* Mr. Robert Moore, Air Force Real Property Agency, 143 Billy Mitchell Blvd., San Antonio, TX 78226, (210) 925-3047; *Army:* Ms. Veronica Rines, Department of the Army, Office of the Assistant Chief of Staff for Installation Management, +-DAIM-ZS, Room 8536, 2511 Jefferson Davis Hwy, Arlington, VA 22202; (571) 256-8145; *Coast Guard:* Commandant, United States Coast Guard, Attn: Jennifer Stomber, 2100 Second St. SW., Stop 7901, Washington, DC 20593-0001; (202) 475-5609; *GSA:* Mr. Gordon Creed, Acting Deputy Assistant Commissioner, General Services Administration, Office of Property Disposal, 18th & F Streets NW., Washington, DC 20405; (202) 501-0084; *Navy:* Mr. Steve Matteo, Department of the Navy, Asset Management Division, Naval Facilities Engineering Command, Washington Navy Yard, 1330 Patterson Ave. SW., Suite 1000, Washington, DC 20374; (202) 685-9426 (These are not toll-free numbers).
