14 CFR Part 71

[Docket No. FAA-2011-1148; Airspace Docket No. 11-ASO-37]

Proposed Revocation of Class E Airspace; Southport, NC, and Proposed Establishment of Class E Airspace; Oak Island, NC

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to remove Class E Airspace at Southport, NC, and establish Class E Airspace at Oak Island, NC, as new Standard Instrument Approach Procedures have been developed at Cape Fear Regional Jetport/Howie Franklin Field. This action would enhance the safety and airspace management of Instrument Flight Rules (IFR) operations at the airport. This action also would recognize the airport name change to Cape Fear Regional Jetport/Howie Franklin Field and update the airport's geographic coordinates.

DATES: Comments must be received on or before February 21, 2012. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA, Order 7400.9 and publication of conforming amendments.

Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2011-1148; Airspace Docket No. 11-ASO-37) and be submitted in triplicate to the Docket Management System (see **ADDRESSES** section for address and phone number). You may also submit comments through the Internet at <http://www.regulations.gov>.

Persons wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2011-1148; Airspace Docket No. 11-ASO-37." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. Persons interested in being placed on a mailing list for future NPRMs should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory circular No. 11-2A, Notice of Proposed Rulemaking distribution System, which describes the application procedure.

The Proposal

The FAA is considering an amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 to remove Class E airspace extending upward from 700 feet above the surface designated as South Brunswick County Airport, Southport, NC, (old name), and establish Class E airspace extending upward from 700 feet above the surface at Cape Fear Regional Jetport/Howie Franklin Field, Oak Island, NC (new name). Airspace reconfiguration is necessary to the design of new standard instrument approach procedures, and for continued safety and management of IFR operations at the airport. Also, as noted, the airport, formerly called Southport Brunswick County Airport, Southport, NC, would change to Cape Fear Regional Jetport/Howie Franklin Field, Oak Island, NC, and the geographic coordinates would be adjusted to coincide with the FAA's aeronautical database.

Class E airspace designations are published in Paragraph 6005 of FAA Order 7400.9V, dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to

keep them operationally current. It, therefore, (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This proposed rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This proposed regulation is within the scope of that authority as it would remove Class E airspace at Southport, NC and establish Class E airspace at Cape Fear Regional Jetport/Howie Franklin Field, Oak Island, NC.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9V, Airspace Designations and Reporting Points, dated August 9, 2011, effective September 15, 2011, is amended as follows:
