

pricing discrepancy, many RxAmerica beneficiaries using CVS Pharmacy and Walgreens stores ran through their benefits coverage at faster rates than they would have based on the posted prices. Many beneficiaries, therefore, unexpectedly entered the donut hole and became responsible for the total cost of their prescription drugs, with no opportunity to change plans until the next calendar year.

To remedy the violations charged and to prevent CVSC from engaging in the future in practices similar to those alleged in the complaint, the proposed order contains injunctive provisions and a consumer redress program.

Section I of the proposed order prohibits CVSC from misrepresenting the price or cost of Medicare Part D prescription drugs, or other prices or costs associated with Medicare Part D prescription drug plans.

Section II of the proposed order requires CVSC, within five (5) days of the date the order becomes final, to pay the Commission \$5 million for consumer redress and administrative costs. This provision specifies that the Commission may apply any remaining funds after redress is completed for such other equitable relief as it determines to be reasonably related to CVSC's practices alleged in the complaint. Any remaining funds not used for such equitable relief shall be deposited into the United States Treasury as disgorgement. Section III of the proposed consent order requires CVSC to produce certain information necessary for the Commission to administer consumer redress.

Sections IV through VIII of the proposed order are reporting and compliance provisions. Section IV requires CVSC to retain documents relating to its compliance with the order for a five (5) year period. Section V requires dissemination of the order now and in the future to all current and future subsidiaries, current and future principals, officers, directors, and managers, and to persons with responsibilities relating to the subject matter of the order. It also requires CVSC to secure a signed and dated statement acknowledging receipt of the order from all persons who receive a copy of the order pursuant to Section V. Section VI ensures notification to the Commission of changes in corporate status. Section VII mandates that CVSC submit a compliance report to the Commission within sixty (60) days, and periodically thereafter as requested. Section VIII is a provision "sunsetting" the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the complaint or the proposed order, or to modify the proposed order's terms in any way.

By direction of the Commission.

Donald S. Clark,

Secretary.
