[Project No. 2230-044]

City and Borough of Sitka, Alaska, Alaska; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC's) regulations, 18 Code of Federal Regulations (CFR) part 380 (Order No. 486, 52 **Federal Register** [FR] 47897), Commission staff has reviewed the City and Borough of Sitka's application for a capacity-related amendment to the license for the Blue Lake Hydroelectric Project (FERC Project No. 2230) and has prepared an Environmental Assessment (EA). The project is located on Sawmill Creek, formerly the Medvetche River, in the Borough of Sitka, Alaska. The project currently occupies a total of 1,676 acres of federal lands administered by the U.S. Department of Agriculture, Forest Service, and under the City of Sitka's proposal, it would occupy 1,798 acres of federal lands.

The EA contains the Commission staff's analysis of the potential environmental effects of the proposed modifications to the project and the addition of new generating capacity and the conclusion that authorizing the amendment, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room 2-A of the Commission's offices at 888 First Street NE., Washington, DC 20426. The EA also may be viewed on the Commission's Internet Web site at (www.ferc.gov) using the "eLibrary" link.
