

within 30 days after all necessary regulatory approvals have been received. The contract will remain in effect until June 30, 2014. *Id.* Attachment 1 at 5. It may, however, be terminated by either party on not less than 30 days' written notice. *Id.*

In support of its Notice, the Postal Service filed four attachments as follows:

- Attachment 1—a redacted copy of the contract and applicable annexes;
- Attachment 2—a certified statement required by 39 CFR 3015.5(c)(2);
- Attachment 3—a redacted copy of Governors' Decision No. 10–1, which establishes prices and classifications for GREP contracts, a description of applicable GREP contracts, formulas for prices, an analysis of the formulas, and certification of the Governors' vote; and
- Attachment 4—an application for non-public treatment of materials to maintain redacted portions of the contract and supporting documents under seal.

The Notice advances reasons why the instant GREP contract fits within the Mail Classification Schedule language for GREP Contracts 1. The Postal Service identifies general contract terms that distinguish the instant contract from the baseline GREP agreement. It states that the instant contract differs from the contract in Docket No. CP2010–36 pertaining to revisions or clarification of terms, *e.g.*, definition of qualifying mail, discounts offered by the reseller, minimum revenue, periodic review of minimum commitment, term, assignment, number of rate groups, and solicitation of reseller's customers. *Id.* at 4–6. The Postal Service states that the differences, which include price variations based on updated costing information and volume commitments, do not alter the contract's functional equivalency. *Id.* at 4. The Postal Service asserts that “[b]ecause the agreement incorporates the same cost attributes and methodology, the relevant characteristics of this GREP contract are similar, if not the same, as the relevant characteristics of the contract filed in Docket No. CP2010–36.” *Id.* at 4–5.

The Postal Service concludes that its filing demonstrates that the new GREP contract complies with the requirements of 39 U.S.C. 3633 and is functionally equivalent to the baseline GREP contract. It states that the differences do not affect the services being offered or the fundamental structure of the contract. Therefore, it requests that the instant contract be included within the GREP Contracts 1 product. *Id.* at 5–6.
