Under 40 CFR 124.19(f)(2), notice of any final Agency action regarding a prevention of significant deterioration (PSD) permit must be published in the **Federal Register**. Section 307(b)(1) of the Clean Air Act (CAA) provides for review of final Agency action that is locally or regionally applicable in the United States Court of Appeals for the appropriate circuit. Such a petition for review of final Agency action must be filed within 60 days from the date of notice of such action in the **Federal Register**. For purposes of judicial review under the CAA, final Agency action occurs when a final PSD permit is issued or denied by EPA and Agency review procedures are exhausted per 40 CFR 124.19(f)(1). Any person who filed comments on the draft permit was provided the opportunity to petition the Environmental Appeals Board by December 30, 2011. No petitions were submitted; therefore the permit became effective on December 30, 2011.
