

Wilderness Society; (3) Mr. Daniel Lum; and (4) Ms. Donna Arvelo. On January 12, 2012, the EAB dismissed Ms. Arvelo's petition as untimely and denied review of the three other petitions. See *In re Shell Gulf of Mexico, Inc. and Shell Offshore, Inc.*, OCS Appeal Nos. 11-02, 11-03, 11-04 & 11-08 (EAB, Jan. 12, 2011) (Order Denying Review). Following the EAB's action, pursuant to 40 CFR 124.19(f)(1), EPA Region 10 issued final permit decisions on January 27, 2011. All conditions of the Shell Discoverer permits, as initially issued by Region 10 on September 19, 2011, are final and effective.

Dated: January 31, 2012.

**Richard G. Albright,**

Director, Region 10 Office of Air, Waste & Toxics.

**Notice of Workshop and Call for Information on Integrated Science Assessment for Oxides of Nitrogen**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice; call for information.

**SUMMARY:** The U.S. EPA Office of Research and Development's National Center for Environmental Assessment (NCEA) is preparing an Integrated Science Assessment (ISA) as part of the review of the primary National Ambient Air Quality Standards (NAAQS) for oxides of nitrogen (NO<sub>x</sub>). The scientific review that informs the ISA will include evidence for NO<sub>x</sub> whereas the indicator for NO<sub>x</sub> that has been used for the standard is nitrogen dioxide (NO<sub>2</sub>). Thus, the ISA is referred to as the NO<sub>x</sub> ISA while the standard itself is referred to as the NO<sub>2</sub> NAAQS. This ISA is intended to update the scientific assessment presented in the *Integrated Science Assessment for Oxides of Nitrogen—Health Criteria* (EPA 600/R-08/071), published in July 2008. Interested parties are invited to assist the EPA in developing and refining the scientific information base for the review of the NO<sub>2</sub> NAAQS by submitting research studies that have been published, accepted for publication, or presented at a public scientific meeting.

The EPA is also announcing that a workshop entitled "*Kickoff Workshop to Inform EPA's Review of the Primary NO<sub>2</sub> NAAQS*" is being organized by NCEA and the EPA Office of Air and Radiation's Office of Air Quality Planning and Standards (OAQPS). The

workshop will be held February 29 to March 1, 2012, in Research Triangle Park, North Carolina. The workshop will be open to attendance by interested public observers on a first-come, first-served basis up to the limits of available space.

**DATES:** The workshop will be held on February 29 to March 1, 2012. All communications and information submitted in response to the call for information should be received by EPA by March 9, 2012.

**ADDRESSES:** The workshop will be held at U.S. EPA, 109 T.W. Alexander Drive, Research Triangle Park, North Carolina. An EPA contractor, ICF International, is providing logistical support for the workshop. To register, please send an email to:

*EPA NAAQS Workshop@icfi.com* with "NO<sub>x</sub> Kickoff Workshop" in the subject line. The pre-registration deadline is February 17, 2012. Please direct questions regarding workshop registration or logistics to Courtney Skuce at (919) 293-1660, or the email address provided above. For specific questions regarding technical aspects of the workshop see the **FOR FURTHER INFORMATION CONTACT** section of this notice.

Information in response to the call for information may be submitted electronically, by mail, by facsimile, or by hand delivery/courier. Please follow the detailed instructions as provided in the **SUPPLEMENTARY INFORMATION** section of this notice.

**FOR FURTHER INFORMATION CONTACT:** For details on the period for submission of research information from the public, contact the Office of Research and Development (ORD) Docket; telephone: 202-566-1752; facsimile: 202-566-1753; or email: *ORD.Docket@epa.gov*. For technical information, contact Tom Luben, Ph.D., NCEA, telephone: (919) 541-5762; facsimile: (919) 541-2985; or email: *luben.tom@epa.gov* or Scott Jenkins, Ph.D., OAQPS, telephone: (919) 541-1167 or email: *jenkins.scott@epa.gov*.

**SUPPLEMENTARY INFORMATION:**

**I. Information About the Project**

Section 108(a) of the Clean Air Act directs the Administrator to issue "air quality criteria" for certain air pollutants. These air quality criteria are to "accurately reflect the latest scientific knowledge useful in indicating the kind and extent of all identifiable effects on public health or welfare, which may be expected from the presence of such pollutant in the ambient air \* \* \*." Under section 109 of the Act, EPA is then to establish NAAQS for each
