

Fiber Content:

Faux Suede Face: 100% polyester
 Faux Fur Pile Back: 50–80% polyester;
 20–50% acrylic
 Yarn Size:

Faux Suede Face:

Metric: 121.62 Nm to 118.42 Nm
 English: 74D to 76D

Faux Fur Pile Back:

Metric: Acrylic 3600.00 Nm to
 2571.42 Nm, Polyester 2250.00 Nm
 to 1800.00 Nm
 English: Acrylic 2.5D to 3.5D,
 Polyester 4D to 5D

Note: The yarn size designations describe a range of yarn specifications for yarn in its greige condition before dyeing and finishing of the yarn (if applicable) and before knitting, dyeing and finishing of the fabric. They are intended as specifications to be followed by the mill in sourcing yarn used to produce the fabric. Dyeing, finishing, and knitting can alter the characteristic of the yarn as it appears in the finished fabric. This specification therefore includes yarns appearing in the finished fabric as finer or coarser than the designated yarn sizes provided that the variation occurs after processing of the greige yarn and production of the fabric.

Weight:

Metric: 515–575 grams per sq. meter
 after bonding
 English: 15.19–16.96 ounces per sq.
 yard after bonding

Width:

Metric: Full width is 142.24–147.32
 cm, cuttable width is 142.24 cm
 English: Full width is 56–58 inches,
 cuttable width is 56 inches

Weave:

Faux Suede (Face): Woven
 Faux Fur Pile (Back): Knit

Coloration:

Faux Suede (Face): Pieced Dyed
 Faux Fur Pile (Back): Yarn Dyed

Finishing: Bonded (with sponge
 lamination), washed, and tumble
 dried

Kim Glas,

BILLING CODE 3510–DR–P

**COMMODITY FUTURES TRADING
 COMMISSION**
**Notice Requesting Nominations for the
 Subcommittee on Automated and High
 Frequency Trading**

AGENCY: Commodity Futures Trading
 Commission.

ACTION: Notice requesting nominations
 for the Subcommittee on Automated
 and High Frequency Trading within the
 Technology Advisory Committee.

SUMMARY: The Commodity Futures Trading Commission (CFTC or Commission) is calling for nominations to the Subcommittee on Automated and High Frequency Trading (Subcommittee) under the auspices of the Technology Advisory Committee. The Subcommittee was established to develop recommendations regarding the definition of high frequency trading (HFT) in the context of the larger universe of automated trading. The definition of HFT is anticipated to serve as an initial step towards assessing the presence and impact of HFT in CFTC regulated markets for consideration of appropriate policy responses. The Subcommittee will report to the full Technology Advisory Committee. Developing a common definition of HFT and the characteristics of HFT will help inform the public debate as to the impact of such trading on markets under the jurisdiction of the CFTC. Regulators, markets, market participants, and the public will benefit from a common understanding of the activities and entities involved in HFT. All members of the Subcommittee will participate and consider possible criteria for inclusion in the definition of HFT within the context of automated trading systems (ATS) and suggest specific thresholds for each criterion. Nominations are sought for highly qualified representatives from industry, exchanges, academia, international regulatory and/or advisory bodies, groups representing interests or organizations involved in and/or affected by the development, design, and operation of ATS and HFT, and government agencies. Individuals seeking to be nominated to the Subcommittee should possess demonstrable expertise in a related field or represent a stakeholder of interest in the issue. Prospective nominees should be open to participating in an open public-private forum. Members of the Subcommittee will be appointed by a vote of the Commission as in accordance with the Federal Advisory Committee Act (FACA), 5 U.S.C. app. 2, and the charter of Technology Advisory Committee.

DATES: The final deadline for nominations is 14 days from the publication date of this notice.

ADDRESSES: Nominations should be sent to Andrei Kirilenko, Chief Economist, Office of the Chief Economist, U.S. Commodity Futures Trading Commission, 1155 21st Street NW., Washington, DC 20581.

FOR FURTHER INFORMATION CONTACT:
 Andrei Kirilenko, (202) 418–5587; fax:

(202) 418–5660; email:
 akirilenko@cftc.gov.

SUPPLEMENTARY INFORMATION: The Subcommittee will be ongoing and will conduct at least three sessions in the calendar year 2012. The Subcommittee may prepare a series of reports, findings, and/or recommendations to the Technology Advisory Committee. The Technology Advisory Committee will consider submitted materials and determine whether and what recommendations to make to the Commission. Subcommittee participants will not be compensated or reimbursed for travel and per diem expenses. Each nomination submission should include the proposed member's name and organizational affiliation; a brief description of the nominee's qualifications and interest in serving on the Subcommittee; the organization, group, academic body, company or government agency the nominee would represent on the Subcommittee; and the curriculum vitae or resume of the nominee. Self-nominations are acceptable. The following contact information should accompany each submission: The nominee's name, address, phone number, fax number, and email address. There are no capital costs and no operating or maintenance costs associated with this notice.

David A. Stawick,

Secretary of the Commission.

BILLING CODE 6351–01–P

DEPARTMENT OF DEFENSE
Office of the Secretary

[Docket ID DOD–2012–OS–0017]

**Proposed Collection; Comment
 Request**

AGENCY: Defense Logistics Agency, DoD.
ACTION: Notice.

SUMMARY: In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the *Defense Logistics Agency* announces a proposed new public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by April 16, 2012.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Mail:* Federal Docket Management System Office, 4800 Mark Center Drive, East Tower, Suite 02G09, Alexandria VA 22350-3100.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to Defense Logistics Agency Headquarters, Attn: Ms. Beverly Williams, DS-Q, 8725 John J. Kingman Rd., Ft. Belvoir, VA 22060-6221, or call (703) 767-7665.

Title; Associated Form; and OMB Number: Physical Fitness Facility/ Recreation Center Membership and Use Records; OMB Control Number 0704-TBD.

Needs and Uses: To collect facility usage data to prepare monthly metrics and data management reports; to register applicants for classes; to notify users of future events or cancellations in cases of emergency; and to develop workplace wellness programs based on customer needs.

Affected Public: Individuals include those who use DLA-managed Physical Fitness Facilities and Recreation Centers. These include retired military, and families and guests of military and civilian employees, and contractor personnel.

Annual Burden Hours: 333.

Number of Respondents: 1,000.

Responses per Respondent: 1.

Average Burden per Response: 0.33 hours (20 minutes).

Frequency: On occasion.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The information will consist of name, duty number and emergency contact and other facility use data. The data collected will be used to contribute to metric analysis for budget processes and quality of life programming.

Dated: February 9, 2012.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Department of the Army

Notice of Availability for Exclusive, Non-Exclusive, or Partially-Exclusive Licensing of an Invention Concerning a Computer Controlled System for Laser Energy Delivery to the Retina

AGENCY: Department of the Army, DoD.

ACTION: Notice.

SUMMARY: The invention provides a computer controlled system for laser energy delivery to the retina. Information is received from a user interface, wherein the information includes a duration, intensity, and/or wavelength of treatment. Announcement is made of the availability for licensing of the invention set forth in U.S. Patent Application Serial No. 13/130,380, entitled "Computer Controlled System for Laser Energy Delivery to the Retina," filed on May 20, 2011. The United States Government, as represented by the Secretary of the Army, has rights to this invention.

ADDRESSES: Commander, U.S. Army Medical Research and Materiel Command, Attn: Command Judge Advocate, MCMR-JA, 504 Scott Street, Fort Detrick, Frederick, MD 21702-5012.

FOR FURTHER INFORMATION CONTACT: For patent issues, Ms. Elizabeth Arwine, Patent Attorney, (301) 619-7808. For licensing issues, Dr. Paul Mele, Office of Research and Technology Applications (ORTA), (301) 619-6664, both at telefax (301) 619-5034.

SUPPLEMENTARY INFORMATION: The invention relates to laser retina injury hazards in a variety of military settings. Incident reports abound from adversarial cockpit illumination to battlefield laser rangefinders and target designators as well as episodes of laser injury in government laboratories

involved with high energy physics research or other scientific pursuits.

Brenda S. Bowen,

Army Federal Register Liaison Officer.

DEPARTMENT OF EDUCATION

Applications for New Awards; National Institute on Disability and Rehabilitation Research—Disability and Rehabilitation Research Projects and Centers Program, etc.

AGENCY: Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Notice.

Overview Information

National Institute on Disability and Rehabilitation Research (NIDRR)—Disability and Rehabilitation Research Projects and Centers Program—Disability and Rehabilitation Research Project (DRRP)—Center on Knowledge Translation for Disability and Rehabilitation Research (KTDRR Center) Notice inviting applications for new awards for fiscal year (FY) 2012.

Catalog of Federal Domestic Assistance (CFDA) Number: 84.133A-13.

DATES:

Applications Available: February 14, 2012.

Date of Pre-Application Meeting: March 6, 2012.

Deadline for Transmittal of Applications: April 16, 2012.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the Disability and Rehabilitation Research Projects and Centers Program is to plan and conduct research, demonstration projects, training, and related activities, including international activities, to develop methods, procedures, and rehabilitation technology, that maximize the full inclusion and integration into society, employment, independent living, family support, and economic and social self-sufficiency of individuals with disabilities, especially individuals with the most severe disabilities, and to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended (Rehabilitation Act).

Disability and Rehabilitation Research Projects (DRRPs)

The purpose of DRRPs, which are funded under NIDRR's Disability and
