

mandatory storage reporting. Mandatory dairy product storage reporting is the responsibility of NASS, and this final rule makes no changes with respect to mandatory storage reporting.

AMS has made one change in this final rule from the proposed rule. The reporting requirements in § 1170.7(a) have been modified to indicate that reporting entities must report both the total sales dollars and dollars per pound for the applicable products. NASS has required either the total sales dollars or dollars per pound for the applicable products to be reported, and the proposed rule would have continued this requirement without change. However, the requirement to report both the total sales dollars and dollars per pound will provide AMS with a validation check to insure that, in each instance, the total sales dollars reported equals the dollars per pound times the reported quantity. Since this is a de minimus change in reporting burden, it has no effect on the estimated reporting burden for each survey.

storage facility where the sales are made. If a Federal holiday falls on Monday through Wednesday of a particular week, the due date for report submission may be adjusted. Prior to the beginning of each calendar year, AMS shall release, to manufacturers that are required to report, the times and dates that reports are due. For the applicable products, the report shall be submitted by electronic means specified by AMS and shall indicate the name, address, plant location(s), quantities sold, total sales dollars, dollars per pound, and the moisture content where applicable. Each sale shall be reported for the time period when the transaction is completed, i.e. the product is “shipped out” and title transfer occurs. Each sale shall be reported either f.o.b. plant if the product is “shipped out” from the plant or f.o.b. storage facility location if the product is “shipped out” from a storage facility. In calculating the total dollars received and dollars per pound, the reporting entity shall neither add transportation charges incurred at the time the product is “shipped out” or after the product is “shipped out” nor deduct transportation charges incurred before the product is “shipped out.” In calculating the total dollars received and dollars per pound, the reporting entity shall not deduct brokerage fees or clearing charges paid by the manufacturer.

(b) Manufacturers or other persons storing dairy products are required to report, on a monthly basis, stocks of dairy products (as defined in § 1170.4) on hand, on the appropriate forms supplied by the National Agricultural Statistic Service. 12 CFR Part 1003

[Docket No. CFPB–2011–0020]

RIN 3170–AA06

Home Mortgage Disclosure (Regulation C)

AGENCY: Bureau of Consumer Financial Protection.

ACTION: Final rule; official commentary.

SUMMARY: The Bureau of Consumer Financial Protection (Bureau) is publishing a final rule amending the official commentary that interprets the requirements of Regulation C (Home Mortgage Disclosure) to reflect a change in the asset-size exemption threshold for depository institutions based on the annual percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI–W). The exemption threshold has been adjusted to increase to \$41 million from \$40 million. The adjustment is based on the 3.43 percent increase in the average of the CPI–W for the twelve-month period ending in November 2011. Therefore, depository institutions with assets of \$41 million or less as of December 31, 2011 are exempt from collecting data in 2012.

DATES: Effective February 15, 2012.

FOR FURTHER INFORMATION CONTACT: Jennifer Diamantis, Senior Counsel, Office of Regulations, at (202) 435–7700.

SUPPLEMENTARY INFORMATION: The Home Mortgage Disclosure Act of 1975, as amended (HMDA; 12 U.S.C. 2801 *et seq.*) requires most mortgage lenders located in metropolitan areas to collect data about their housing-related lending activity. Annually, lenders must report those data to the appropriate federal agencies and make the data available to the public. The Bureau’s Regulation C, 12 CFR part 1003, implements HMDA.

Prior to 1997, HMDA exempted depository institutions with assets

totaling \$10 million or less, as of the preceding year-end. Provisions of the Economic Growth and Regulatory Paperwork Reduction Act of 1996, 12 U.S.C. 2808(b), amended HMDA to expand the asset-size exemption for depository institutions. The statutory amendment increased the dollar amount of the asset-size exemption threshold by requiring a one-time adjustment of the \$10 million figure based on the percentage by which the CPI-W for 1996 exceeded the CPI-W for 1975, and it provided for annual adjustments thereafter based on the annual percentage increase in the CPI-W, rounded to the nearest multiple of one million dollars.

The definition of “financial institution” in Regulation C provides that the Bureau will adjust the asset threshold based on the year-to-year change in the average of the CPI-W, not seasonally adjusted, for each twelve month period ending in November, rounded to the nearest million. 12 CFR 1003.2. For 2011, the threshold was \$40 million. During the twelve-month period ending in November 2011, the CPI-W increased by 3.43 percent. As a result, the exemption threshold is increased to \$41 million. Thus, depository institutions with assets of \$41 million or less as of December 31, 2011 are exempt from collecting data in 2012. An institution’s exemption from collecting data in 2012 does not affect its responsibility to report data it was required to collect in 2011.

Final Rule

Under the Administrative Procedure Act, notice and opportunity for public comment are not required if the Bureau finds that notice and public comment are impracticable, unnecessary, or contrary to the public interest. 5 U.S.C. 553(b)(B). Comment 2(Financial institution)-2 is amended to update the exemption threshold. The amendment in this notice is technical and non-discretionary, and it merely applies the formula established by Regulation C for determining any adjustments to the exemption threshold. For these reasons, the Bureau has determined that publishing a notice of proposed rulemaking and providing opportunity for public comment are unnecessary. Therefore, the amendment is adopted in final form.

Airworthiness Directives; Eurocopter Deutschland Model EC135 Helicopters

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: We are adopting a new airworthiness directive (AD) for Eurocopter Deutschland (ECD) Model EC135 helicopters. This AD results from

a mandatory continuing airworthiness information (MCAI) AD issued by the aviation authority of the Federal Republic of Germany, with which we have a bilateral agreement, to identify and correct an unsafe condition. The MCAI AD states that in the past, the FADEC FAIL caution light illuminated on a few EC135 T1 helicopters. It states that this was caused by a discrepancy in the parameters that was generated within the fuel main metering unit and transmitted to the FADEC. This discrepancy led to the display of the FADEC FAIL caution light and “freezing” of the fuel main metering valve at its position, resulting in loss of the automatic engine control in the affected system. With the MCAI AD, a synchronization procedure for pilots, which was already used in the past, is being reintroduced, which prevents the parameter discrepancy arising and thus sustains the automatic engine control.

The AD actions are intended to prevent failure of the FADEC to automatically meter fuel, indicated by a FADEC FAIL cockpit caution light, and subsequent loss of control of the helicopter.
