

August 2009 through August 2011, with the majority (89%) occurring in the West region. Of these calls, 1888 calls were listed as either "initial" or "intake" with 3098 listed as "follow-up," and 123 calls were not coded for contact type. Thirty-five percent (35%) of callers reported themselves as the sponsor, 62% reported as a dependent, and 3% did not report relationship. These results indicate the demonstration has not been utilized to the extent anticipated. At a cost of approximately \$3 million annually across all three TRICARE regions, the demonstration's goal of improving beneficiary access to behavioral health care by incorporating Web-based video technology has not been realized and thus not viable from a financial perspective.

The termination of TRIAP in March 2012 will not cause a void in the availability of non-medical counseling services for Service members and their families. Military OneSource (MOS) offers a robust and popular Employee Assistance Program model of non-medical counseling service to provide Service members and their families in both the continental United States and overseas with an avenue for private, non-reportable discussion of personal life issues. Issues such as family difficulties and pressures, crisis intervention, anxiety, self-esteem, loneliness, and critical life decisions can be discussed on a one-to-one basis in the context of a confidential relationship with a professional counselor. Telephonic or face-to-face counseling is available 24/7 by contacting the MOS 1-800 call center who maintains a National Network of trained, experienced, and credentialed counselors. In addition, MOS is currently pursuing integration of video technology and software capability such as Skype or iChat to their non-medical counseling service by early 2012. By terminating the TRIAP Demonstration and integrating video technology into the MOS non-medical counseling service, the Department is responsibly managing costs, streamlining and eliminating duplication of services, and making it easier for Service members and their families to find assistance through one convenient toll free number.

The TRICARE Management Activity will work with MOS to develop a communication plan and ensure a seamless transition of Web-based video counseling from TRICARE to MOS.

#### SUPPLEMENTARY INFORMATION:

##### Summary of Information Collection

The Department of Defense Form 1870, Nomination for Appointment to the United States Military Academy, Naval Academy and Air Force Academy, is used solely by legal nominating authorities who by Federal law are entitled to make appointments to the three service military academies. The nomination form allows for nominating authorities to select by checking one box as to which academy is being provided with the name of a nomination to be processed. Eligibility information concerning the nominees is information that is also included on the form. The nominating authority identifies himself/herself and must date and sign the form to make it a legally acceptable form. The form includes the three addresses of the service academies in order that the form may be submitted to the proper academy. The form is currently used, full time, by only the United States Military Academy. The United States Air Force Academy uses the form only in rare cases totally no more that 100 forms each year. The United States Naval Academy does not use the form. The reason for this is the United States Naval Academy and the United States Air Force Academy now employ an on-line nomination submissions program in lieu of the DD

Form 1870. We expect the United States Military Academy will employ the on-line nomination submissions program beginning in the Fall of CY 2008.
