

### Additional Request for Comment

Although no changes are being proposed to the submission due dates for the FR Y-14Q data, the Federal Reserve is soliciting feedback as to whether the quarterly submission schedule, which mirrors the FR Y-9 submission schedule, is problematic for institutions. The Federal Reserve specifically requests feedback as to whether additional time would be helpful, and if so, how many days.

#### Respondent Panel Revisions

As mentioned above, the Capital Plan rule, which contains the authority for these reporting requirements, applies to large BHCs. As of September 30, 2011, there were approximately 34 large BHCs; however, at this time, only 30 are required to report. The asset threshold of \$50 billion is consistent with the threshold established by section 165 of the Dodd-Frank Act relating to enhanced supervision and prudential standards for certain BHCs. Therefore, the Federal Reserve proposes to expand the scope of the respondent panel required to complete the reporting schedules and worksheets to include all BHCs subject to the Capital Plan rule, except for SR 01-01 firms.<sup>8</sup>
