

and substantive public comments. No changes were made to the alternatives or to the impact analysis presented in the Draft GMP/EIS. Therefore, Action Alternative 5 remained as the NPS Preferred Alternative and the environmentally preferred alternative.

Why NPS Selected Alternative 5

We selected Alternative 5 because it best fulfills the purposes of the park and conveys the greatest number of beneficial results in comparison with the other alternatives. The selected alternative:

- Results in major beneficial impacts to natural and scenic resources, primarily as a result of managing large areas of the park as unfragmented backcountry forest.
- Addresses the long-term preservation needs of the park's cultural resources and, through the park's leasing program, provides an income stream for their long-term maintenance.
- Emphasizes primitive recreational experiences throughout the park and along the new through-park connector by linking portions of scenic roads and trails along the length of the park. In the long term, we will develop additional segments of trail limited to hiking/biking only to create a through park trail. New facilities will expand visitor opportunities in the vicinity of river gateway communities and in focal areas.
- Addresses the majority of visitor use issues and provides the greatest direct and indirect economic impact in terms of jobs, earnings, NPS spending, and visitor spending. More aggressive partnering with gateway communities will better enhance relevance of the park to local visitors and better enable us to respond to concerns of local residents about how the park is managed.

The Abbreviated Final GMP/EIS and the Draft GMP/EIS constitute the principal documentation upon which this Record of Decision is based.

Dated: February 10, 2012.

Office of Surface Mining Reclamation and Enforcement

Notice of Proposed Information Collection

AGENCY: Office of Surface Mining Reclamation and Enforcement.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing its intention to request renewed approval for the collection of information associated with bond and insurance requirements for surface coal mining and reclamation operations under regulatory programs.

DATES: Comments on the proposed information collection activity must be received by May 1, 2012, to be assured of consideration.

ADDRESSES: Comments may be mailed to John Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave, NW., Room 203–SIB, Washington, DC 20240. Comments may also be submitted electronically to jtrelease@osmre.gov.

FOR FURTHER INFORMATION CONTACT: To receive a copy of the information collection request, explanatory information and related forms contact John Trelease, at (202) 208–2783 or via email at jtrelease@osmre.gov.

SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104–13), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. This notice identifies an information collection that OSM will be submitting to OMB for approval. This collection is contained in 30 CFR part 800—Bond and insurance requirements for surface coal mining and reclamation operations under regulatory programs. OSM will request a 3-year term of approval for each information collection activity.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the
