DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Pacific Islands Region Seabird-Fisheries Interaction Recovery Reporting.

OMB Control Number: 0648-0456.

Form Number(s): NA.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 1.

Average Hours per Response: 1 hour.

Burden Hours: 3.

Needs and Uses: This request is for extension of a currently approved information collection.

The National Marine Fisheries Service (NMFS) requires longline vessel operators to notify NMFS in the event an endangered short-tailed albatross is hooked or entangled during fishing operations. Following the retrieval of the seabird from the ocean, as required by Federal regulations at 50 CFR 665.815, the vessel captain must record the condition of the injured short-tailed albatross on a recovery data form. The information will be used by a veterinarian in providing advice to the captain caring for the short-tailed albatross. If the albatross is dead, the captain must attach an identification tag to the carcass to assist the United States Fish and Wildlife Service (USFWS) biologists in follow-up studies on the specimen. This collection is one of the terms and conditions contained in the biological opinion issued by USFWS, and is intended to maximize the probability of the long-term survival of short-tailed albatross accidentally taken by longline gear.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to

OIRA_Submission@omb.eop.gov.

Dated: February 29, 2012.

Gwellnar Banks,

*Management Analyst, Office of the Chief
Information Officer.*

U.S. Census Bureau

Proposed Information Collection; Comment Request; Quarterly Services Survey

AGENCY: U.S. Census Bureau,
Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: To ensure consideration, written comments must be submitted on or before May 4, 2012.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Roderick Asekhauno, U.S. Census Bureau, 8K168A, Washington, DC 20233-6500, 301-763-2154, or Roderick.I.Asekhauno@census.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Quarterly Services Survey (QSS) covers employer firms with establishments located in the United States and classified in select service industries as defined by the North American Industry Classification System (NAICS). The QSS coverage currently includes all or parts of the following NAICS sectors: Utilities (excluding government owned); transportation and warehousing (except rail transportation and postal) services; information; finance and insurance (except funds, trusts, and other financial vehicles); real estate and rental and leasing; professional, scientific, and technical services; administrative and support and waste management and remediation services; educational services (except elementary and secondary schools, junior colleges, and colleges, universities, and professional schools); health care and social assistance; arts, entertainment, and recreation; and other services (except public administration). The primary estimates produced from the QSS are quarterly estimates of total operating revenue and the percentage of revenue by source. The survey also produces estimates of total operating expenses from tax-exempt firms in industries that have a large not-for-profit component. In addition, for hospitals, the survey produces estimates of the number of inpatient days and discharges and for

select industries in arts, entertainment, and recreation sector, the survey produces estimates of admissions revenue. Beginning in March 2013, with the introduction of a new QSS sample, the QSS will also provide estimates of revenue for the accommodation subsector and estimates for interest income, loan fees, fees and commissions, financial planning and investment management, and net gains and losses from brokering for select finance and insurance industries.

Firms are selected for this survey using a stratified design with strata defined by industry, tax status, and estimated size based on annual revenue. The sample consists of approximately 18,000 firms and consists of a subsample of firms from the larger Service Annual Survey. Each quarter the QSS sample is updated to reflect the addition of new businesses and the removal of firms that have gone out-of-business.

The Bureau of Economic Analysis uses the survey results as input to its quarterly Gross Domestic Product (GDP) and GDP by industry estimates. The estimates provide the Federal Reserve Board and Council of Economic advisors with timely information to assess current economic performance. The Centers for Medicare and Medicaid Services use the QSS estimates to develop hospital-spending estimates for the National Accounts. Other government and private stakeholders also benefit from a better understanding of important cyclical components of our economy.
