L. 104-13, 44 U.S.C. Chapter 35) and 5 CFR 1320.13.

FOR FURTHER INFORMATION CONTACT: Michel Smyth by telephone at 202-693-4129 (this is not a toll-free number) or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The ETA seeks approval to collect individual applicant data for the Veterans Retraining Assistance Program (VRAP) as part of the VOW to Hire Heroes Act of 2011 (Pub. L. 112-56), which was signed into law on November 21, 2011. This benefit directs the Department of Veterans Affairs (VA), in cooperation with the DOL, to pay for up to 12 months of a training program in a high demand occupation for unemployed eligible veterans. The program is to

serve up to 45,000 veterans in fiscal year 2012, beginning July 1, 2012, and up to 54,000 veterans from October 1, 2012, through March 31, 2014.

The VRAP provides the benefit to veterans who fulfill the following eligibility criteria: As of date of application, is at least 35 years old and less than 60; discharged from active duty under conditions other than dishonorable; is unemployed as of date of application; is not eligible to receive other educational assistance from the VA; is not in receipt of compensation for a service-connected disability rated totally disabling by reason of unemployability; was not and is not enrolled in any Federal or State job training program within the previous 180 days; and, the application must be submitted not later than October 1, 2013.

The VA is responsible for determining the following eligibility criteria: Discharged from active duty under conditions other than dishonorable; is not eligible to receive other educational assistance from the VA; is not in receipt of compensation for a service-connected disability rated totally disabling by reason of unemployability. The VA will be collecting information required for their eligibility criteria through the "Application for VA Educational Benefits" (OMB Control Number 2900-0154, VA Form 22-1990). The DOL is required to determine whether each veteran applying for the program is between 35 and 60 years old, is unemployed as of the date of the application, has not and is not enrolled in a Federal or state job training program within 180 days of the application, and has applied for the program no later than October 1, 2013. The DOL does not currently have an approved OMB information collection for determining eligibility under the statute. The DOL is proposing to determine its eligibility requirements by collecting individual applicant data. The data will be linked to the VA's Veterans On-line Application (VONAPP, VA Form 22-1990) to complete the application. The VA will transmit a report to the DOL about the completion status of the veterans, so that the DOL can make contact with the veteran to offer employment services.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of

law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

The ETA seeks OMB approval under the PRA emergency clearance process for the individual applicant data collection, because the VRAP program has a required start date of July 1, 2012. The application system must be in place well before the program start date in order to provide program outreach to veterans and technical assistance to DOL grantees. This requires an expedited process for building a system for collecting individual data that has the capacity to serve up to 45,000 veterans between July 1, 2012 and September 30, 2012. Failure to be able to collect individual data would jeopardize the ability for applicants to complete an application in time to begin educational services by the statutory start date of July 1, 2012. The application collects eligibility information required by the statute. Inability to collect individual applicant information will also jeopardize the ability of the DOL to offer employment services the statute requires.

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section by March 16, 2012. In order to help ensure appropriate consideration, comments should mention OMB ICR Reference Number 201202-1205-005. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

RR Donnelley, Inc., Including On-Site Leased Workers From Manpower and Kelly Services, Bloomsburg, PA; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated February 25, 2012, the petitioners requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of RR Donnelley, Inc., including on-site leased workers from Manpower and Kelly Services, Bloomsburg, Pennsylvania (subject firm). The Department's Notice of determination was issued on February 3, 2012 and published in the **Federal Register** on February 21, 2012 (77 FR 9973).

The workers engage in activities related to the production of hard and soft cover books. The initial determination was based on the findings that worker separations were not attributable to increased imports by the subject firm or its declining customers of articles like or directly competitive with hard and soft cover books or a shift to/acquisition from a foreign country by the workers' firm in the production of articles like or directly competitive with hard and soft cover books.

In the request for reconsideration, the petitioners supplied new information regarding the subject firm's operations overseas and possible import competition.

The Department of Labor has carefully reviewed the request for reconsideration and the existing record, and has determined that the Department will conduct further investigation to determine if the workers meet the eligibility requirements to apply for TAA.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 1st day of March, 2012.

Certifying Officer, Office of Trade Adjustment Assistance.

Plumchoice, Inc., Including On-Site Leased Workers From Balance Staffing, Insight Global Staffing, and Technisource, Scarborough, ME; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on February 3, 2012, applicable to workers of PlumChoice, Inc., including on-site leased workers from Balance Staffing, Insight Global Staffing, and Technisource, Scarborough, Maine. The workers are engaged in activities related to sales and technical support services. The notice was published in the **Federal Register** on February 21, 2012 (76 FR 9971).

At the request of the Maine State agency, the Department reviewed the certification for workers of the subject firm. New information from the company shows that workers leased from Technisource were employed on-site at the Scarborough, Maine location of PlumChoice, Inc. The Department has determined that these workers were sufficiently under the control of

PlumChoice, Inc. to be considered leased workers.

The intent of the Department's certification is to include all workers of the subject firm who were adversely affected by increased customer imports of sales and technical support services.

Based on these findings, the Department is amending this certification to include workers leased from Technisource working on-site at the Scarborough, Maine location of the subject firm.

The amended notice applicable to TA–W–81,114 is hereby issued as follows:

"All workers from PlumChoice, Inc., including on-site leased workers from Balance Staffing, Insight Global Staffing, and Technisource, Scarborough, Maine, who became totally or partially separated from employment on or after February 13, 2010, through February 3, 2014, and all workers in the group threatened with total or partial separation from employment on date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended."

Signed at Washington, DC this 28th day of February 2012.
