Notice of Lodging of Second Consent Decree Under the Clean Air Act

Notice is hereby given that on March 6, 2012, a proposed Second Consent Decree in *United States and the State of Kansas v. Coffeyville Resources Refining & Marketing, LLC et. al.*, 04-cv-01064 (D. Kan. 2004), was lodged with the United States Court for the District of Kansas.

On June 13, 2004, the Court entered a Consent Decree in this action (Docket No. 8) that required Defendant Coffeyville Resources Refining & Marketing, L.L.C. ("CRRM") to install certain air pollution controls to reduce

emissions of oxides, sulfur dioxide and particulate matter at its oil refinery located in Coffeyville, Kansas. Under the proposed Second Consent Decree the United States and State grant CRRM an extension on installation of some of these controls. And CRRM has agreed to implement new and upgraded pollution controls; to comply with more stringent emission limits, and to follow more aggressive leak-detection and repair practices. These measures will reduce CRRM's emission of various nitrogen oxides (NOx), sulfur dioxide (SO₂), volatile organic compounds, particulate matter, carbon monoxide, and other pollutants that affect air quality. CRRM will also pay approximately \$970,000 in civil penalties under the Clean Air Act, the Comprehensive Environmental Response, Compensation, and Liability Act, and the Emergency Planning and Community Right-to-Know Act.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Second Consent Decree.
