

Services Program (Adult), and approximately \$8,138 of these funds is available for the Supplemental (Youth) Services Program. The SGA contains the procedures by which the Department will select and designate the WIA section 166 grantees for PY 2012 and 2013 (July 1, 2012 through June 30, 2014).

As a general matter, the Department is required to select grantees, on a competitive basis, every two years. However, the Secretary of Labor (the Secretary) has the authority (WIA section 166(c)(2)) to waive the requirement for competition where current grantees are performing satisfactorily. Further, based on our observance of the principles of self-determination embodied in section 102 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450a), as implemented by 20 CFR 668.120, entities that have legal jurisdiction over their requested geographic service areas receive the highest priority for designation (20 CFR 668.210(a)). Such tribal entities will be awarded the grants for their geographic service areas without competition provided that they are found responsible to manage federal funds and meet all other designation requirements.
