

review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

The 1998 Public Housing Reform Act allowed the Mixed-Finance development of public housing units. This meant that Public Housing Authorities (PHAs) could create public housing projects using public housing grant or capital funds and non-HUD sources of funds, subject to HUD's approval. This Information Collection pertains to the information that HUD collects to perform due diligence in order to approve the mixed-finance development of public housing prior to a financial closing and the start of construction or rehabilitation activities. Applicants describe ownership, the type, size, and number of units, construction schedule, construction and permanent financing, property management, how public housing operating subsidy will be provided to the project and other operation plans. New developments may be made up of a variety of housing types: rental, homeownership, private, subsidized, and public housing. These new communities are built for residents with a wide range of incomes, and are designed to fit into the surrounding community.

### Notice of Submission of Proposed Information Collection to OMB Single Family Premium Collection Subsystem-Periodic (SFPCS-P)

**AGENCY:** Office of the Chief Information Officer, HUD.

**ACTION:** Notice.

**SUMMARY:** The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

The Single Family Premium Collection Subsystem-Periodic (SFPCS-P) allows the lenders to remit the Periodic Mortgage Insurance Premiums using funds obtained from the mortgagor during the collection of the monthly mortgage payment. The SFPCS-P strengthens HUD's ability to manage and process periodic single-family mortgage insurance premium collections and corrections to submitted data. It also improves data integrity for the Single Family Mortgage Insurance Program. Therefore, the FHA approved lenders use Automated Clearing House (ACH) application for all transmissions with SFPCS-P. The authority for this collection of information is specified in 24 CFR 203.264 and 24 CFR 203.269. In general, the lenders use the ACH application to remit the periodic premium payments through SFPCS-P for the required FHA insured cases and to comply with the Credit Reform Act.
