DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice of Final Federal Agency Actions on Proposed Transportation Improvements in Utah

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by FHWA and Other Federal Agencies.

SUMMARY: This notice announces actions taken by the FHWA and other Federal agencies that are final within the meaning of 23 U.S.C. 139(l)(1). The actions relate to the proposed interchange and roadway improvement project (Bangerter 600 West Project) in Draper, Salt Lake County in the State of Utah. These actions grant licenses, permits, and approvals for the project.

DATES: By this notice, the FHWA is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before September 22, 2012. If the Federal law that authorizes judicial review of a claim provides a time period of less than 180 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: For FHWA: Mr. Edward Woolford, Environmental Program Manager, Federal Highway Administration, 2520 West 4700 South, Suite 9A, Salt Lake City, Utah 84129; telephone: (801) 955–3500; email: Edward.Woolford@dot.gov. The FHWA Utah Division Office's normal business hours are 7:35 a.m. to 4:30 p.m. (Mountain Standard Time).

SUPPLEMENTARY INFORMATION: Notice is hereby given that the FHWA and other Federal agencies have taken final agency actions by issuing licenses, permits, and approvals for the following highway project in the State of Utah: The Bangerter 600 West Project in Draper, Salt Lake County, Utah, project number FHWA–UT–EIS–11–01–F. Federal Lead Agency: Federal Highway Administration. Project Description: The project consists of improvements to Bangerter Highway between Interstate 15 (I–15) and the Union Pacific Railroad (UPRR) line at about 900 West in the city of Draper in Salt Lake County. The Selected Alternative (600 West Interchange with Right Turns Only at 200 West Alternative (Alternative 4F)) implements a transportation project consisting of: (1) A new interchange on Bangerter Highway at about 600 West; (2) eliminates the signals from the

intersection at 200 West; (3) allows only right turns at the 200 West intersection. Left turns would not be permitted; (4) adds an additional west travel lane on Bangerter Highway between I–15 and the 600 West interchange; (5) adds an additional lane on the southbound I–15 off ramp; (6) adds a dedicated right-turn lane on westbound Bangerter Highway between I–15 and 200 West; (7) adds an acceleration lane from 200 West onto westbound Bangerter Highway to 600 West; (8) builds a connecting five-lane arterial from the 600 West interchange to the intersection of 13490 South and 200 West; (9) builds a connecting five-lane arterial to tie into 13800 South; (10) makes improvements to the 13490 South/200 West intersection to improve traffic flow. This would include providing double left-turn lanes from eastbound 13490 South to northbound 200 West; (11) relocates the Jordan and Salt Lake City Canal or place it in a pipe; (12) relocates utilities (fiber optic and drainage features) along Bangerter Highway; (13) includes stormwater drainage and passive water quality treatment.

The actions by the FHWA and other Federal agencies, and the laws under which such actions were taken, are described in the Final Environmental Impact Statement (FEIS) for the project, approved on November 18, 2011, in the FHWA Record of Decision (ROD) issued on March 7, 2012, and other key documents. The FEIS and ROD are available by contacting FHWA at the address provided above. The FHWA FEIS and ROD can be viewed and downloaded from the project Web site at <http://www.udot.utah.gov/bangerter600west/>, or viewed at public libraries in the project area.

This notice applies to all Federal agency decisions on the project as of the issuance date of this notice and all laws under which such actions were taken, including but not limited to:

1. *General*: National Environmental Policy Act (NEPA) [42 U.S.C. 4321–4347]; Federal-Aid Highway Act [23 U.S.C. 109];

2. *Air*: Clean Air Act [42 U.S.C. 7401–7671(q)];

3. *Land*: Section 4(f) of the Department of Transportation Act of 1966 [49 U.S.C. 303];

4. *Wildlife*: Endangered Species Act [16 U.S.C. 1531–1544]; Migratory Bird Treaty Act [16 U.S.C. 703–712];

5. *Historic and Cultural Resources*: Section 106 of the National Historic Preservation Act of 1966, as amended [16 U.S.C. 470f.];

6. *Social and Economic*: Civil Rights Act of 1964 [42 U.S.C. 2000(d)–

2000(d)(1)]; Farmland Protection Policy Act (FPPA) [7 U.S.C. 4201–4209];

7. *Wetlands and Water Resources*: Clean Water Act, 33 U.S.C. 1251–1377 [Section 404, Section 401, Section 319]; Safe Drinking Water Act [42 U.S.C. 300f et seq.]; TEA–21 Wetlands Mitigation [23 U.S.C. 103(b)(6)(m), 133(b)(11)]; Flood Disaster Protection Act [42 U.S.C. 4001–129].

Executive Orders: E.O. 11990, Protection of Wetlands; E.O. 11988, Floodplain Management; E.O. 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low Income Populations; E.O. 13175, Consultation and Coordination with Indian Tribal Governments; E.O. 13112, Invasive Species. Nothing in this notice creates a cause of action under these Executive Orders.

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

[Docket No. FTA–2012–0006]

Notice of Proposed Buy America Waivers

AGENCY: Federal Transit Administration (FTA), DOT.

ACTION: Notice of proposed Buy America waiver and request for comment.

SUMMARY: The purpose of this notice is to solicit comment a request from Allison Transmission, Inc. to renew a waiver for its hybrid electric propulsion system, Energy Storage Unit subsystem H 49.40 EPSystem, until December 31, 2013 so they may complete their ongoing process to secure a domestic supplier of Lithium Ion batteries. FTA seeks public comment before deciding whether to grant Allison's request.

DATES: Comments must be received by April 2, 2012. Late filed comments will be considered to the extent practicable.

ADDRESSES: Please submit your comments by only one of the following means, identifying your submissions by docket number FTA–2012–0006. All

electronic submissions must be made to the U.S. Government electronic site at www.regulations.gov. Commenters should follow the instructions below for mailed and hand delivered comments.

(1) *Web site:* www.regulations.gov. Follow the instructions for submitting comments on the U.S. Government electronic docket site;

(2) *Fax:* (202) 493–2251;

(3) *Mail:* U.S. Department of Transportation, 1200 New Jersey Avenue SE, Docket Operations, M–30, Room W12–140, Washington, DC 20590–0001.

(4) *Hand Delivery:* Room W12–140 on the first floor of the West Building, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Instructions: All submissions must make reference to the “Federal Transit Administration” and include docket number FTA–2012–0006. Due to security procedures in effect since October 2001, mail received through the U.S. Postal Service may be subject to delays. Parties making submissions responsive to this notice should consider using an express mail firm to ensure the prompt filing of any submissions not filed electronically or by hand. Note that all submissions received, including any personal information therein, will be posted without change or alteration to www.regulations.gov. For More information, you may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477), or visit www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Jayne L. Blakesley at (202) 366–0304 or jayne.blakesley@dot.gov.

SUPPLEMENTARY INFORMATION: The purpose of this notice is to seek public comment on whether the Federal Transit Administration (FTA) should waive its Buy America requirements of 49 U.S.C. 5323(j), as implemented at 49 CFR Part 661, until December 31, 2013, for an Energy Storage Unit (ESU) manufactured by Allison Transmission, Inc. (Allison). The purpose of the waiver is to allow Allison until December 2013 to complete its ongoing process to secure and qualify a domestic supplier of Lithium Ion batteries.

The ESU is one of five subsystems of Allison's hybrid-electric propulsion system known as the H 40/50 EP System. The ESU supplies and stores energy for the H 40/50 EP System during normal motor-generator operation and during regenerative braking. The ESU is a packaged

subsystem comprised of proprietary batteries, a battery management system, thermal management equipment and containment. It is manufactured to Allison's specifications and is functionally critical and specific to the H 40/50 EP System. The company currently procures the ESU completely assembled from a supplier that cannot comply with FTA's Buy America requirements.

With few exceptions, FTA's Buy America rules require that all steel, iron and manufactured goods used in FTA-funded projects be produced in the United States. One exception to Buy America is non-availability—that in some instances certain steel, iron, and manufactured goods are not produced in the United States in sufficient and reasonably available quantities or are not of a satisfactory quality. When this is the case, FTA may waive its Buy America requirements and allow the use of foreign-produced goods in an FTA-funded project.

On April 3, 2009, FTA granted a limited non-availability waiver to Allison. The waiver allowed Allison to produce its ESU outside the United States. While the waiver was in effect, FTA instructed Allison to identify and qualify a domestic manufacturer capable of producing ESUs for Allison's H 40/50 EP System. The waiver expired and, despite its best efforts, Allison has not identified and qualified a U.S. manufacturer.

Allison asked FTA to renew and extend the waiver until December 31, 2013, to allow it to complete the qualification process. According to Allison, since the issuance of the 2009 waiver, Allison has utilized competitive assessments, technical reviews, and independent market studies with U.S. based Lithium Ion suppliers. The company compared its current Nickel Metal Hydride (NiMH) batteries with Lithium Ion and determined Lithium Ion was appropriate for transit bus applications. In addition, Allison is changing from NiMH to Lithium Ion because no NiMH supplier is producing within the U.S. to meet Allison's requirements (design, reliability, quality, pricing, etc). Most domestic suppliers who expressed interest in starting production of the ESU subsystem quoted Lithium Ion technologies. Five companies have started or are starting cell production in the United States. Five additional companies are starting pack production in the United States.

After contacting and surveying a number of potential suppliers, Allison has chosen a domestic supplier. The selection and approval of this supplier
