#### IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

Section 19(b) of the Act<sup>3</sup> directs the Commission to approve a proposed rule change of a self-regulatory organization if it finds that such proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to such organization. The Commission finds that the proposed rule change is consistent with the requirements of the Act, in particular with the requirements of Section 17A of the Act,<sup>4</sup> and the rules and regulations thereunder applicable to CME. Specifically, the Commission finds that the proposed rule change is consistent with Section 17A(b)(3)(F) of the Act which requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of derivative agreements, contracts, and transactions because it should allow CME to enhance its services in clearing IRS and Interest Rate Futures products, thereby promoting the prompt and accurate clearance and settlement of derivative

agreements, contracts, and transactions.<sup>5</sup>

In its filing, CME requested that the Commission approve this proposed rule change on an accelerated basis. CME has articulated three reasons for granting approval on an accelerated basis. One, the products covered by this filing and CME's operations as a derivatives clearing organization for such products, are regulated by the CFTC under the CEA. Two, the proposed rule change relates solely to IRS and Interest Rate Futures products and therefore relate solely to CME's swaps clearing activities and do not significantly relate to CME's functions as a clearing agency for security-based swaps. Three, not approving this request on an accelerated basis will have a significant impact on the swap clearing business of CME as a designated clearing organization.

The Commission finds good cause for granting approval of the proposed rule change before the thirtieth day after publication of the notice of its filing because: (i) The proposed rule change does not significantly affect any securities clearing operations of the clearing agency (whether in existence or contemplated by its rules) or any related rights or obligations of the clearing agency or persons using such service; (ii) the clearing agency has indicated that not providing accelerated approval would have a significant impact on its IRS clearing business as a designated clearing organization; and (iii) the activity relating to the non-security clearing operations of the clearing agency for which the clearing agency is seeking approval is subject to regulation by another federal regulator.

#### V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (SR-CME-2012-05) is approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>6</sup>

Kevin M. O'Neill,  
Deputy Secretary.

included **Federal Register** references for three prior cumulative AR listing notices.

SSA believes this publication will assist individuals in finding ARs.

The CFR may not state the circuitwide standard in effect when SSA has determined that the holding in a decision of a United States Court of Appeals is at variance with SSA's national interpretation.
