ACTION: Request for Nominations and Applications.

SUMMARY: The Electronic Tax Administration Advisory Committee (ETAAC) was established to provide continued input into the development and implementation of the Internal Revenue Service (IRS) strategy for electronic tax administration. The ETAAC provides an organized public forum for discussion of electronic tax administration issues in support of the overriding goal that paperless filing should be the preferred and most convenient method of filing tax and information returns. ETAAC members convey the public's perception of IRS electronic tax administration activities, offer constructive observations about current or proposed policies, programs, and procedures, and suggest improvements. Members of the ETAAC may not be federally registered lobbyists. This document seeks applicants for selection as committee members.

The Director, Return Preparer Office (RPO) will assure that the size and organizational representation of the ETAAC obtains balanced membership and includes representatives from various groups including: (1) Tax practitioners and preparers, (2) transmitters of electronic returns, (3) tax software developers, (4) large and small business, (5) employers and payroll service providers, (6) individual taxpayers, (7) financial industry (payers, payment options and best practices), (8) system integrators (technology providers), (9) academic (marketing, sales or technical perspectives), (10) trusts and estates, (11) tax exempt organizations, and (12) state and local governments. We are soliciting applicants from professional and public interest groups. Members will serve a three-year term on the ETAAC to allow for a rotation in membership which ensures that different perspectives are represented. This activity is based on the authority to administer the Internal Revenue laws conferred upon the Secretary of the Treasury by section 7801 of the Internal Revenue Code and delegated to the Commissioner of the Internal Revenue under section 7803 of the Internal Revenue Code. The ETAAC will research, analyze, consider, and make recommendations on a wide range of electronic tax administration issues and will provide input into the development of the strategic plan for electronic tax administration.
