

collected data will not be linked to the respondent and contact information that is used for sampling purposes will be maintained in a separate file from the quantitative data. Respondents are not required to provide any identifying information such as their name, address, or Social Security Number. In order to access and complete the online survey, respondents will need to use the username, password, and survey ID number provided by the USPTO.

II. Method of Collection

By mail or electronically over the Internet if respondents choose to complete the survey online.

III. Data

OMB Number: 0651-0057.

Form Number(s): No form numbers.

Type of Review: Extension of a currently approved collection.
Affected Public: Individuals or households; businesses or other for-profits; and non-profit institutions.
Estimated Number of Respondents: 2,500 responses per year, with an estimated 75 submitted by small entities. Out of a sample size of 2,750 for each wave of data collection, the USPTO estimates that 1,250 completed surveys will be received, for a response rate of 45%. This estimate was based on the response rates of the previous survey waves that the USPTO has conducted. Each year of the survey will include two waves of data collection with an estimated 2,500 completed surveys received annually (1,250 completed surveys x 2 waves of the survey). Of this total, the USPTO estimates that 20% (500) of the surveys

will be returned by mail and that 80% (2,000) of the surveys will be completed using the online option.

Estimated Time Per Response: The USPTO estimates that it takes the public approximately 10 minutes (0.17 hours) to complete either the paper or online version of this survey. This estimated time includes gathering the necessary information, completing the survey, and submitting it to the USPTO.

Estimated Total Annual Respondent Burden Hours: 425 hours.

Estimated Total Annual Respondent Cost Burden: \$144,500. The USPTO estimates that attorneys will be completing these surveys. Using the professional hourly rate of \$340 for attorneys in private firms, the USPTO estimates \$144,500 per year for the respondent cost burden for this collection.

Item	Estimated time for response (minutes)	Estimated annual responses	Estimated annual burden hours
Customer Panel Quality Survey	10	500	85
Electronic Customer Panel Quality Survey	10	2,000	340
Totals	2,500	425

Estimated Total Annual Non-hour Respondent Cost Burden: \$0. There are no annual (non-hour) costs for this information collection. The USPTO covers the costs of all survey materials and provides postage-paid, pre-addressed return envelopes for the completed mail surveys.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: April 4, 2012.
Susan K. Fawcett,
Records Officer, USPTO, Office of the Chief Information Officer.

BILLING CODE 3510-16-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Renewal of Department of Defense Federal Advisory Committees

AGENCY: DoD.
ACTION: Renewal of Federal Advisory Committee.

SUMMARY: Under the provisions of the Federal Advisory Committee Act of 1972, (5 U.S.C. Appendix), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b), and 41 CFR 102-3.50(d), the Department of Defense (DoD) gives notice that it is renewing the charter for the Defense Science Board (hereafter referred to as "the Board").

The Board shall provide the Secretary of Defense, the Deputy Secretary of Defense, the Under Secretary of Defense for Acquisition, Technology and Logistics, the Chairman of the Joint Chiefs of Staff, and as requested, other Office of the Secretary of Defense

Principal Staff Assistants, the Secretaries of the Military Departments, and the Commanders of the Combatant Commands, independent advice and recommendations on science, technology, manufacturing, acquisition process, and other matters of special interest to the DoD. Tasks assigned to the Board or its authorized subcommittees shall be determined by the Secretary of Defense, the Deputy Secretary of Defense, or the Under Secretary of Defense for Acquisition, Technology and Logistics.

The Board is not established to advise on individual DoD procurements, but instead shall be concerned with the pressing and complex technology problems facing the Department in such areas as research, engineering, and manufacturing, and will ensure the identification of new technologies and new applications of technology in those areas to strengthen national security. No matter shall be assigned to the Board for its consideration that would require any Board member to participate personally and substantially in the conduct of any specific procurement or place him or her in the position of acting as a contracting or procurement official.

The Under Secretary of Defense for Acquisition, Technology and Logistics shall be authorized to act upon the

advice and recommendations of the Board.

The Board shall report to the Secretary of Defense through the Under Secretary of Defense for Acquisition, Technology and Logistics.

The Board shall be comprised of no more than 45 members and no more than 13 Senior Fellow members, who are eminent authorities in the fields of science, technology, manufacturing, acquisition process, and other matters of special interest to the DoD. Senior Fellows shall be voting members and count toward the Board's total membership.

Board members and Senior Fellows shall be appointed by the Secretary of Defense and their appointments shall be renewed on an annual basis. Those members or Senior Fellows, who are not full-time or permanent part-time federal employees, shall be appointed to serve as experts and consultants under the authority of 5 U.S.C. 3109 and shall serve as special government employee members.

The Secretary of Defense may approve the appointment of Board members for one to four year terms of service; however, no member, unless authorized by the Secretary of Defense, may serve more than two consecutive terms of service. This same term of service limitation also applies to any DoD authorized subcommittees.

Such appointments will normally be staggered among the Board membership to ensure an orderly turnover in the Board's overall composition on a periodic basis. With the exception of travel and per diem for official Board related travel, Board members and Senior Fellows shall serve without compensation, unless the Secretary of Defense authorizes compensation for particular member(s).

The Secretary of Defense, based upon the recommendation of the Under Secretary of Defense for Acquisition, Technology and Logistics, shall appoint the Board's Chairperson. The Under Secretary of Defense for Acquisition, Technology and Logistics shall appoint the Vice Chairperson. The Board Chairperson and Vice Chairperson may serve more than one term of service, not to exceed two terms, and not to exceed their maximum allowed membership on the Board.

The Secretary of Defense may invite other distinguished U.S. Government officers or chairpersons from other DoD supported federal advisory committees to serve as non-voting observers.

The Under Secretary of Defense for Acquisition, Technology, and Logistics may appoint experts and consultants, with special expertise, to assist the

Board on an ad hoc basis. These experts and consultants, if not full-time or part-time government employees, shall be appointed under the authority of 5 U.S.C. 3109, shall serve as special government employees, shall be appointed on an intermittent basis to work specific Board-related efforts, and shall have no voting rights. Non-voting observers and those non-voting experts and consultants appointed by the Under Secretary of Defense for Acquisition, Technology, and Logistics shall not count toward the Board's total membership.

Each Board member is appointed to provide advice on behalf of the government on the basis of his or her best judgment without representing any particular point of view and in a manner that is free from conflict of interest.

The Department, when necessary, and consistent with the Board's mission and DoD policies and procedures may establish subcommittees deemed necessary to support the Board. Establishment of subcommittees will be based upon a written determination, to include terms of reference, by the Secretary of Defense, the Deputy Secretary of Defense or the advisory committee's sponsor.

The Committee has established two permanent subcommittees:

a. The Permanent Task Force on Nuclear Weapons Surety shall be comprised of no more than 15 members. The primary focus of the Task Force is to assess all aspects of nuclear weapons surety to include military, federal, and contractors. This assessment should include, but is not limited to: nuclear weapons physical security, nuclear weapons safety, nuclear weapons control, command and control, nuclear operations (crew training) and execution, and nuclear surety policy. Continue to build on the work of the former Joint Advisory Committee on Nuclear Weapons Surety, the Nuclear Command & Control System End-to-End Review, and the Drell Panel. Review and recommend methods and strategies to maintain a safe, secure, and effective nuclear deterrent. Monitor and review the readiness of U.S. nuclear forces and weapons operations. The estimated number of subcommittee meetings is up to 12 per year.

b. The Survivability of DoD Systems and Assets to Electromagnetic Pulse (EMP) and Other Nuclear Weapons Effects Task Force shall be comprised of no more than 15 members. The focus of the Task Force should be to assess implementation of the DoD Instruction 3150.09, The Chemical, Biological, Radiological, and Nuclear (CBRN) Survivability Policy, dated September

17, 2008, covering nuclear survivability, including EMP, and to assess the effectiveness of the management oversight group established by the DoD Instruction. Conduct an independent review and assessment of DoD's EMP survivability program, and review other matters associated with nuclear survivability, such as the first biennial DoD report to Congress on EMP survivability. The estimated number of subcommittee meetings is up to 12 per year.

These subcommittees shall not work independently of the chartered Board, and shall report all their recommendations and advice to the Board for full deliberation and discussion. Subcommittees have no authority to make decisions on behalf of the chartered Board; nor can any subcommittee or its members update or report directly to the DoD or any Federal officers or employees.

All subcommittee members shall be appointed in the same manner as the Board members; that is, the Secretary of Defense shall appoint subcommittee members even if the member in question is already a Board member. Subcommittee members, with the approval of the Secretary of Defense, may serve a term of service on the subcommittee of one to four years; however, no member shall serve more than two consecutive terms of service on the subcommittee.

Subcommittee members, if not full-time or part-time government employees, shall be appointed to serve as experts and consultants under the authority of 5 U.S.C. 3109, and shall serve as special government employees, whose appointments must be renewed by the Secretary of Defense on an annual basis. With the exception of travel and per diem for official Board related travel, subcommittee members shall serve without compensation.

All subcommittees operate under the provisions of FACA, the Government in the Sunshine Act of 1976 (5 U.S.C. 552b), governing Federal statutes and regulations, and governing DoD policies/procedures.

FOR FURTHER INFORMATION CONTACT: Jim Freeman, Deputy Advisory Committee Management Officer for the Department of Defense, 703-692-5952.

SUPPLEMENTARY INFORMATION: The Board shall meet at the call of the Board's Designated Federal Officer, in consultation with the Board's Chairperson. The estimated number of Board meetings is four per year.

The Designated Federal Officer, pursuant to DoD policy, shall be a full-time or permanent part-time DoD

employee, and shall be appointed in accordance with governing DoD policies and procedures.

In addition, the Designated Federal Officer is required to be in attendance at all Board and subcommittee meetings for the entire duration of each and every meeting; however, in the absence of the Designated Federal Officer, the Alternate Designated Federal Officer shall attend the entire duration of the Board or subcommittee meeting.

Pursuant to 41 CFR 102–3.105(j) and 102–3.140, the public or interested organizations may submit written statements to Defense Science Board membership about the Board's mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of Defense Science Board.

All written statements shall be submitted to the Designated Federal Officer for the Defense Science Board, and this individual will ensure that the written statements are provided to the membership for their consideration. Contact information for the Defense Science Board Designated Federal Officer can be obtained from the GSA's FACA Database—<https://www.fido.gov/facadatabase/public.asp>.

The Designated Federal Officer, pursuant to 41 CFR 102–3.150, will announce planned meetings of the Defense Science Board. The Designated Federal Officer, at that time, may provide additional guidance on the submission of written statements that are in response to the stated agenda for the planned meeting in question.

Dated: April 4, 2012.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001–06–P

DEPARTMENT OF EDUCATION

Notice of Submission for OMB Review; Application for Grants Under the Upward Bound Math and Science Program

AGENCY: Office of Postsecondary Education, Department of Education.

SUMMARY: The Upward Bound Math and Science (UBMS) program provides grants to institutions of higher education, public and private agencies and organizations, and community-based organizations with experience in serving disadvantaged youth, combinations of such institutions, agencies and organizations, and secondary schools and provides grants

for projects designed to provide the skills and motivation necessary for success in a program of postsecondary education that lead to careers in math and science.

DATES: Interested persons are invited to submit comments on or before May 9, 2012.

ADDRESSES: Written comments regarding burden and/or the collection activity requirements should be electronically mailed to ICDocketMgr@ed.gov or mailed to U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Washington, DC 20202–4537. Copies of the proposed information collection request may be accessed from <http://edicsweb.ed.gov>, by selecting the “Browse Pending Collections” link and by clicking on link number 04838. When you access the information collection, click on “Download Attachments” to view. Written requests for information should be addressed to U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Washington, DC 20202–4537. Requests may also be electronically mailed to ICDocketMgr@ed.gov or faxed to 202–401–0920. Please specify the complete title of the information collection and OMB Control Number when making your request.

Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that Federal agencies provide interested parties an early opportunity to comment on information collection requests. The Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in

response to this notice will be considered public records.

Title of Collection: Application for Grants under the Upward Bound Math and Science Program.

OMB Control Number: Pending.

Type of Review: New.

Total Estimated Number of Annual Responses: 475.

Total Estimated Number of Annual Burden Hours: 15,830.

Abstract: The U. S. Department of Education is requesting a new application for grants under the Upward Bound Math and Science (UBMS). The previous package was part of the regular Upward Bound Program (UB) (OMB No. 1840–0550) package. The regular UB program provides federal grants for three types of projects: regular UB, UBMS, and Veterans Upward Bound. However, each project has a separate collection; therefore, we are requesting a new application package. The Department is requesting a new application because of the implementation of the Higher Education Opportunity Act revisions to the Higher Education Act of 1965, as amended, the authorizing statute for the program. This application will be used to award new grants and collect data.

This information collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1894–0001). Therefore, the 30-day public comment period notice will be the only public comment notice published for this information collection.

Dated: April 3, 2012.

Darrin A. King,

Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.
