The Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Title of Collection: Application for Grants under the Veterans Upward Bound Program.

OMB Control Number: Pending.

Type of Review: New.

Total Estimated Number of Annual Responses: 135.

Total Estimated Number of Annual Burden Hours: 4,606.

Abstract: The U.S. Department of Education is requesting a new application package for grants under the VUB program. The previous package was part of the regular Upward Bound Program (UB) (OMB No. 1840-0550) package. The regular UB program provides federal grants for three types of projects: Regular UB, VUB, and Upward Bound Math and Science. However, each project has a separate collection; therefore, we are requesting a new application package. The Department is requesting a new application because of the implementation of the Higher Education Opportunity Act revisions to the Higher Education Act of 1965, as amended, the authorizing statute for the program. This application will be used to award new grants and collect data under the VUB program.

This information collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1894-0001). Therefore, the 30-day public comment period notice will be the only public comment notice published for this information collection.

Darrin A. King,

Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.
