

ozone maintenance plan that Utah submitted in 1999.

#### IV. Proposed Action

For the reasons described above, we are proposing the following actions concerning Utah's revisions to the 1-hour ozone maintenance plan for Salt Lake and Davis Counties that Utah submitted on February 22, 1999:<sup>3</sup>

- We are proposing to ratify our 2003 approval of Utah's revisions to Section IX.D.2.b(4)(a), "NO<sub>x</sub> RACT."
- We are proposing to approve Utah's revisions to Section IX.D.2.f(3), "Safety Margin," and Utah's addition of Table 9, "Safety Margin."
- We are proposing to approve Utah's revisions to Section IX.D.2.f, Table 8.
- We are proposing to disapprove Utah's revisions to Section IX.D.2.h(2), "Determination of Contingency Action Level."
- We are proposing to ratify our 2003 approval of Utah's revisions to subsection IX.D.2.j(1)(b) of Section IX.D.2.j(1), "Tracking System for Verification of Emission Inventory."
- We are proposing to ratify our 2003 approval of Utah's removal of some references to CO in the plan and to approve Utah's removal of all other references to CO in the plan.

EPA is soliciting public comments on its proposed rulemaking as discussed in this document. EPA will consider these comments before taking final action. Interested parties may participate in the Federal rulemaking procedure by submitting written comments to EPA as discussed in this notice.

#### V. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations (42 U.S.C. 7410(k), 40 CFR 52.02(a)). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this proposed action merely approves some state law as meeting Federal requirements and disapproves other state law because it does not meet Federal requirements; this proposed action does not impose additional requirements beyond those imposed by state law. For that reason, this proposed action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 et seq.);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);

- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and,

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have Tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the State, and EPA notes that it will not impose substantial direct costs on Tribal governments or preempt Tribal law.

#### List of Subjects in 40 CFR Part 52

Air pollution control, Carbon monoxide, Environmental protection, Intergovernmental relations, Nitrogen dioxide, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

**Authority:** 42 U.S.C. 7401 et seq.

### Federal Emergency Management Agency

#### 44 CFR Part 67

[Docket ID FEMA-2011-0002; Internal Agency Docket Nos. FEMA-B-7749 and FEMA-B-7775]

#### Proposed Flood Elevation Determinations; Correction

**AGENCY:** Federal Emergency Management Agency, DHS.

**ACTION:** Proposed rule; correction.

**SUMMARY:** On December 6, 2007, and on May 8, 2008, FEMA published in the *Federal Register* proposed rules that contained erroneous tables affecting Washington County, Oregon, and Incorporated Areas. This notice provides corrections to those tables, to be used in lieu of the information published at 72 FR 68769 and 73 FR 26060. The table provided in this notice represents the flooding sources, location of referenced elevations, effective and modified elevations, and communities affected for Washington County, Oregon, and Incorporated Areas. Specifically, it addresses the following flooding sources: Beal Creek, Beaverton Creek, Bethany Creek, Bronson Creek, Butternut Creek, Cedar Creek, Cedar Mill Creek, Cedar Mill Creek—North Overflow, Cedar Mill Creek—South Overflow, Cedar Mill Creek—Upper North Overflow, Celebrity Creek, Chicken Creek, Chicken Creek—West Tributary, Council Creek, Dairy Creek, Dawson Creek, Deer Creek, Erickson Creek, Fanno Creek, Glencoe Swale, Golf Creek, Gordon Creek, Hall Creek, Hall Creek—106th Tributary, Hall Creek South Fork, Hedges Creek, Holcomb Creek, McKay Creek, North Fork Hall Creek, North Johnson Creek, North Johnson Creek—East Tributary, North Johnson Creek—North Tributary, Rock Creek North, Rock Creek South, South Johnson Creek, Storey Creek, Storey Creek—East Tributary, Storey Creek—Middle Tributary, Tualatin River, Tualatin River—Golf Overflow, Tualatin River—LaFollett Overflow, Tualatin River Overflow to Nyberg Slough, Turner Creek, Waible Creek, Waible Creek—North Tributary, Waible Creek—South Tributary, West Fork Dairy Creek, and Willow Creek.

**DATES:** Comments are to be submitted on or before July 9, 2012.

**ADDRESSES:** You may submit comments, identified by Docket Nos. FEMA-B-7749 and FEMA-B-7775, to Luis Rodriguez, Chief, Engineering

<sup>3</sup> All section and table references are to sections and tables in the 1-hour ozone maintenance plan for Salt Lake and Davis Counties.

Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (email) [Luis.Rodriguez3@fema.dhs.gov](mailto:Luis.Rodriguez3@fema.dhs.gov).

**FOR FURTHER INFORMATION CONTACT:** Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4064 or (email) [Luis.Rodriguez3@fema.dhs.gov](mailto:Luis.Rodriguez3@fema.dhs.gov).

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency (FEMA) publishes proposed determinations of Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs for communities participating in the National Flood Insurance Program (NFIP), in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are minimum requirements. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact

stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

**Corrections**

In the proposed rule published at 72 FR 68769, in the December 6, 2007, issue of the **Federal Register**, FEMA published a table under the authority of 44 CFR 67.4. The table, entitled “Washington County, Oregon, and Incorporated Areas,” addressed the flooding sources Beal Creek, Beaverton Creek, Bethany Creek, Bronson Creek, Butternut Creek, Cedar Creek, Cedar Mill Creek, Cedar Mill Creek—North Overflow, Cedar Mill Creek—South Overflow, Cedar Mill Creek—Upper North Overflow, Celebrity Creek, Chicken Creek, Chicken Creek—West Tributary, Council Creek, Dairy Creek, Dawson Creek, Deer Creek, Erickson Creek, Glencoe Swale, Golf Creek, Gordon Creek, Hall Center Creek, Hall Creek, Hall Creek—106th Tributary, Hall Creek—South Fork, Hedges Creek, Holcomb Creek, McKay Creek, North

Johnson Creek, North Johnson Creek—East Tributary, North Johnson Creek—North Tributary, Rock Creek North, Rock Creek South, South Johnson Creek, Storey Creek, Storey Creek—East Tributary, Storey Creek—Middle Tributary, Tualatin River, Tualatin River Overflow to Nyberg Slough, Turner Creek, Waible Gulch, Waible Gulch—North Tributary, Waible Gulch—South Tributary, and Willow Creek. In the proposed rule published at 73 FR 26060, in the May 8, 2008, issue of the **Federal Register**, FEMA published a table under the authority of 44 CFR 67.4. The table, entitled “Washington County, Oregon, and Incorporated Areas” addressed the flooding sources Dairy Creek and West Fork Dairy Creek. Both tables contained inaccurate information as to the location of referenced elevation, effective and modified elevation in feet, and/or communities affected for those flooding sources. In addition, they did not include the following flooding sources: Fanno Creek, Tualatin River—Golf Overflow, and Tualatin River—LaFollett Overflow. In this notice, FEMA is publishing a table containing the accurate information, to address these prior errors. The information provided below should be used in lieu of that previously published for Washington County, Oregon, and Incorporated Areas.

Flooding source(s)	Location of referenced elevation**	*Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	
<b>Washington County, Oregon, and Incorporated Areas</b>				
Beal Creek .....	Approximately 750 feet upstream of State Highway 47	None	+170	City of Forest Grove, Unincorporated Areas of Washington County.
Beaverton Creek .....	Approximately 765 feet upstream of Main Street .....	None	+172	City of Beaverton, City of Hillsboro, Unincorporated Areas of Washington County.
	At the upstream side of Southwest 197th Avenue .....	+158	+160	
Bethany Creek .....	Approximately 870 feet upstream of Southwest Laurelwood Avenue.	None	+267	Unincorporated Areas of Washington County.
	Approximately 0.21 mile downstream of Northwest 185th Avenue.	+173	+174	
Bronson Creek .....	Approximately 0.58 mile upstream of Northwest West Union Road.	None	+188	City of Beaverton, City of Hillsboro, Unincorporated Areas of Washington County.
	Approximately 65 feet downstream of Northwest Anzalone Drive.	+155	+158	
Butternut Creek .....	Approximately 1.0 mile upstream of Northwest West Union Road.	+236	+238	Unincorporated Areas of Washington County.
	Approximately 940 feet downstream of Southwest 209th Avenue.	+164	+165	
	Approximately 80 feet upstream of Southwest Farmington Road.	+199	+200	

Flooding source(s)	Location of referenced elevation**	*Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL)		Communities affected
		Effective	Modified	
Cedar Creek .....	Approximately 0.4 mile downstream of Southwest Edy Road.	+144	+145	City of Sherwood, Unincorporated Areas of Washington County.
	Approximately 560 feet upstream of Southwest Sunset Boulevard.	None	+176	
Cedar Mill Creek .....	Approximately 0.6 mile downstream of Portland & Western Railroad.	+172	+171	City of Beaverton, Unincorporated Areas of Washington County.
	Approximately 90 feet upstream of Northwest 113th Avenue.	None	+300	
Cedar Mill Creek—North Overflow.	At the Cedar Mill Creek confluence .....	None	+207	City of Beaverton, Unincorporated Areas of Washington County.
