

Program (HMGP), authorized by sections 203 and 404 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 *et seq.*, provide funding for eligible, feasible, and cost-effective activities that have the purpose of reducing or eliminating risks to life and property from hazards and their effects. One such activity is the implementation of wind retrofit projects to protect existing one- and two-family residential buildings (not including manufactured housing) from hurricane-force wind-related damages. FEMA has prepared a proposed Mitigation Policy to address PDM and HMGP programmatic guidelines for this project type. The policy will help ensure national consistency in the use of funds for this hazard mitigation activity. The proposed policy identifies key project requirements specific to this hazard mitigation activity including: Eligible activities and Mitigation Packages, building evaluation criteria, project application requirements, and eligible and ineligible costs. The proposed policy also provides the public, building professionals and decision-makers with direction on the implementation steps required for a complete wind retrofit project subapplication.

Thousands of existing homes in the hurricane-prone region are vulnerable to the effects of coastal high-wind events and are not designed to the same level of wind resistance required by today's codes and standards. FEMA concluded that additional technical guidance is needed to facilitate the development of hazard mitigation retrofit projects for such residential buildings. As a result, the proposed policy relies on publication FEMA P-804, *Wind Retrofit Guide for Residential Buildings*, as a guideline for these wind retrofit projects. FEMA P-804 provides the technical guidance needed to promote and properly perform wind retrofit projects for existing one- and two-family residential buildings. The publication offers a unified technical and programmatic solution to residential wind retrofit projects using three Mitigation Packages (Basic, Intermediate, and Advanced). Each successive package contains retrofit standards that increase the level of protection for wind-related damages to the building.

[Docket No. TSA-2004-19515]

Extension of Agency Information Collection Activity Under OMB Review: Air Cargo Security Requirements

AGENCY: Transportation Security Administration, DHS.

ACTION: 30-day notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0040, abstracted below to OMB for review and approval of an extension of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on February 24, 2012, 77 FR 11145. TSA has not received any comments. The collection of information that make up this ICR involve five broad categories affecting airports, passenger aircraft operators, foreign air carriers, indirect air carriers and all-cargo carriers operating under a TSA-approved security program. These five categories are: Security programs, security threat assessments (STAs), known shipper data via the Known Shipper Management System (KSMS), cargo screening reporting, and evidence of compliance recordkeeping.

DATES: Send your comments by May 24, 2012. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to Desk Officer, Department of Homeland Security/TSA, and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395-6974.

FOR FURTHER INFORMATION CONTACT: Susan Perkins, TSA Paperwork Reduction Act (PRA) Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011; telephone (571) 227-3398; email TSAPRA@dhs.gov.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

Title: Air Cargo Security Requirements.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 1652-0040.

Form(s): Aviation Security Known Shipper Verification Form, Aircraft Operator or Air Carrier Reporting Template, Security Threat Assessment Application, Aviation Security Known Shipper Verification Form.

Affected Public: The collection of information that make up this ICR involve regulated entities including airports, passenger aircraft operators, foreign air carriers, indirect air carriers and all-cargo carriers operating under a TSA-approved security program.

Abstract: TSA is seeking renewal of an expiring collection of information. Congress set forth in the Aviation and Transportation Security Act (ATSA), Pub. L. 107-71, two specific requirements for TSA in the area of air cargo security: (1) To provide for screening of all property, including U.S. mail, cargo, carry-on and checked baggage, and other articles, that will be carried aboard a passenger aircraft; and (2) to establish a system to screen, inspect, report, or otherwise ensure the security of all cargo that is to be transported in all-cargo aircraft as soon as practicable. In the Implementing Recommendations of the 9/11 Commission Act of 2007, Public Law

110–53, Congress requires that 50 percent of cargo transported on passenger aircraft is screened not later than February 2009, and 100 percent of such cargo is screened not later than August 2010.

TSA must proceed with this ICR for this program in order to continue to meet the Congressional mandates and current regulations (49 CFR 1542.209, 1544.205, 1546.205, and part 1548) that enable them to accept, screen, and transport air cargo. The uninterrupted collection of this information will allow TSA to continue to ensure implementation of these vital security measures for the protection of the traveling public.

This information collection requires the “regulated entities,” who may include passenger and all-cargo aircraft operators, foreign air carriers, and indirect air carriers (IACs), to implement a standard security program or to submit modifications to TSA for approval, and update such programs as necessary. The regulated entities must also collect personal information and submit such information to TSA so that TSA may conduct security threat assessments (STAs) for individuals with unescorted access to cargo, and any individual who has responsibility for screening cargo under 49 CFR parts 1544, 1546, or 1548. Aircraft operators and foreign air carriers must report the volume of accepted and screened cargo transported on passenger aircraft. Further, TSA will collect identifying information for both companies and individuals whom aircraft operators, foreign air carriers, and IACs have qualified to ship cargo on passenger aircraft. This information is primarily collected electronically via the Known Shipper Management System (KSMS). Whenever the information cannot be entered into KSMS, the regulated entity must conduct a physical visit of the shipper using the Aviation Security Known Shipper Verification Form and subsequently enter that information into KSMS. These regulated entities must also maintain records pertaining to security programs, training, and compliance. The forms used in this collection of information include the Aviation Security Known Shipper Verification Form, Cargo Reporting Template, and the Security Threat Assessment Application.

Number of Respondents: 4,890.

Estimated Annual Burden Hours: An estimated 73,567 hours.

Issued in Arlington, Virginia, on April 19, 2012.

Susan Perkins,

TSA Paperwork Reduction Act Officer, Office of Information Technology.

BILLING CODE 9110–05–P

DEPARTMENT OF HOMELAND SECURITY

U.S. Citizenship and Immigration Services

Agency Information Collection Activities: Form N–25, Extension of an Existing Information Collection Request; Comment Request

ACTION: 30–Day Notice of Information Collection Under Review: Form N–25, Request for Verification of Naturalization.

The Department of Homeland Security, U.S. Citizenship and Immigration Services (USCIS) will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. A 60-day information collection notice was previously published in the **Federal Register** on February 16, 2012, at 77 FR 9258, allowing for a 60-day public comment period. USCIS did not receive any comments for this information collection.

The purpose of this notice is to allow an additional 30 days for public comments. Comments are encouraged and will be accepted until May 24, 2012. This process is conducted in accordance with 5 CFR 1320.10.

Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the Department of Homeland Security (DHS), and to the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), USCIS Desk Officer. Comments may be submitted to: USCIS, Chief Regulatory Coordinator, Regulatory Coordination Division, Office of Policy and Strategy, Clearance Office, 20 Massachusetts Avenue, Washington, DC 20529. Comments may also be submitted to DHS via facsimile to 202–272–8352 or via email at uscisfrcomment@dhs.gov, and to the OMB USCIS Desk Officer via facsimile at 202–395–6974 or via email at oira_submission@omb.eop.gov.

When submitting comments by email please make sure to add OMB Control Number 1615–0049 in the subject box.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency’s estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Extension of an existing information collection.

(2) *Title of the Form/Collection:* Request for Verification of Naturalization.

(3) *Agency form number, if any, and the applicable component of the Department of Homeland Security sponsoring the collection:* Form N–25. U.S. Citizenship and Immigration Services.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Not for Profit Institutions. This form will allow U.S. Citizenship and Immigration Services (USCIS) to obtain verification from the courts that a person claiming to be a naturalized citizen has, in fact, been naturalized.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 1,000 responses at 15 minutes (.25) per response.

(6) *An estimate of the total public burden (in hours) associated with the collection:* 250 annual burden hours.

If you have additional comments, suggestions, or need a copy of the proposed information collection instrument with instructions, or additional information, please visit the USCIS Web site at: <http://www.regulations.gov/search/index.jsp>.
