**SUPPLEMENTARY INFORMATION:**

*Title:* Interstate Land Sales Full Disclosure Act (Regulations J, K, and L) 12 CFR Part 1010.

*OMB Number:* 3170–0012.

*Abstract:* The respondents are land developers (or attorneys or others who work for them). Developers must submit an initial Statement of Record (registration) to the CFPB and receive an effective date before they can offer lots for sale or lease. The Statement of Record includes the proposed property report and additional information and documents that support the developer's disclosures in the property report. The developer is responsible for ensuring that the registration is accurate and does not omit information needed for a purchaser to make an informed decision. Developers must give purchasers an effective property report before the purchaser signs the sales contract. Developers must submit amendments to their registrations if any information in their initial registration changes. They must also submit a

consolidated filing if they offer additional lots for sale. Each year the developer must submit an annual financial statement and an annual report that is prepared in the format required by Section 1010.310 of the regulations. A developer may voluntarily suspend his registration by submitting a Voluntary Suspension form or through the Annual Report. There are no other forms. The CFPB conducts a facial review of the submissions. The developer may request an Advisory Opinion if a developer has questions about the applicability of one of the exemptions from registration. A CFPB determination is required only if a developer claims an exemption from registration under the multiple site or substantial compliance exemption. The other 24 exemptions are self-determining. Finally, the CFPB may require additional information from developers in response to investigations of complaints. The Voluntary Suspension form is voluntary and is a convenient way for developers to voluntarily suspend their registration. The form is not required and is not the only way that developers may close their registration. They may also end their registration through their annual report.

**Submission for OMB Review; Comment Request**

**AGENCY:** Bureau of Consumer Financial Protection.

**ACTION:** Notice and request for comments.

**SUMMARY:** The Bureau of Consumer Financial Protection (Bureau), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed

and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3507(a)(1)(D)). **SUPPLEMENTARY INFORMATION:** *Title:* Truth in Lending Act (Regulation Z) 12 CFR Part 1026.

*OMB Number:* 3170–0015.

*Abstract:* Federal and state enforcement agencies and private litigants use records retained under the requirement of Regulation Z to ascertain whether accurate and complete disclosures of the cost of credit have been provided to consumers prior to consummation of the credit obligation and, in some instances, during the loan term. The information is also used to determine whether other actions required under the TILA, including complying with billing error resolution procedures and limitation of consumer liability for unauthorized use of credit, have been met. The information retained provides the primary evidence of law violations in TILA enforcement actions brought by Federal agencies. Without the Regulation Z recordkeeping requirement, the agencies' ability to enforce the TILA would be significantly impaired. As noted above, consumers rely on the disclosures required by the TILA and Regulation Z to shop among

options and to facilitate informed credit decision making. Without this information, consumers would be severely hindered in their ability to assess the true costs and terms of financing offered. Also, without the special billing error information, consumers would be unable to detect and correct errors or fraudulent charges on their open-end credit accounts. Additionally, enforcement agencies and private litigants need the information in these disclosures to enforce the TILA and Regulation Z. See 15 U.S.C. 1607, 1640.

#### SUPPLEMENTARY INFORMATION:

*Title:* Streamlining Inherited Regulations.

*OMB Number:* 3170-0020.

*Form Number:* N/A.

*Abstract:* The purpose of this data collection is to help the Bureau identify priority areas for such streamlining. The Bureau's effort to identify and address such priorities is and will continue to be based in part on guidance provided by the Office of Management and Budget Memorandum for the Heads of Independent Regulatory Agencies, M-11-28, "Executive Order 13579, 'Regulation and Independent Regulatory Agencies'" (July 22, 2011). That guidance discusses the importance of opportunities for public participation in the development of any retrospective analysis plan. Consistent with this guidance, the Bureau seeks to reach interested parties through two mechanisms. The first mechanism is a **Federal Register** notice. On December 5, 2011, a notice titled "Streamlining Inherited Regulations" was published in the **Federal Register**. The notice seeks comment in writing, or through the regulations.gov Web site. The data collection for which the Bureau now seeks approval would be the second mechanism. In order to reach respondents that might not be inclined to respond to the **Federal Register** notice, the Bureau seeks to collect input from interested parties through a specialized web tool on the CFPB Web site.

*Current Actions:* There is no change in the paperwork burden previously approved by OMB. This form is being submitted for renewal purposes only.

*Type of Review:* Extension of a currently approved collection.

*Affected Public:* Individuals and Households.

*Estimated Number of Responses:* 500.

*Estimated Time per Respondent:* 1 hour.

*Estimated Total Annual Burden Hours:* 500.

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number.

*Request for Comments:* Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and the assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.
