

Process Evaluation

The process evaluation is designed to assess the fidelity of grantees to implement their proposed program model, and consists of young person focus groups, young person surveys, youth mentor focus groups, transitional program personnel interviews and surveys, and local and state administrator interviews. Process evaluation data will be collected in two waves during FY 2012 and during FY 2014 and, with the exception of the state administrator interviews, participants are not expected to participate more than one time during the 2 waves of data collection.

Outcome Evaluation

The outcome evaluation is designed to assess outcomes of youth and young adults in regards to education, employment, housing, mental health and co-occurring disorders, and involvement with the juvenile and

criminal justice systems. The outcome evaluation will utilize both an enhanced and standard data collection and a longitudinal cohort design, and will include a comparative study to assess the effectiveness of HTI relative to a similar sample of young persons who did not receive HTI services. In the standard data collection protocol, outcome data will be collected for each HTI young adult participant, at a minimum of, at baseline at least every 6 months for up to 24 months for as long as the participant remains in HTI services. Enhanced outcome data will be collected on a subsample of young adults at 6 month intervals. The enhanced protocol will continue even after the young person from the subsample has left or has been discharged from HTI services, for up to 24 months. The baseline and follow up outcome instruments include the following key indicators: Demographic information, service use, education,

employment/vocational training, housing and living situation, clinical outcomes, behavioral and other health, trauma-related experiences, life skills, parenting skills and supports, involvement with juvenile or criminal justice systems, and social and peer relationships. While participants are enrolled in HTI services, these data collected by the HTI grantees as specified in the RFA.

The HTI Data Center (HTI DC) will be developed for data collection and management. The HTI DC will be a secure Web site that allows uploading of data, real-time access to data by grantees, and production of automated reports for the sites. It is flexible for local use and simplifies the management, monitoring, and reporting of data.

The summary burden reflects the distinct number of respondents, total annual burden, and total hourly cost of the study.

SUPPLEMENTARY INFORMATION: Notice of this meeting is given under the Federal Advisory Committee Act, 5 U.S.C. App.

The HSAC provides organizationally independent, strategic, timely, specific and actionable advice and recommendations for the consideration of the Secretary of the Department of

Homeland Security on matters related to homeland security. The Council is comprised of leaders of local law enforcement, first responders, state and local government, the private sector, and academia.

The HSAC will meet from 9:00 a.m. to 3:00 p.m. The HSAC will receive updates from the U.S. Coast Guard on "Counterterrorism Efforts Around the World" and from the Transportation Security Administration on threats to airport security, receive observations and remarks from DHS senior leadership, and review and deliberate on recommendations from the HSAC Faith-based Security and Communications Advisory Committee.

The HSAC will meet in closed session from 9:00 a.m. to 12:45 p.m. to receive sensitive operational information from senior DHS leadership on threats to our homeland security, border security, U.S. Coast Guard counterterrorism efforts, and an operational overview of the Transportation Security Administration's (TSA) airport security.

Basis for Partial-Closure: In accordance with Section 10(d) of the Federal Advisory Committee Act, it has been determined that the meeting requires closure as the disclosure of the information would not be in the public interest.

The HSAC will receive briefings on domestic and international threats to the homeland from DHS Intelligence and Analysis and other senior leadership, and a briefing on the Transportation Security Administration's (TSA) airport security program that will include lessons learned, and screening techniques associated with airport security. Specifically, there will be material presented regarding the latest viable threats against the United States, and how DHS and other Federal agencies plan to address those threats. Under 5 U.S.C. 552b(c)(7)(E), disclosure of that information could reveal investigative techniques and procedures not generally available to the public, allowing those with interests against the United States to circumvent the law. Additionally, under 5 U.S.C. 552b(c)(9)(B), disclosure of these techniques and procedures could frustrate the successful implementation of protective measures designed to keep our country safe.

Members will also be provided a briefing from the U.S. Coast Guard on counterterrorism efforts being made around the world. Providing this information to the public would provide terrorists with a road map regarding the Department's plan to counter their actions, and thus, allow them to take different actions to avoid

counterterrorism efforts. Under 5 U.S.C. 552b(c)(7)(E), disclosure of that information could endanger the life or physical safety of law enforcement personnel. Additionally, under 5 U.S.C. 552b(c)(9)(B), disclosure of this plan could frustrate the successful implementation of measures designed to counter terrorist acts.

Public Participation: Members of the public will be in listen-only mode. The public may register to participate in this HSAC conference call aforementioned procedures. Each individual must provide his or her full legal name, email address and phone number no later than 5:00 p.m. EDT on May 22, 2012, to a staff member of the HSAC via email at HSAC@dhs.gov or via phone at (202) 447-3135. HSAC webcast details and the Faith-based Security and Communications Advisory Committee report will be provided to interested members of the public at the time they register.
