

burden on respondents is 750 hours for the SNAP participant surveys, 130 hours for State and CBO directors and staff members, and 45 hours for State SNAP IT staff (for providing

administrative data files) for a total of 925 hours. See table below for a complete breakdown of burden hours. In addition, we estimate that 625 SNAP participants will be contacted but will

decline participation in the survey. The burden estimate associated with these non-respondents, not shown in the table, is .08 hours each, for a total of 50 hours of burden on non-respondents.

BURDEN ESTIMATES FOR RESPONDENTS

Type of respondent	Type of instrument	Number of respondents	Frequency of response	Total responses	Average burden per response (in hours)	Total burden (in hours)
State SNAP Director ..	Telephone interview ...	5	1	5	1.25	6.25
Local SNAP Agency Director.	In person interview	20 (1 per office, 4 offices per State, 5 states).	1	20	1.5	30
Local SNAP Agency Staff.	In person interview	20 (1 per office, 4 offices per State, 5 States).	1	20	1	20
CBO Director	Telephone interview ...	10 (2 per State, 5 States).	1	10	1	10
Local CBO Site Director.	In person interview	20 (1 per office, 4 offices per State, 5 states).	1	20	1.5	30
Local CBO Staff	In person interview	40 (2 per office, 4 offices per State, 5 States).	1	40	1	40
Adults (18+ years of age).	Telephone survey questionnaire.	2,500 (500 per State) (completed).	1	2,500	.3	750
Adults (18+ years of age).	Telephone survey questionnaire.	1,250 (250 per State) (Nonrespondent).	1	1,250	.05	1.04
State SNAP IT Staff ...	Administrative data file	5	3	15	5	45
Total	3,870	3,880	926.04

Dated: May 8, 2012.

Food and Nutrition Service

Agency Information Collection Activities: Proposed Collection; Comment Request—Study of the Food Distribution Program on Indian Reservations (FDPIR)

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on proposed information collections. This is a new information collection in which Food and Nutrition Service seeks an updated description of Food Distribution Program on Indian Reservations (FDPIR) participants and programs, and a better understanding of why FDPIR participation has been declining. This study will provide

national estimates of participating households as well as estimates for large subgroups, such as households with elderly participants. For a sample of Indian Tribal Organizations (ITOs) or State-administered FDPIR programs, participating households will be selected for data collection. Data collection will consist of case record reviews (abstracting standard eligibility information for all household members) and, for each selected household, interviews with the person who applied for FDPIR assistance (noted as the Head of Household on some forms) or his/her proxy. Site visits will be conducted to a subset of the ITOs or State-administered programs to obtain qualitative information on program operations and experiences of FDPIR participants and eligible nonparticipants. Site visit data collection will include interviews with Tribal leaders, FDPIR administrators and staff, and other service providers; visits to FDPIR enrollment sites, warehouses, and distribution sites; and discussion groups with FDPIR participants and eligible nonparticipants. Information obtained will provide updated information on FDPIR participants and program operations and will be used by FNS to inform decisions regarding program

administration and to identify ways to make the program more beneficial to participants.

DATES: Written comments must be received on or before July 13, 2012.

ADDRESSES: Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments, identified by the title of the information activity, may be sent to Steven Carlson, Office of Research and Analysis, Food and Nutrition Service/USDA, 3101 Park Center Drive, Room 1014, Alexandria, VA 22302. Comments may also be submitted via fax to the attention of Steven Carlson at 703-305-2576 or via email to Steve.Carlson@fns.usda.gov. Comments will also be

accepted through the Federal eRulemaking Portal. Go to <http://regulations.gov>, and follow the online instructions for submitting comments electronically.

All written comments will be open for public inspection at the office of the Food and Nutrition Service during regular business hours (8:30 a.m. to 5 p.m., Monday through Friday) at 3101 Park Center Drive, Alexandria, VA 22302, Room 1014.

All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will be a matter of public record.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection should be directed to Steven Carlson at (703) 305-2017.

SUPPLEMENTARY INFORMATION:

Title: Study of the Food Distribution Program on Indian Reservations (FDPIR).

OMB Number: 0584-NEW.

Form Number: N/A.

Expiration Date: To be determined.

Type of Request: New collection of information.

Abstract: This study will provide current, nationally representative information on FDPIR participants and will provide updated information on local program operations across the nation. Information will be collected on perceptions about the program, potential access barriers, and participation in the Supplemental Nutrition Assistance Program (SNAP) and other food assistance programs in order to identify reasons for declining participation. The last nationally representative study was completed in 1990. Since then, significant changes have occurred in FDPIR, including changes to eligibility rules, foods offered, and food delivery options. This study is needed to help FNS make decisions regarding program administration and identify ways to make the program more beneficial to participants. The study's objectives include, but are not limited to:

- Obtaining an updated demographic profile of participants,
- Exploring reasons for the decline in FDPIR participation,
- Examining food package distribution approaches and other key aspects of FDPIR operations,
- Learning about FDPIR's contribution to participants' food supply, and
- Learning about participant satisfaction with the program.

The study will be conducted over a 3-year period. Data collection activities will include case record reviews, participant surveys, and site visits. A nationally-representative sample of 998 participating households will be included in the case record reviews and participant interviews. This sample will be selected at random from participating households in each of 26 FDPIR programs. Site visits to 17 programs will consist of staff interviews, discussion groups with participants and non-participants, and tours of program facilities.

Clearance is requested for the following new data collection activities: (1) Case record review/abstraction of case record data elements; (2) survey of FDPIR participants; (3) on-site interviews and observations of FDPIR program operations; and (4) discussion groups with participants and eligible nonparticipants.

In addition to primary data collection, the study will model effects of how changes in FDPIR policy, changes in household composition and characteristics, and economic factors may affect eligibility. The study will also use Census data files to consider FDPIR participation in the context of demographic and geographic shifts in the Native American population. Consultations with Tribal officials and extensive outreach to Tribes will occur in order to seek input from all FDPIR programs and to develop collaborative relationships with Tribal partners at each program in the study sample to increase survey participation.

Affected Public: State, Local, Tribal agencies; Individuals and Households.

Respondent Types: Respondents are FDPIR managers and administrative staff, Tribal leaders, and other service providers that work with or coordinate with FDPIR programs and FDPIR participants and FDPIR eligible non-participants.

Estimated Number of Respondents: Case record reviews require FDPIR staff to pull case records selected for the sample and subsequently return them to the appropriate file. One staff person at each site will be responsible for this task, for a total of 26 respondents. The total estimated number of sample members for the survey is 998. The total estimated number of respondents to the survey is 832 or 80% of the sample. The total estimated number of sample members for the on-site staff interviews is 170. A 100% response rate is anticipated for the staff interviews. The total estimated number of sample members for the focus groups is 300. The total estimated number of responses for the focus groups is 240 (80% response rate). The total number of respondents is estimated to be 1,444.

Number of Responses per Respondent: All data collection components are one-time only, and in most cases respondents will respond only once. Some FDPIR management or administrative staff may be providing case record data as well as participating in on-site staff interviews, and a small number of FDPIR participants may respond to the survey and participate in a discussion group.

Estimated Time per Response: The estimated average response time for obtaining the case record is 15 minutes. The estimated average response time is 30 minutes for the survey, 60 minutes for the on-site staff interviews, and 120 minutes to participate in the discussion group.

Estimated Total Annual Burden on Respondents: The estimated response time in hours is 249.5 for the case record review, 421.8 for the survey, 170.0 for the on-site staff interviews, and 489.6 for the discussion groups.

Affected public	Respondent type	Type of instrument		Estimated number of respondents	Frequency of response	Estimated total annual responses	Time per respondent (in hours)	Annual burden hours
State, Local and Tribal Agencies.	FDPIR admin. staff.	Case record re-views.	Completed *	26	38.38	998	0.25	249.5
	Tribal leaders, FDPIR managers and staff, other service providers.	On-site staff interviews.	Completed *	170 (17 sites; 10 respondents per site).	1	170	1	170
SA Sub-total	196	1,168	419.5

Affected public	Respondent type	Type of instrument		Estimated number of respondents	Frequency of response	Estimated total annual responses	Time per respondent (in hours)	Annual burden hours
Individuals/ Households.	FDPIR participants.	HH survey	Completed	832	1	832	0.5	416
			Attempted	116		116	0.05	5.8
	FDPIR participants; eligible non-participants.	Discussion groups.	Completed	240 (20 groups; 12 per group).	1	240	2	480
			Attempted	60	1	60	0.16	9.6
I/H Sub-total				1,248.00		1,248.00		911.4
Total Estimated Reporting Burden.				1,444.00		2,416.00		1,330.90

* NOTE: FNS expects 100 percent participation from State Agencies.

Dated: May 7, 2012.

Foreign-Trade Zones Board

[B-34-2012]

Foreign-Trade Zone 45—Portland, OR, Notification of Proposed Production Activity, Shimadzu USA Manufacturing, Inc. (Chromatograph and Mass Spectrometer Production), Canby, OR

The Port of Portland, grantee of FTZ 45, submitted a notification of proposed production activity on behalf of Shimadzu USA Manufacturing, Inc. (Shimadzu), for its facility located in Canby, Oregon. An application for subzone status at the facility was also submitted and will be processed under Section 400.31 of the Board's regulations. The facility is used for the production of chromatographs, mass spectrometers and related equipment such as liquid chromatograph pumps, fraction collectors, auto samplers, lab instruments, controllers, and column ovens.

Production under FTZ procedures could exempt Shimadzu from customs duty payments on the foreign status components used in export production. On its domestic sales, Shimadzu would be able to choose the duty rates during customs entry procedures that apply to the finished equipment (duty free to 2.7%) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

Components and materials sourced from abroad include: Ethanol; naphthalenes; mineral oil; sulfuric acid; nitric acid; phosphoric acid; silica gel sacs; deionized water; trimethylpentane; benzene; anthracene; methanol; isopropyl alcohol; ethylene glycol; acetone; perfluorotributylamine; primer; nitrile function compounds, including acetonitrile and nitrophenol; silicone compounds; lubricating oils; grease; adhesives; photographic film; activated carbon; sealing compounds; articles of plastic, including pipes, hoses and fittings, film, sheets, shapes, bags, bottles, lids and caps; hardware and fasteners; self-adhesive labels and tapes; sponges; articles of rubber, including belts, o-rings, gaskets, seals, and stoppers; wood cases; self-adhesive paper; direct thermal paper; cleaning wipes; cardboard boxes; notebooks and binders; filter paper; technical books and manuals; textile-covered foam shielding; ceramic hardware and fittings; lab glassware; wool and fiberglass insulation; glass insulator pins; gold-plated screws; plungers and ball seat sets of semi-precious stones; zinc-coated wire; articles of stainless steel, including bars; pipes, tubing, fittings, mesh, and hardware; brass and copper hardware; articles of aluminum, including washers, sheets and foil; bearings, hand tools; metal fittings; pumps; fans; refrigeration and freezing equipment; heat exchangers; filtering equipment; work holders and jigs; computer equipment; mechanical appliances; metal machined parts; valves; bearings; transmission parts; gears; pulleys; motors; transformers; power supplies; magnets; magnetic parts; lithium-ion batteries; column ovens; heaters and parts; recording media; capacitors; resistors; fuses; sensors; switches; lamp holders; connectors; terminals; programmable

controllers; control panel assemblies; lamps; LEDs; photo sensors; diodes; EEPROMs; wires and cables (including fiber optic cable); insulators; filters; lenses; mirrors; prisms; other optical elements; flat panel displays; thermometers; electrical pressure gauges; measuring instruments and sensors; chromatographs and parts; spectrometers and parts; and other testing machines (duty rates range from free to 10.7%). The request indicates that certain bearings are subject to an antidumping/countervailing duty (AD/CVD) order. The FTZ regulations (15 CFR 400.14(e)) require that merchandise subject to AD/CVD actions be admitted to the zone in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is June 25, 2012.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482-1367.

Dated: May 8, 2012.

Elizabeth Whiteman,

Acting Executive Secretary.
