

reporting requirements). The Commission will submit this information collection after this 60 day comment period to the OMB.

The Commission adopted accounting rules that require carriers to account for adverse federal antitrust judgments and post-judgment special charges. With regard to settlements of such lawsuits there will be a presumption that carriers can recover the portion of the settlement that represents the avoidable costs of litigation; provided that the carrier makes a required showing. To receive recognition of its avoided cost of litigation a carrier must demonstrate, in a request for special relief, the avoided costs of litigation by showing the amount corresponding to the additional litigation expenses discounted to present value, that the carrier reasonably estimates it would have paid if it had not settled. Settlement costs in excess of the avoided costs of litigation are presumed not recoverable unless a carrier rebuts that presumption by showing the basic factors that enticed the carrier to settle and demonstrating that ratepayers benefited from the settlement.

The existing collections include petitions by video programming owners, producers and distributors for exemptions from the closed captioning rules, responses by viewers, and replies; complaints by viewers alleging violations of the closed captioning rules, responses by video programming distributors, and recordkeeping in support of complaint responses; and making video programming distributor contact information available to viewers

in phone directories, on the Commission's Web site and the Web sites of video programming distributors (if they have them), and in billing statements (to the extent video programming distributors issue them).

In addition, the Commission seeks to extend proposed information collection requirements. Specifically, on July 21, 2005, the Commission released Closed Captioning of Video Programming; Telecommunications for the Deaf, Inc. Petition for Rulemaking, CG Docket No. 05-231, Notice of Proposed Rulemaking, FCC 05-142, published at 70 FR 56150 on September 26, 2005 (Closed Captioning Notice of Proposed Rulemaking), which sought comment on several issues pertaining to these closed captioning rules (47 CFR 79.1). The Closed Captioning Notice of Proposed Rulemaking sought comment, *inter alia*, on whether petitions for exemption from the closed captioning rules should be permitted (or required) to be filed electronically through the Commission's Electronic Comment Filing System, and whether video programming distributors should be required to submit compliance reports to the Commission in cases where the final required amount of captioning post phase-in (e.g., pre-rule programming) is not 100 percent. These proposed information collection requirements remain pending.
