Participants are those who went on the programs between the years of 2004 and 2009. Collecting this data will help ECA/P/V assess the impact the programs have had on the respective participants, as well as the effectiveness of these programs in meeting their goals.

Methodology

For all three surveys, the evaluation data will be collected via Vovici, an on-line surveying tool.

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Intent to Terminate (Withdraw) EIS.

SUMMARY: The FHWA is issuing this notice to advise the public that the Environmental Impact Statement (EIS) process for a proposed highway project in the Towns of Wiscasset and Edgecomb, Lincoln County, Maine is terminated. The original Notice of Intent for this EIS process was published in the **Federal Register** on July 29, 2002.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Maine Department of Transportation (MaineDOT), has terminated the EIS

process begun in 2002. Work on the EIS is being discontinued due to findings that were identified during the National Environmental Policy Act (NEPA) process. In particular, the preferred alternative could no longer be considered by the U.S. Army Corps of Engineers (USACE) as the Least Environmentally Damaging Practicable Alternative (LEDPA) and there was a lack of community support. Therefore, the EIS for this project has been terminated.
