

U.S. operations, the Department will use, at its discretion, any comparable financial information that the Department may require from the company for this determination.

(c) Any company that the Department determines is an assessed company on a given determination date will be an assessed company for the entire assessment period related to such determination date, and will be subject to the full assessment fee for that assessment period, regardless of any changes in the company's assets or other attributes that occur after the determination date.

§ 150.4 Calculation of assessment basis.

(a) For the initial assessment period, the Department will calculate the assessment basis such that it is equivalent to the sum of:

(1) Budgeted operating expenses for the Office for the period beginning July 21, 2012 and ending March 31, 2013;

(2) Budgeted operating expenses for the Council for the period beginning July 21, 2012 and ending March 31, 2013;

(3) Capital expenses for the Office for the period beginning July 21, 2012 and ending April 30, 2013; and

(4) Capital expenses for the Council for the period beginning July 21, 2012 and ending April 30, 2013; and

(5) An amount necessary to reimburse reasonable implementation expenses of the Federal Deposit Insurance Corporation as provided under section 210(n)(10) of the Dodd-Frank Act.

(b) For each subsequent assessment period, the Department will calculate an assessment basis that shall be sufficient to replenish the Financial Research Fund to a level equivalent to the sum of:

(1) Budgeted operating expenses for the Office for the applicable assessment period;

(2) Budgeted operating expenses for the Council for the applicable assessment period;

(3) Budgeted capital expenses for the Office for the 12-month period beginning on the first day of the applicable assessment period;

(4) Budgeted capital expenses for the Council for the 12-month period beginning on the first day of the applicable assessment period; and

(5) An amount necessary to reimburse reasonable implementation expenses of the Federal Deposit Insurance Corporation as provided under section 210(n)(10) of the Dodd-Frank Act.

§ 150.5 Calculation of assessments.

(a) For each assessed company, the Department will calculate the total assessable assets in accordance with the definition in § 150.2.

(b) The Department will allocate the assessment basis to the assessed companies in the following manner:

(1) Based on the sum of all assessed companies' total assessable assets, the Department will calculate the assessment fee rate necessary to collect the assessment basis for the applicable assessment period.

(2) The assessment payable by an assessed company for each assessment period shall be equal to the assessment fee rate for that assessment period multiplied by the total assessable assets of such assessed company.

(3) Foreign banking organizations with less than \$50 billion in total assessable assets shall not be assessed.

§ 150.6 Notice and payment of assessments.

(a) No later than fifteen calendar days after the determination date (or, in the case of the initial assessment period, no later than seven days after the publication date of this rule), the Department will send to each assessed company a statement that:

(1) Confirms that such company has been determined by the Department to be an assessed company; and

(2) States the total assessable assets that the Department has determined will be used for calculating the company's assessment.

(b) If a company that is required to make an assessment payment for a given semiannual assessment period believes that the statement referred to in paragraph (a) of this section contains an error, the company may provide the Department with a written request for a revised statement. Such request must be received by the Department via email within one month and must include all facts that the company requests the Department to consider. The Department will respond to all such requests within 21 calendar days of receipt thereof.

(c) No later than the 14 calendar days prior to the payment date for a given assessment period, the Department will send an electronic billing notification to each assessed company, containing the final assessment that is required to be paid by such assessed company.

(d) For the purpose of making the payments described in § 150.5, each assessed company shall designate a deposit account for direct debit by the Department through *www.pay.gov* or successor Web site. No later than the later of 30 days prior to the payment date for an assessment period, or the effective date of this rule, each such company shall provide notice to the Department of the account designated, including all information and

authorizations required by the Department for direct debit of the account. After the initial notice of the designated account, no further notice is required unless the company designates a different account for assessment debit by the Department, in which case the requirements of the preceding sentence apply.

(e) Each assessed company shall take all actions necessary to allow the Department to debit assessments from such company's designated deposit account. Each such company shall, prior to each assessment payment date, ensure that funds in an amount at least equal to the amount on the relevant electronic billing notification are available in the designated deposit account for debit by the Department. Failure to take any such action or to provide such funding of the account shall be deemed to constitute nonpayment of the assessment. The Department will cause the amount stated in the applicable electronic billing notification to be directly debited on the appropriate payment date from the deposit account so designated.

(f) In the event that, for a given assessment period, an assessed company materially misstates or misrepresents any information that is used by the Department in calculating that company's total assessable assets, the Department may at any time recalculate the assessment payable by that company for that assessment period, and the assessed company shall take all actions necessary to allow the Department to immediately debit any additional payable amounts from such assessed company's designated deposit account.

(g) If a due date under this section falls on a date that is not a business day, the applicable date shall be the next business day.

Dated: May 14, 2012.

Mary Miller,

*Under Secretary for Domestic Finance,
Department of the Treasury.*

BILLING CODE 4810-25-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2011-0937]

Drawbridge Operation Regulation; Black River, La Crosse, WI

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations; request for comments.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Canadian Pacific Railroad Drawbridge across the Black River, at Mile 1.0, near La Crosse, Wisconsin. This deviation is related to a Notice of Proposed Rulemaking (NPRM) under the same docket number and will test a change to the drawbridge operation schedule to determine whether a permanent change to the schedule is needed as proposed by the NPRM. This deviation will allow remote operation of the drawspan. Remote operation will enable the bridge to open on demand, instead of with a two-hour delay as it is currently operated when the on-site bridge tender is present.

DATES: This deviation is effective from 12:01 a.m. on June 15, 2012 to 11:59 p.m. on July 15, 2012. Comments and related material must be received by the Coast Guard by August 15, 2012.

ADDRESSES: You may submit comments identified by docket number USCG-2011-0937 using any one of the following methods:

(1) *Federal eRulemaking Portal:*
<http://www.regulations.gov>.

(2) *Fax:* 202-493-2251.

(3) *Mail:* Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC, 20590-0001.

(4) *Hand delivery:* Same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329.

To avoid duplication, please use only one of these four methods. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Mr. Eric Washburn, Bridge Administrator, Western Rivers, (314) 269-2378, *email*

Eric.Washburn@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All

comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

1. Submitting Comments

If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online at <http://www.regulations.gov>, or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an email address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, type the docket number in the "SEARCH" box and click "SEARCH." Click on "Submit a Comment" on the line associated with this rulemaking.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

2. Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

3. Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

4. Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one using one of the four methods specified under **ADDRESSES**. Please explain why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**. For information on facilities or services for individuals with disabilities or to request special assistance at the public meeting, contact Mr. Eric Washburn at the telephone number or email address indicated under the **FOR FURTHER INFORMATION CONTACT** section of this notice.

Regulatory and History Information

On November 14, 2011, we published a notice of proposed rulemaking (NPRM) entitled Drawbridge Operation Regulation; Black River, La Crosse, Wisconsin, in **Federal Register** (76 FR 70384). We received no comment letters on the rule. On November 29, 2011, we held a public meeting, at which no objections were presented against the rule. Although no comments were received, it has been determined to be in the interest of local recreational boating public to enact this test deviation and gauge its effects on waterway users during the peak navigation season. If no comments are received during this deviation period, it is anticipated a permanent rule change will be enacted.

Basis and Purpose

The Canadian Pacific Railroad Drawbridge crosses the Black River at Mile 1.0 near La Crosse, Wisconsin. Its drawspan provides 15 feet of vertical clearance in the closed-to-navigation position and 49 feet of vertical clearance in the open-to-navigation position.

The bridge currently operates under 33 CFR 117.1081; opening on demand following a two-hour advance notification. This bridge has operated under the current regulation since 2002.

As explained and proposed in the NPRM, in order to reduce wait time for requested drawbridge openings while also reducing operating costs, Canadian Pacific requested this drawbridge be

operated where vessels contact a remote drawbridge operator via VHF-FM Channel 16 or telephone (507) 895-6087. Mariners establish radio or telephone communications and request an opening. The remote operator ensures no trains are in the block and then opens the drawspan. Once opened to navigation it remains raised until the remote operator verifies safe vessel passage. This verification is conducted by radio or telephone confirmation with the passing vessel, video monitoring, and boat detection equipment.

The temporary deviation period will start 12:01 a.m. on June 15, 2012 through 11:59 p.m. on July 15, 2012. During this time the drawspan will be opened on demand by a remote operator.

This temporary deviation has been coordinated with waterway users. No objections were received. There are no alternate routes for vessels transiting this section of the Black River.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This temporary deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: May 7, 2012.

Eric A. Washburn,

Bridge Administrator, Western Rivers.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2012-0412]

Drawbridge Operation Regulation; Willamette River, Portland, OR

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the upper deck of the Steel Bridge across the Willamette River, mile 12.1, at Portland, OR. This deviation is necessary to accommodate the efficient movement of light rail and roadway traffic associated with the Rose Parade in Portland, Oregon. This deviation allows the upper deck of the Steel Bridge to remain in the closed position to facilitate efficient movement of event patrons.

DATES: This deviation is effective from 7 a.m. on June 9, 2012 through 1 p.m. June 9, 2012.

ADDRESSES: Documents mentioned in this preamble as being available in the docket are part of docket USCG-2012-0412 and are available online by going to <http://www.regulations.gov>, inserting USCG-2012-0412 in the "Keyword" box and then clicking "Search". They are also available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email the Bridge Administrator, Coast Guard Thirteenth District; telephone 206-220-7282 email randall.d.overton@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION: Trimet of Portland and the Oregon Department of Transportation have requested that the upper deck of the Steel Bridge remain closed to vessel traffic to facilitate safe efficient movement of light rail and roadway traffic associated with the Rose Parade. The Steel Bridge crosses the Willamette River at mile 12.1 and is a double-deck lift bridge with a lower lift deck and an upper lift deck which operate independent of each other. When both decks are in the down position the bridge provides 26 feet of vertical clearance above Columbia River Datum 0.0. When the lower deck is in the up position the bridge provides 71 feet of vertical clearance above Columbia River Datum 0.0. This deviation does not affect the operating schedule of the lower deck which opens on signal. Vessels which do not require an opening of the upper deck of the bridge may continue to transit beneath the bridge and, if needed, may obtain an opening of the lower deck of the bridge for passage during this closure period of the upper deck. Under normal conditions the upper deck of the Steel Bridge operates in accordance with 33 CFR 117.897(c)(3)(ii) which states that from 8 a.m. to 5 p.m. Monday through Friday one hour advance notice shall be given for draw openings and at all other times two hours advance notice shall be given to obtain an opening. This deviation period is from 7 a.m. on June 9, 2012 through 1 p.m. June 9, 2012. The deviation allows the upper deck of the Steel Bridge across the Willamette

River, mile 12.1, to remain in the closed position and need not open for maritime traffic from 7 a.m. through 1 p.m. on June 9, 2012. The bridge shall operate in accordance to 33 CFR 117.897 at all other times. Waterway usage on this stretch of the Willamette River includes vessels ranging from commercial tug and barge to small pleasure craft. Mariners will be notified and kept informed of the bridge's operational status via the Coast Guard Notice to Mariners publication and Broadcast Notice to Mariners as appropriate. The lift span will be required to open, if needed, for public vessels of the United States and Canada and for vessels engaged in emergency response operations during this closure period.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: May 8, 2012.

Randall D. Overton,

Bridge Administrator.
