

Financial reporting requirements for Federal programs are prescribed in OMB Circulars A-102 and A-110. U.S. DOL has codified these requirements at 29 CFR 95.52 and 29 CFR 97.41, which specify that forms approved by OMB are authorized for obtaining financial information from recipients. The U.S. DOL ETA Financial Report is consistent with OMB efforts to streamline Federal financial reporting pursuant to Public Law 106-107.

ETA programs have varied administrative cost limitation requirements as specified in program statutes, regulations, and/or individual grant agreements. These requirements are met with a line item for Total Administrative Expenditures, thus providing a mechanism for assessing compliance with these requirements.

ETA has utilized the data collected to assess the effectiveness of ETA programs and to monitor and analyze the financial activity of its grantees. Grantees are provided with software that reflects the requirements of ETA

Form 9130 so that the required data will be reported electronically.

This data collection format permits ETA to evaluate program effectiveness and to monitor and analyze financial activity, while complying with OMB efforts to streamline Federal financial reporting.
