**SUPPLEMENTARY INFORMATION:** The Foreign Labor Certification Quarterly Activity Report, Form ETA-9127, is used to collect information from a State Workforce Agency (SWA) on activities performed under a Foreign (Alien) Labor Certification reimbursable grant and provides a sound basis for program management, including budget, workload management, and monitoring for compliance with the grant. A new information collection component has been added to this ICR, to account for the surveys conducted by the SWAs to collect information about prevailing employment practices in agriculture.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under OMB Control Number 1205-0457. The current OMB approval is scheduled to expire on May 31, 2012; however, it should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New provisions would only take effect after OMB approves them. For additional information, see the related notice published in the **Federal Register** on March 27, 2012 (77 FR 18267).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should reference OMB Control Number 1205-0457. The OMB is particularly interested in comments that:

**DEPARTMENT OF LABOR****Office of Workers' Compensation Programs****Division of Coal Mine Workers' Compensation Proposed Extension of Existing Collection; Comment Request****ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of Workers' Compensation Programs is soliciting comments concerning the proposed collection: *Authorization for Release of Medical Information (CM-936)*. A copy of the proposed information collection request can be obtained by contacting the office listed below in the addresses section of this Notice.

**DATES:** Written comments must be submitted to the office listed in the addresses section below on or before July 30, 2012.

**ADDRESSES:** Ms. Yoon Ferguson, U.S. Department of Labor, 200 Constitution Ave. NW., Room S-3201, Washington, DC 20210, telephone (202) 693-0701, fax (202) 693-1447, Email [ferguson.yoon@dol.gov](mailto:ferguson.yoon@dol.gov). **SUPPLEMENTARY INFORMATION:****I. Background**

The Black Lung Benefits Act, as amended, 30 U.S.C. 901, and 20 CFR 725.405, requires that all relevant medical evidence be considered before a decision can be made regarding a claimant's eligibility for benefits. The CM-936 is a form that gives the claimant's consent for release of information, required by the Privacy Act, and contains information required by medical institutions and private physicians to enable them to release pertinent medical information. This information collection is currently approved for use through November 30, 2012.

**II. Review Focus**

The Department of Labor is particularly interested in comments which:

- \* Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- \* Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- \* Enhance the quality, utility and clarity of the information to be collected; and
- \* Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

**III. Current Actions**

The Department of Labor seeks approval for the extension of this currently-approved information collection in order to obtain claimant consent for the release of medical information for consideration by the Division of Coal Mine Workers' Compensation as evidence to support their claim for benefits. Failure to gather this information would inhibit the adjudication of black lung claims because pertinent medical data would not be available for consideration during the processing of the claim.

**ACTION:** Notice; new privacy system of records titled "Internal Collaboration Network".

**SUMMARY:** The National Archives and Records Administration (NARA) proposes to add a system of records to its existing inventory of systems subject to the Privacy Act of 1974, as amended (5 U.S.C. 552(a)) ("Privacy Act"). **SUPPLEMENTARY INFORMATION:** The Internal Collaboration Network is a web-based platform that allows users to better collaborate on work projects across geographic locations and offices and allow the agency to better preserve NARA's institutional knowledge. The platform allows for user-generated content in the form of documents, polls, ideas, blog posts, user profiles, project management and commenting features.

The notice for this system of records states the name and the location of the record system, the authority for and manner of its operation, the categories of individuals that it covers, the types of records that it contains, the sources of information in the records, and the proposed "routine uses" of the system of records. The notice also includes the business address of the NARA official who will inform interested persons of the procedures whereby they may gain access to, and correct, records pertaining to themselves.

One of the purposes of the Privacy Act, as stated in section 2(b)(4) of the Act, is to provide certain safeguards for an individual against an invasion of personal privacy by requiring Federal agencies to disseminate any record of identifiable personal information in a manner that assures that such action is for a necessary and lawful purpose, that the information is current and accurate for its intended use, and that adequate safeguards are provided to prevent misuse of such information. NARA intends to follow these principles in transferring information to another agency or individual as a "routine use" including assurance that the information is relevant for the purposes for which it is transferred.
