In the *Order*, the Federal Communications Commission (Commission) adopts amendments to its Part 11 rules governing the EAS to more fully codify the existing obligation to process alert messages formatted in the Common Alerting Protocol and to streamline, and to streamline and clarify these rules eliminate superfluous and stale requirements and generally enhance their effectiveness. Some of these amendments modify or clarify existing information collection requirements. Accordingly, the Commission sought and obtained authorization to modify such various information collection requirements that already existed in the Part 11 rules.
