Finally, an applicant must have the necessary processes and systems in place to comply with the reporting requirements

However, if you include funds in your budget that are for ineligible purposes, we will consider your application for funding if the ineligible purposes total 10 percent or less of your total project budget. However, if your application is successful, those ineligible costs must be removed before we will make the grant award. If we cannot determine the percentage of ineligible costs, your application will not be considered for funding.

Additionally, awards made under this announcement are subject to the provisions contained in the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2012, Public Law 112–55, Division A, Sections 738 and 739 regarding corporate felony convictions and corporate federal tax delinquencies. V. Application Review Information

We will review each application to determine if it is eligible for assistance based on the requirements in 7 CFR part 4284, subpart G as well as other applicable Federal regulations. Eligible applications will be tentatively scored by the USDA Rural Development State Offices and submitted to the National Office for final review and selection.

You must address each selection criterion outlined in 7 CFR 4284.639 in your application. Any criterion not substantively addressed will receive zero points.

To assist you with addressing each criterion, we are providing what we consider to be necessary documentation as well as how we will score each criterion below.

1. Sustainability of Economic Development (7 CFR 4284.639(a)). You must identify the economic development (see 7 CFR 4284.603 for a definition) that will occur as a result of your project and describe how that development will be sustainable without any assistance from governments (including local, State, and Federal) or other organizations outside the community. Sustainability may include, but is not limited to, user fees or a continuing source of funds from a community organization. We will score the criterion as follows:

- 0 points if you do not identify at least one type of economic development.
- 1-2 points if you identify at least one type of economic development, but are unable to reasonably quantify it or demonstrate sustainability.
- 3-4 points if you identify at least one type of economic development and reasonably quantify it.
- 5-6 points if you identify at least one type of economic development, reasonably quantify it, and demonstrate that it can be sustained for at least 1 year after the completion of the project through user fees, community organization support, or other non-governmental methods.
- 7-8 points if you identify at least one type of economic development, reasonably quantify it, and demonstrate

that it can be sustained for at least 3 years after the completion of the project through user fees, community organization support, or other non-governmental methods.

- 9-10 points if you identify at least one type of economic development, reasonably quantify it, and demonstrate that it can be sustained for at least 5 years after the completion of the project through user fees, community organization support, or other non-governmental methods.

2. Improvements in the Quality of Economic Activity (7 CFR 4284.639(b)). You must quantitatively describe how your project will improve the economic activity in your service area through higher wages, improved benefits, greater career potential, and/or the use of higher level skills than are currently typical. We will score the criterion as follows:

- 0 points if you do not quantitatively describe at least one way your project will improve the economic activity in your service area.
- 1-2 points if you quantitatively describe one way your project will improve the economic activity in your service area.
- 3-4 points if you quantitatively describe two ways your project will improve the economic activity in your service area.
- 5-6 points if you quantitatively describe three ways your project will improve the economic activity in your service area.
- 7-8 points if you quantitatively describe four ways your project will improve the economic activity in your service area.
- 9-10 points if you quantitatively describe five or more ways your project will improve the economic activity in your service area.

3. Other Contributions (7 CFR 4284.639(c)). You must provide documentation indicating who will be providing the other source of funds, the amount of funds, when those funds will be provided, and how the funds will be used in the project budget. Examples of acceptable documentation include: a signed letter from the source of funds stating the amount of funds, when the funds will be provided, and what the funds can be used for or a signed resolution from your governing board authorizing the use of a specified amount of funds for specific components of the project. The other contributions you identify must be specifically dedicated to the project and cannot include your organization's general operating budget. No credit will be given for in-kind donations of time, goods, and/or services from any

organization, including the applicant organization. We will score the criterion as follows:

- 0 points if your other contributions total 25 percent or less of the total project cost.
- 10 points if your other contributions are greater than 25 and 50 percent of the total project cost.
- 20 points if your other contributions are more than 50 percent and less than or equal to 80 percent of the total project cost.
- 30 points if your other contributions are more than 80 percent of the total project cost.

4. Major Natural Disaster (7 CFR 4284.639(d)(1)). You must provide a Federal Emergency Management Agency (FEMA) disaster reference number for any disasters that occurred within 3 years of the application deadline in the counties in the project service area. We will award 15 points if a FEMA disaster reference number is provided for the majority of the counties in your service area; otherwise we will award 0 points.

5. Fundamental Structural Change (7 CFR 4284.639(d)(2)). You must describe a structural change (for example, the loss of major employer or closing of a military base) that occurred within or affected one or more of the counties in the project service area. The structural change must have occurred within the 3 years prior to submitting your application. We will award 15 points if the structural change affected the majority of the counties in your service area and if it caused the loss of at least 100 jobs; otherwise we will award 0 points.

6. Long-Term Poverty (7 CFR 4284.639(d)(3)). You must provide the percentage of residents living below the poverty level from the 1990 and the 2010 decennial censuses for all counties and all States in the service area. We will award 10 points if the majority of counties in the service area have a percentage of residents living below that poverty level that is above the state percentage in both the 1990 and the 2010 censuses; otherwise we will award 0 points.

7. Long-Term Population Decline (7 CFR 4284.639(d)(4)). You must provide population statistics from the 1990 and the 2010 decennial censuses for all counties in the service area. We will award 10 points if the majority of the counties in the service area experienced a net loss of population between 1990 and 2010; otherwise we will award 0 points.

8. Long-Term Job Deterioration (7 CFR 4284.639(d)(5)). You must provide the unemployment rate from the 1990 and 2010 decennial censuses for all counties

in the service area. We will award 10 points if the majority of counties in the service area experienced an increase in the unemployment rate between 1990 and 2010; otherwise we will award 0 points.

9. Best Practices (7 CFR 4284.639(e)). You must describe how your project could be replicated, including any potentially necessary modifications, in other communities or service areas. We will score the criterion as follows:

- 0 points if your project could not be replicated.
- 1–3 points if your project could be replicated in another community, but with substantial modifications.
- 4–6 points if your project could be replicated in another community, but with moderate modifications.
- 7–10 points if your project could be replicated in another community, with minimal modifications.

10. Discretionary Points (7 CFR 4284.639(f)). If you wish to be considered for discretionary points, your application must include a description of the following:

- The project service area, and/or
- The special importance for implementation of a regional strategic plan in partnership with other organizations, and/or
- The extraordinary potential for success of the project due to superior project plans or qualifications of your organization, including the key personnel for the project.

Because awarding these points is completely at the option of the State Director or the Administrator, no additional point break down can be provided.

The National Office will review the scores based on the grant selection criteria and weights contained in 7 CFR 4284.639 and this Notice. Applications will be funded in rank order.
