

this record, Respondent has not filed a renewal application. I therefore find that Respondent's registration has expired.

Under DEA precedent, "if a registrant has not submitted a timely renewal application prior to the expiration date, then the registration expires and there is nothing to revoke." Ronald J. Riegel, 63 FR 67132, 67133 (1998); see also Thomas E. Mitchell, 76 FR 20032, 20033 (2011). Moreover, in the absence of an application (whether timely filed or not), there is nothing to act upon. Accordingly, because Respondent has allowed his registration to expire and has not filed either a renewal or a new

application, this case is now moot and will be dismissed.

Order

Pursuant to the authority vested in me by 21 U.S.C. 824(a), as well as 28 CFR 0.100(b), I hereby order that the Order to Show Cause issued to Donald Brooks Reece II, M.D., be, and it hereby is, dismissed. This Order is effective immediately.

Dated: June 2, 2012.
Michele M. Leonhart,
Administrator.

The company plans to import analytical reference standards for distribution to its customers for research and analytical purposes.

No comments or objections have been received. DEA has considered the factors in 21 U.S.C. 823(a) and 952(a) and determined that the registration of Lipomed, Inc. to import the basic classes of controlled substances is consistent with the public interest and with United States obligations under international treaties, conventions, or protocols in effect on May 1, 1971.

DEA has investigated Lipomed, Inc. to ensure that the company's registration is consistent with the public interest. The investigation has included inspection and testing of the company's physical security systems, verification of the company's compliance with state and local laws, and a review of the company's background and history.

Therefore, pursuant to 21 U.S.C. 952(a) and 958(a), and in accordance with 21 CFR 1301.34, the above named company is granted registration as an importer of the basic classes of controlled substances listed.

Dated: June 4, 2012.
