

BILLING CODE 5001-06-P

Transmittal No. 12-23**Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as Amended**

(i) *Prospective Purchaser:* Republic of Korea.

(ii) *Total Estimated Value:*
Major Defense Equipment* \$250 million
Other \$ 75 million
TOTAL \$325 million

(iii) *Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:* (367) CBU-105D/B Wind Corrected Munition Dispenser (WCMD) Sensor Fuzed Weapons (SFW), (28) Captive Air Training Missiles (CATM), (7) Dummy Air Training Missiles (DATM), and (18) spare tails kits for maintenance float, support equipment, containers, spare and repair parts, tools and test equipment, technical data and publications, personnel training and training equipment, U.S. government and contractor engineering, technical, and logistics support services, and other related elements of logistics and program support.

(iv) *Military Department:* USAF (QEJ)

(v) *Prior Related Cases, if any:* FMS case QBR—\$4M—21Apr09

(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid:* None

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold:* See attached Annex

(viii) *Date Report Delivered to Congress:* 1 June 2012

* As defined in Section 47(6) of the Arms Export Control Act.

Policy Justification**Republic of Korea—CBU-105D/B Sensor Fuzed Weapons**

The Government of Republic of Korea has requested a possible sale of (367) CBU-105D/B Wind Corrected Munition Dispenser (WCMD) Sensor Fuzed Weapons (SFW), (28) Captive Air Training Missiles (CATM), (7) Dummy Air Training Missiles (DATM), and (18) spare tails kits for maintenance float, communication equipment, electronic warfare systems, support equipment, spare engine containers, spare and repair parts, tools and test equipment, technical data and publications, personnel training and training equipment, U.S. government and contractor engineering, technical, and logistics support services, and other related elements of logistics and program support. The estimated cost is \$325 million.

This proposed sale will contribute to the foreign policy goals and national security objectives of the United States by meeting the legitimate security and defense needs of an ally and partner nation. The Republic of Korea continues to be an important force for peace, political stability, and economic progress in North East Asia.

The Republic of Korea intends to use these CBU-105D/B Sensor Fuzed Weapons to modernize its armed forces and enhance its capability to defeat a wide range of enemy defenses including fortifications, armored vehicles, and maritime threats. Additionally, the munition's precision and low failure rate will reduce incidents of fratricide and increase overall effectiveness. The proposed sale will allow the Republic of Korea Air Force (ROKAF) to expand interoperability with U.S. and other regional coalition forces. The Republic of Korea will have no difficulty absorbing these munitions into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

Employment of the CBU-105D/B Sensor Fuzed Weapon will not result in more than one percent unexploded ordnance across the range of intended operational environments. The agreement applicable to the transfer of the CBU-105D/B and the CBU-105D/B integration test assets will contain a statement by the Government of the Republic of Korea that the cluster munitions and cluster munitions technology will be used only against clearly defined military targets and will not be used where civilians are known to be present or in areas normally inhabited by civilians.

The prime contractor will be Textron Systems Corporation of Wilmington, MA. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require annual trips to the Republic of Korea involving up to two U.S. Government and three contractor representatives for technical reviews/support, and program management for a period of approximately two years. There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 12-AW**Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act (U)**

Annex Item No. vii

(vii) *Sensitivity of Technology:*

1. The CBU-105D/BD/B Sensor Fuzed Weapon (SFW) is an advanced 1,000-pound class cluster bomb munition containing sensor fuzed sub-munitions that are designed to attack and defeat a wide range of moving or stationary land and maritime threats with minimal collateral damage. The SFW is currently the only combat proven, clean battle weapon that meets U.S. law regarding cluster munition safety standards. In addition to added safety, no other munition is as versatile and effective against so many different target types. Major components and technical data are classified up to Secret. Anti-tamper security measures are incorporated into the munition to prevent exploitation. The munition will be delivered in its Unclassified All-Up-Round configuration.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

ARLINGTON, VA 22202-5408

The Honorable John A. Boehner
Speaker of the House
U.S. House of Representatives
Washington, DC 20515

1 JUN 2012

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 12-25, concerning the Department of the Army's proposed Letter(s) of Offer and Acceptance to Finland for defense articles and services estimated to cost \$132 million. After this letter is delivered to your office, we plan to issue a press statement to notify the public of this proposed sale.

Sincerely,

Richard A. Genaille, Jr.
Deputy Director

Enclosures:

1. Transmittal
2. Policy Justification
3. Sensitivity of Technology

BILLING CODE 5001-06-C

Transmittal No. 12-25

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as Amended

- (i) *Prospective Purchaser:* Finland.
- (ii) *Total Estimated Value:*
Major Defense Equipment *: \$114 million
Other: \$18 million
TOTAL: \$132 million
- (iii) *Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:* 70 M-39

Block 1A Army Tactical Missile System (ATACMS) T2K Unitary Missiles, Missile Common Test Device software, ATACMS Quality Assurance Team support, spare and repair parts, tools and test equipment, support equipment, personnel training and training equipment, publications and technical data, U.S. government and contractor engineering and logistics support services, and other related elements of logistics support.

- (iv) *Military Department:* Army (VAI).
- (v) *Prior Related Cases, if any:* None.

(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid:* None.

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold:* See Annex Attached.

(viii) *Date Report Delivered to Congress:* 1 June 2012.

* As defined in Section 47(6) of the Arms Export Control Act.

Policy Justification*Finland—Army Tactical Missile Systems M-39 Block 1A*

The Government of Finland has requested a possible sale of 70 M-39 Block 1A Army Tactical Missile System (ATACMS) T2K Unitary Missiles, Missile Common Test Device software, ATACMS Quality Assurance Team support, spare and repair parts, tools and test equipment, support equipment, personnel training and training equipment, publications and technical data, U.S. government and contractor engineering and logistics support services, and other related elements of logistics support. The estimated cost is \$132 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country which has been, and continues to be, an important force for political stability and economic progress in Europe.

Finland intends to use these defense articles and services to expand its existing army architecture and improve its self-defense capabilities. This will contribute to the Finnish Defense Forces' goal of modernizing its capability while further enhancing interoperability between Finland, the United States, and other allies.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Lockheed Martin Missiles and Fire Control in Dallas, Texas. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require up to two U.S. Government or contractor representatives to travel to Finland for up to one week for equipment de-processing/fielding, system checkout, and training.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 12-25**Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act***Annex*

Item No. vii

(vii) Sensitivity of Technology:

1. The Army Tactical Missile System (ATACMS) Block 1A T2K Unitary is a ground-launched surface-to-surface guided missile system with a unitary warhead. ATACMS are fired from the M270A1 Multiple Launch Rocket

System and the High Mobility Artillery Rocket System launchers. The highest classification level for release of the ATACMS M-39 Block 1A is Secret. The highest level of classified information that could be disclosed by a sale or by testing of the end item is Secret. The Fire Direction System, Data Processing Unit, and special application software are Secret. The highest level that must be disclosed for production, maintenance, or training is Confidential. The Communications Distribution Unit software is Confidential. The system specifications and limitations are classified Confidential. The vulnerability data, countermeasures, vulnerability/susceptibility analyses, and threat definitions are classified up to Secret.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or could be used in the development of a system with similar or advanced capabilities.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE**Department of the Air Force****U.S. Air Force Scientific Advisory Board Notice of Meeting**

AGENCY: Department of the Air Force, U.S. Air Force Scientific Advisory Board.

ACTION: Meeting Notice.

SUMMARY: Under the provisions of the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102-3.150, the Department of Defense announces that the United States Air Force Scientific Advisory Board (SAB) meeting will take place 27-28 June 2012 at the Secretary of the Air Force Technical and Analytical Support Conference Center, 1550 Crystal Drive, Arlington, VA 22202. The meeting will be from 7:30 a.m.-4:40 p.m. on Wednesday, 27 June 2012, with the sessions from 7:30 a.m.-9:30 a.m. open to the public; and 7:30 a.m.-4:30 p.m. on Thursday, 28 June 2012, with the sessions from 7:30 a.m.-10:00 a.m. and 1:30 p.m.-2:00 p.m. open to the public. The banquet from 6:00 p.m.-8:45 p.m. on 28 June 2012 at the Key Bridge Marriott, 1401 Lee Highway, Arlington,

VA 22201 will also be open to the public.

The purpose of this Air Force Scientific Advisory Board quarterly meeting is to discuss and deliberate the findings of the FY12 SAB studies covering non-traditional intelligence, surveillance, and reconnaissance in contested environments; ensuring cyber situational awareness for commanders; and extended uses of Air Force Space Command space-based sensors. The draft FY13 SAB study topic Terms of Reference and potential sites for the FY13 Spring Board quarterly meeting will also be discussed.

In accordance with 5 U.S.C. 552b, as amended, and 41 CFR 102-3.155, The Administrative Assistant of the Air Force, in consultation with the Air Force General Counsel, has agreed that the public interest requires some sessions of the United States Air Force Scientific Advisory Board meeting be closed to the public because they will discuss information and matters covered by section 5 U.S.C. 552b(c)(1).

Any member of the public wishing to provide input to the United States Air Force Scientific Advisory Board should submit a written statement in accordance with 41 CFR § 102-3.140(c) and section 10(a)(3) of the Federal Advisory Committee Act and the procedures described in this paragraph. Written statements can be submitted to the Designated Federal Officer at the address detailed below at any time. Statements being submitted in response to the agenda mentioned in this notice must be received by the Designated Federal Officer at the address listed below at least five calendar days prior to the meeting which is the subject of this notice. Written statements received after this date may not be provided to or considered by the United States Air Force Scientific Advisory Board until its next meeting. The Designated Federal Officer will review all timely submissions with the United States Air Force Scientific Advisory Board Chairperson and ensure they are provided to members of the United States Air Force Scientific Advisory Board before the meeting that is the subject of this notice.

FOR FURTHER INFORMATION CONTACT: The United States Air Force Scientific Advisory Board Executive Director and Designated Federal Officer, Lt Col Matthew E. Zuber, 240-612-5503, United States Air Force Scientific Advisory Board, 1500 West Perimeter Road, Ste. #3300, Joint Base Andrews,
