Farm Service Agency

Title: Conservation Reserve Program (CRP) North Dakota (ND) and South Dakota (SD) Hunter Expenditure & Valuation Survey.

OMB Control Number: 0560-NEW.

Summary of Collection: The North Dakota (ND) and South Dakota (SD) Hunter Expenditure & Valuation Survey is being developed to comply with the regulations of 6 U.S.C. 3831 as specified in the "Study on Economic Effects" section and Food, Conservation, Energy Act of 2008 (Farm Bill Pub. L. 110-246). The Farm Service Agency (FSA) has determined that the only way to get the economic impact and valuation of hunter use of lands enrolled in CRP is by surveying licensed deer, upland game bird and waterfowl hunters. Hunting is a major component of recreational use of CRP. Furthermore, FSA is providing the services to the landowners under the CRP to help them conserve and improve soil, water, and wildlife resources on their lands.

Need and Use of the Information: The ND and SD Hunter Expenditure and Valuation Survey will be mailed to licensed deer, upland game bird and waterfowl hunter in ND and SD. The survey is needed to estimate the amount of hunting, hunter expenditures, and the value of the hunting that is occurring on CRP lands. Collection of data is necessary to evaluate and improve CRP lands selection criteria and program implementation. The results will be used to estimate the income, employment and net economic value of enhanced wildlife populations on CRP lands to hunters in ND and SD to evaluate the benefits of the CRP program. Without data on hunter use and expenditures, the economic contribution generated by the federal investment in CRP cannot be reliability estimated.

Description of Respondents: Individuals or households.

Number of Respondents: 3,000.

Frequency of Responses: Reporting: Other (one-time).

Total Burden Hours: 990.

SUPPLEMENTARY INFORMATION:

I. Abstract

Title II, Section 203(o) of the United States-Colombia Trade Promotion Agreement Implementation Act (the "Act") [Pub. L. 112-42] implements the commercial availability provision provided for in Article 3.3 of the United States-Colombia Trade Promotion Agreement (the "Agreement"). The Agreement entered into force on May

15, 2012. Subject to the rules of origin in Annex 4.1 of the Agreement, pursuant to the textile provisions of the Agreement, fabric, yarn, and fiber produced in Colombia or the United States and traded between the two countries are entitled to duty-free tariff treatment. Annex 3–B of the Agreement also lists specific fabrics, yarns, and fibers that the two countries agreed are not available in commercial quantities in a timely manner from producers in Colombia or the United States. The fabrics listed are commercially unavailable fabrics, yarns, and fibers, which are also entitled to duty-free treatment despite not being produced in Colombia or the United States.

The list of commercially unavailable fabrics, yarns, and fibers may be changed pursuant to the commercial availability provision in Chapter 3, Article 3.3, Paragraphs 5–7 of the Agreement. Under this provision, interested entities from Colombia or the United States have the right to request that a specific fabric, yarn, or fiber be added to, or removed from, the list of commercially unavailable fabrics, yarns, and fibers in Annex 3–B of the Agreement.

Chapter 3, Article 3.3, paragraph 7 of the Agreement requires that the President “promptly” publish procedures for parties to exercise the right to make these requests. Section 203(o)(4) of the Act authorizes the President to establish procedures to modify the list of fabrics, yarns, or fibers not available in commercial quantities in a timely manner in either the United States or Colombia as set out in Annex 3–B of the Agreement. The President delegated the responsibility for publishing the procedures and administering commercial availability requests to the Committee for the Implementation of Textile Agreements (“CITA”), which issues procedures and acts on requests through the U.S. Department of Commerce, Office of Textiles and Apparel (“OTEXA”) (See Proclamation No. 8818, 77 FR 29519, May 18, 2012).

The intent of the U.S.-Colombia TPA Commercial Availability Procedures is to foster the use of U.S. and regional products by implementing procedures that allow products to be placed on or removed from a product list, on a timely basis, and in a manner that is consistent with normal business practice. The procedures are intended to facilitate the transmission of requests; allow the market to indicate the availability of the supply of products that are the subject of requests; make available promptly, to interested entities and the public, information regarding the requests for

products and offers received for those products; ensure wide participation by interested entities and parties; allow for careful review and consideration of information provided to substantiate requests, responses and rebuttals; and provide timely public dissemination of information used by CITA in making commercial availability determinations.

CITA must collect certain information about fabric, yarn, or fiber technical specifications and the production capabilities of Colombian and U.S. textile producers to determine whether certain fabrics, yarns, or fibers are available in commercial quantities in a timely manner in the United States or Colombia, subject to Section 203(o) of the Act.

II. Method of Collection

Participants in a commercial availability proceeding must submit public versions of their Requests, Responses or Rebuttals electronically (via email) for posting on OTEXA’s Web site. Confidential versions of those submissions which contain business confidential information must be delivered in hard copy to OTEXA at the U.S. Department of Commerce.
