

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67196; File No. SR-NYSEArca-2012-57]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Proposed Rule Change Relating to the Listing and Trading of QAM Equity Hedge ETF Under NYSE Arca Equities Rule 8.600

June 13, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act” or “Exchange Act”) ¹ and Rule 19b-4 thereunder,² notice is hereby given that, on June 1, 2012, NYSE Arca, Inc. (“Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to list and trade the following under NYSE Arca Equities Rule 8.600 (“Managed Fund Shares”): QAM Equity Hedge ETF. The text of the proposed rule change is available on the Exchange’s Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade the following Managed Fund

Shares ³ (“Shares”) under NYSE Arca Equities Rule 8.600: QAM Equity Hedge ETF (“Fund”).⁴ The Shares will be offered by AdvisorShares Trust (“Trust”), a statutory trust organized under the laws of the State of Delaware and registered with the Commission as an open-end management investment company.⁵ The investment adviser to the Fund is AdvisorShares Investments, LLC (“Adviser”). Commerce Asset Management serves as investment sub-adviser to the Fund (“Sub-Adviser”) and provides day-to-day portfolio management of the Fund. Foreside Fund Services, LLC (“Distributor”) is the principal underwriter and distributor of the Fund’s Shares. The Bank of New York Mellon Corporation (“Administrator”) serves as

³ A Managed Fund Share is a security that represents an interest in an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1) (“1940 Act”) organized as an open-end investment company or similar entity that invests in a portfolio of securities selected by its investment adviser consistent with its investment objectives and policies. In contrast, an open-end investment company that issues Investment Company Units, listed and traded on the Exchange under NYSE Arca Equities Rule 5.2(j)(3), seeks to provide investment results that correspond generally to the price and yield performance of a specific foreign or domestic stock index, fixed income securities index, or combination thereof.

⁴ The Commission approved NYSE Arca Equities Rule 8.600 and the listing and trading of certain funds of the PowerShares Actively Managed Exchange-Traded Funds Trust on the Exchange pursuant to Rule 8.600 in Securities Exchange Act Release No. 57619 (April 4, 2008), 73 FR 19544 (April 10, 2008) (SR-NYSEArca-2008-25). The Commission also previously approved listing and trading on the Exchange of a number of actively managed funds under Rule 8.600. *See, e.g.*, Securities Exchange Act Release Nos. 60460 (August 7, 2009), 74 FR 41468 (August 17, 2009) (SR-NYSEArca-2009-55) (order approving listing of Dent Tactical ETF); 61365 (January 15, 2010), 75 FR 4124 (January 26, 2010) (SR-NYSEArca-2009-114) (order approving listing and trading of Grail McDonnell Fixed Income ETFs); 60981 (November 10, 2009), 74 FR 59594 (November 18, 2009) (SR-NYSEArca-2009-79) (order approving listing of five fixed income funds of the PIMCO ETF Trust); 62502 (July 15, 2010), 75 FR 42471 (July 21, 2010) (SR-NYSEArca-2010-57) (order approving listing of AdvisorShares WCM/BNY Mellon Focused Growth ADR ETF); and 63076 (October 12, 2010), 75 FR 63874 (October 18, 2010) (SR-NYSEArca-2010-79) (order approving listing of Cambria Global Tactical ETF).

⁵ The Trust is registered under the 1940 Act. On September 16, 2011, the Trust filed with the Commission an amendment to its registration statement on Form N-1A under the Securities Act of 1933 (15 U.S.C. 77a) (“Securities Act”) and under the 1940 Act relating to the Fund (File Nos. 333-157876 and 811-22110) (“Registration Statement”). The description of the operation of the Trust and the Fund herein is based, in part, on the Registration Statement. In addition, the Commission has issued an order granting certain exemptive relief to the Trust under the 1940 Act. *See* Investment Company Act Release No. 28822 (July 20, 2009) (File No. 812-13488) (“Exemptive Order”).

administrator, custodian, and transfer agent for the Fund.

Commentary .06 to Rule 8.600 provides that, if the investment adviser to the investment company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a “fire wall” between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such investment company portfolio. In addition, Commentary .06 further requires that personnel who make decisions on the open-end fund’s portfolio composition must be subject to procedures designed to prevent the use and dissemination of material, non-public information regarding the open-end fund’s portfolio.⁶ Commentary .06 to Rule 8.600 is similar to Commentary .03(a)(i) and (iii) to NYSE Arca Equities Rule 5.2(j)(3); however, Commentary .06 in connection with the establishment of a “fire wall” between the investment adviser and the broker-dealer reflects the applicable open-end fund’s portfolio, not an underlying benchmark index, as is the case with index-based funds. The Adviser is not affiliated with a broker-dealer. The Sub-Adviser is affiliated with Commerce Square Trading, LLC, a broker-dealer, and has implemented a fire wall with respect to its broker-dealer affiliate regarding access to information concerning the composition and/or changes to the portfolio. In the event (a) the Adviser or the Sub-Adviser becomes newly affiliated with a broker-dealer, or (b) any new adviser or sub-adviser becomes affiliated with a broker-dealer, it will implement a fire wall with respect to

⁶ An investment adviser to an open-end fund is required to be registered under the Investment Advisers Act of 1940 (“Advisers Act”). As a result, the Adviser and Sub-Adviser and their related personnel are subject to the provisions of Rule 204A-1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance with other applicable securities laws. Accordingly, procedures designed to prevent the communication and misuse of non-public information by an investment adviser must be consistent with Rule 204A-1 under the Advisers Act. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment adviser to provide investment advice to clients unless such investment adviser has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment adviser and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

such broker-dealer regarding access to information concerning the composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material, non-public information regarding such portfolio.

Principal Investment Strategies

According to the Registration Statement, the Fund seeks investment results that exceed the risk adjusted performance of approximately 50% of the long/short equity hedge fund universe as defined by the HFRI Equity Hedge (Total) Index (“HFRI Index”) constituents.⁷ The Fund is a “fund of funds” that seeks to achieve its investment objective, under normal circumstances,⁸ by investing at least 60% of its portfolio in both long and short positions in exchange-traded funds (“ETFs”)⁹ and exchange-traded notes (“ETNs”)¹⁰ that offer diversified exposure to global regions, countries, investment styles (*i.e.*, value, growth), sectors, and industries, as well as exchange-traded currency and commodity trusts (collectively, with ETFs and ETNs, “Underlying ETPs”),¹¹ including Underlying ETPs that invest in short duration debt, cash, other cash

⁷ The HFRI Index contains more than 2,400 funds. Instead of the Fund having an investment objective to outperform the HFRI Index, the Fund’s investment objective is to outperform 50% of the constituents in the HFRI Index.

⁸ The term “under normal circumstances” includes, but is not limited to, the absence of extreme volatility or trading halts in the equity markets or the financial markets generally; operational issues causing dissemination of inaccurate market information; or force majeure type events such as systems failure, natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption, or any similar intervening circumstance.

⁹ For purposes of this proposed rule change, ETFs are securities registered under the 1940 Act such as those listed and traded on the Exchange under NYSE Arca Equities Rules 5.2(j)(3) (Investment Company Units), 8.100 (Portfolio Depository Receipts), and 8.600 (Managed Fund Shares).

¹⁰ For purposes of this proposed rule change, ETNs are securities that are registered pursuant to the Securities Act such as those listed and traded on the Exchange pursuant to NYSE Arca Equities Rule 5.2(j)(6). ETNs are debt obligations of investment banks that are traded on exchanges and the returns of which are linked to the performance of market indexes. In addition to trading ETNs on exchanges, investors may redeem ETNs directly with the issuer on a weekly basis, typically in a minimum amount of 50,000 units, or hold the ETNs until maturity.

¹¹ Underlying ETPs include, in addition to ETFs and ETNs, the following securities: Trust Issued Receipts (as described in NYSE Arca Equities Rule 8.200); Commodity-Based Trust Shares (as described in NYSE Arca Equities Rule 8.201); Currency Trust Shares (as described in NYSE Arca Equities Rule 8.202); Commodity Index Trust Shares (as described in NYSE Arca Equities Rule 8.203); and closed-end funds. The Underlying ETPs all will be listed and traded in the U.S. on registered exchanges.

equivalents, and other highly liquid instruments based on the Sub-Adviser’s current analysis. The Sub-Adviser seeks to achieve the Fund’s investment objective by taking long and short positions in Underlying ETPs that the Sub-Adviser believes, in the aggregate, will track the performance of a selected universe of long/short equity hedge funds.¹² The Underlying ETPs in which the Fund will invest will primarily be index-based ETFs that hold substantially all of their assets in securities that offer diversified exposure to global regions, countries, investment styles, sectors, and industries.

In managing the Fund’s portfolio, among other proprietary analytics, the Sub-Adviser will utilize Markov Processes International, LLC’s (“MPI”) Dynamic Style Analysis (“DSA”) patented hedge fund analysis software to help select the Fund’s investments and determine the allocation among such investments. The Sub-Adviser will identify approximately 50 market factors that track the aggregated exposure and approximate the returns of the selected universe of long/short equity hedge funds. The Sub-Adviser will use DSA and other proprietary analytics to define and track the various market factors and relative exposures and to adjust the Fund’s portfolio as necessary. At any given time, such market factors may include country exposure, sector exposure, industry exposure, and currency exposure. In seeking to achieve its investment objective, the Fund will seek to remain invested at all times in securities or derivatives (as described below) that provide the desired exposures to market factors.

The Fund’s portfolio typically will consist of up to 50 Underlying ETPs and other securities, as described below. Under normal circumstances, the Fund’s largest or maximum investment in any single issuer will range between 5% and 10% of the Fund’s portfolio.

The Fund, through its investment in Underlying ETPs, may invest in closed-end funds, pooled investment vehicles that are registered under the 1940 Act and whose shares are listed and traded on U.S. national securities exchanges.

The Fund, through its investment in Underlying ETPs, may invest in the equity securities of foreign issuers, including the securities of foreign issuers in emerging countries. Emerging

¹² According to the Registration Statement, long/short equity hedge funds typically buy stocks, ETFs, ETNs, or currencies that the hedge fund managers expect will appreciate, and concurrently either sell short stocks, ETFs, ETNs, or currencies that the hedge fund managers expect will decline in value or to hedge market or sector exposures.

or developing markets exist in countries that are considered to be in the initial stages of industrialization.¹³

The Fund, through its investment in Underlying ETPs, may invest in shares of real estate investment trusts (“REITs”), which are pooled investment vehicles which invest primarily in real estate or real estate-related loans.

Other Investment Practices and Strategies

To respond to adverse market, economic, political or other conditions, the Fund may invest 100% of its total assets, without limitation, in high-quality debt securities and money market instruments either directly or through Underlying ETPs. The Fund may be invested in this manner for extended periods depending on the Sub-Adviser’s assessment of market conditions. Debt securities and money market instruments include shares of mutual funds, commercial paper, certificates of deposit, bankers’ acceptances, U.S. Government securities, repurchase agreements, and bonds that are BBB or higher.

Under normal circumstances, the Fund may hold up to 40% of its portfolio in other investments. For example, on a day-to-day basis, the Fund may hold money market instruments, cash or cash equivalents, and/or Underlying ETPs that invest in these and other highly liquid instruments, to collateralize its derivative positions.

The Fund, or the Underlying ETPs in which it invests, may invest in U.S. Treasury zero-coupon bonds. These securities are U.S. Treasury bonds which have been stripped of their unmatured interest coupons, the coupons themselves, and receipts or certificates representing interests in such stripped debt obligations and coupons. Interest is not paid in cash during the term of these securities, but is accrued and paid at maturity.

The Fund or an Underlying ETP may invest in equity securities, which represent ownership interests in a company or partnership and consist of common stocks, preferred stocks,

¹³ According to the Registration Statement, the risks of investing in these markets are similar to the risks of international investing in general, although the risks are greater in emerging and developing markets. Countries with emerging or developing securities markets tend to have economic structures that are less stable than countries with developed securities markets. This is because their economies may be based on only a few industries and their securities markets may trade a small number of securities. Prices on these exchanges tend to be volatile, and securities in these countries historically have offered greater potential for gain (as well as loss) than securities of companies located in developed countries.

warrants to acquire common stock, securities convertible into common stock, and investments in master limited partnerships.

The Fund or an Underlying ETP may invest in American Depositary Receipts (“ADRs”), as well as Global Depositary Receipts (“GDRs”, together with ADRs, “Depositary Receipts”), which are certificates evidencing ownership of shares of a foreign issuer. Depositary Receipts will be sponsored. These certificates are issued by depositary banks and generally trade on an established market in the United States or elsewhere. The underlying shares are held in trust by a custodian bank or similar financial institution in the issuer’s home country. The depositary bank may not have physical custody of the underlying securities at all times and may charge fees for various services, including forwarding dividends and interest and corporate actions. Depositary Receipts are alternatives to directly purchasing the underlying foreign securities in their national markets and currencies. However, Depositary Receipts continue to be subject to many of the risks associated with investing directly in foreign securities.

The Fund, or the Underlying ETPs in which it invests, may invest in U.S. government securities. Securities issued or guaranteed by the U.S. government or its agencies or instrumentalities include U.S. Treasury securities, which are backed by the full faith and credit of the U.S. Treasury and which differ only in their interest rates, maturities, and times of issuance. U.S. Treasury bills have initial maturities of one-year or less; U.S. Treasury notes have initial maturities of one to ten years; and U.S. Treasury bonds generally have initial maturities of greater than ten years. Certain U.S. government securities are issued or guaranteed by agencies or instrumentalities of the U.S. government including, but not limited to, obligations of U.S. government agencies or instrumentalities such as Fannie Mae, Freddie Mac, the Government National Mortgage Association (Ginnie Mae), the Small Business Administration, the Federal Farm Credit Administration, the Federal Home Loan Banks, Banks for Cooperatives (including the Central Bank for Cooperatives), the Federal Land Banks, the Federal Intermediate Credit Banks, the Tennessee Valley Authority, the Export-Import Bank of the United States, the Commodity Credit Corporation, the Federal Financing Bank, the Student Loan Marketing Association, the National Credit Union Administration, and the Federal

Agricultural Mortgage Corporation (Farmer Mac).

The Fund may not (i) with respect to 75% of its total assets, purchase securities of any issuer (except securities issued or guaranteed by the U.S. Government, its agencies or instrumentalities, or shares of investment companies) if, as a result, more than 5% of its total assets would be invested in the securities of such issuer; or (ii) acquire more than 10% of the outstanding voting securities of any one issuer. For purposes of this policy, the issuer of the underlying security will be deemed to be the issuer of any respective Depositary Receipt.¹⁴

The Fund may not invest 25% or more of its total assets in the securities of one or more issuers conducting their principal business activities in the same industry or group of industries. This limitation does not apply to investments in securities issued or guaranteed by the U.S. Government, its agencies or instrumentalities, or shares of investment companies. The Fund will not invest 25% or more of its total assets in any investment company that so concentrates. For purposes of this policy, the issuer of the underlying security will be deemed to be the issuer of any respective Depositary Receipt.¹⁵

While the Fund may invest up to 40% of its total assets in put and call options on indices (and enter into related closing transactions), exchange-listed futures contracts, and options on futures contracts, the Adviser expects that, under normal market conditions, the Fund will invest no more than 15% in such options and 15% in such futures on a daily basis.

The Fund may conduct foreign currency transactions on a spot (*i.e.*, cash) or forward basis (*i.e.*, by entering into forward contracts to purchase or sell foreign currencies up to 10% of its total assets). Currency transactions made on a spot basis are for cash at the spot rate prevailing in the currency exchange market for buying or selling currency.

The Fund may enter into repurchase agreements with financial institutions, which may be deemed to be loans. The Fund follows certain procedures designed to minimize the risks inherent in such agreements. These procedures include effecting repurchase transactions only with large, well-

capitalized, and well-established financial institutions whose condition will be continually monitored by the Sub-Adviser. The Fund may enter into reverse repurchase agreements without limit as part of the Fund’s investment strategy. Reverse repurchase agreements involve sales by the Fund of portfolio assets concurrently with an agreement by the Fund to repurchase the same assets at a later date at a fixed price.

The Fund may invest up to 15% of its total assets in swap agreements, including, but not limited to, total return swaps, index swaps, and interest rate swaps. The Fund may utilize swap agreements in an attempt to gain exposure to the securities in a market without actually purchasing those securities, or to hedge a position. In seeking to establish a long or short position in such instruments, the Fund may use swaps based on published indices, including international indices.

The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid securities (calculated at the time of investment), including Rule 144A securities and loan participation interests. The Fund will monitor its portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained, and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, or other circumstances, more than 15% of the Fund’s net assets are held in illiquid securities. Illiquid securities include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets as determined in accordance with Commission staff guidance.¹⁶

According to the Registration Statement, the Fund will seek to qualify for treatment as a Regulated Investment

¹⁶ The Commission has stated that long-standing Commission guidelines have required open-end funds to hold no more than 15% of their net assets in illiquid securities and other illiquid assets. See Investment Company Act Release No. 28193 (March 11, 2008), 73 FR 14618 (March 18, 2008), footnote 34. See also Investment Company Act Release No. 5847 (October 21, 1969), 35 FR 19989 (December 31, 1970) (Statement Regarding “Restricted Securities”); Investment Company Act Release No. 18612 (March 12, 1992), 57 FR 9828 (March 20, 1992) (Revisions of Guidelines to Form N-1A). A fund’s portfolio security is illiquid if it cannot be disposed of in the ordinary course of business within seven days at approximately the value ascribed to it by the fund. See Investment Company Act Release No. 14983 (March 12, 1986), 51 FR 9773 (March 21, 1986) (adopting amendments to Rule 2a-7 under the 1940 Act); Investment Company Act Release No. 17452 (April 23, 1990), 55 FR 17933 (April 30, 1990) (adopting Rule 144A under the Securities Act).

¹⁴ The diversification standard is set forth in Section 5(b)(1) of the 1940 Act.

¹⁵ See Form N-1A, Item 9. The Commission has taken the position that a fund is concentrated if it invests more than 25% of the value of its total assets in any one industry. See, e.g., Investment Company Act Release No. 9011 (October 30, 1975), 40 FR 54241 (November 21, 1975).

Company ("RIC") under the Internal Revenue Code.¹⁷

Except for Underlying ETPs that may hold non-U.S. issues, the Fund will not otherwise invest in non-U.S.-registered issues.

The Fund's investments will be consistent with the Fund's investment objective and will not be used to enhance leverage. That is, while the Fund will be permitted to borrow as permitted under the 1940 Act, the Fund's investments will not be used to seek performance that is the multiple or inverse multiple (*i.e.*, 2Xs and 3Xs) of the Fund's broad-based securities market index (as defined in Form N-1A).¹⁸ The Fund will not invest in leveraged or inverse leveraged Underlying ETPs.

Net Asset Value

The Fund will calculate NAV by: (i) Taking the current market value of its total assets; (ii) subtracting any liabilities; and (iii) dividing that amount by the total number of Shares owned by shareholders. The Fund will calculate NAV once each business day as of the close of normal trading on the New York Stock Exchange ("NYSE") (normally, 4:00 p.m., Eastern Time). In calculating NAV, the Fund generally will value investment portfolios at market price. If market prices are unavailable or the Fund thinks that they are unreliable, or when the value of a security has been materially affected by events occurring after the relevant market closes, the Fund will price those securities at fair value as determined in good faith using

¹⁷ 26 U.S.C. 851. One of several requirements for RIC qualification is that the Fund must receive at least 90% of the Fund's gross income each year from dividends, interest, payments with respect to securities loans, gains from the sale, or other disposition of stock, securities, or foreign currencies, or other income derived with respect to the Fund's investments in stock, securities, foreign currencies, and net income from an interest in a qualified publicly traded partnership ("90% Test"). A second requirement for qualification as a RIC is that the Fund must diversify its holdings so that, at the end of each fiscal quarter of the Fund's taxable year: (a) At least 50% of the market value of the Fund's total assets is represented by cash and cash items, U.S. Government securities, securities of other RICs, and other securities, with these other securities limited, in respect to any one issuer, to an amount not greater than 5% of the value of the Fund's total assets or 10% of the outstanding voting securities of such issuer; and (b) not more than 25% of the value of its total assets are invested in the securities (other than U.S. Government securities or securities of other RICs) of any one issuer or two or more issuers which the Fund controls and which are engaged in the same, similar, or related trades or businesses, or the securities of one or more qualified publicly traded partnership ("Asset Test").

¹⁸ The Fund's broad-based securities market index, which is to be determined, will be identified in an amendment to the Registration Statement.

methods approved by the Board of Trustees.

The use of fair valuation in pricing a security involves the consideration of a number of subjective factors and, therefore, is susceptible to the unavoidable risk that the valuation may be higher or lower than the price at which the security might actually trade if a reliable market price were readily available.

Creation and Redemption of Shares

The Fund will offer and issue Shares on a continuous basis at NAV only in aggregated lots of 50,000 or more Shares (each a "Creation Unit" or "Creation Unit Aggregation"), generally in exchange for: (i) A basket of equity securities ("Deposit Securities"); and (ii) an amount of cash ("Cash Component"). Shares are redeemable only in Creation Unit Aggregations, and, generally, in exchange for portfolio securities and a specified cash payment.

A "creator" will enter into an authorized participant agreement ("Participant Agreement") with the Distributor or use a Depository Trust Company ("DTC") participant who has executed a Participant Agreement ("Authorized Participant"), and deposit into the Fund a portfolio of securities closely approximating the holdings of the Fund and a specified amount of cash, together totaling the NAV of the Creation Unit(s), in exchange for 50,000 Shares of the Fund (or multiples thereof).

All orders to purchase Creation Units must be received by the Distributor no later than the close of the regular trading session on the NYSE (ordinarily 4:00 p.m., Eastern Time) on the date such order is placed in order for the purchase of Creation Units to be effected based on the NAV of Shares of the Fund as next determined on such date after receipt of the order in proper form.

Shares may be redeemed only in Creation Units at their NAV next determined after receipt of a redemption request in proper form by the Fund through the Administrator and only on a business day. With respect to the Fund, the Administrator, through the National Securities Clearing Corporation, will make available immediately prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern Time) on each business day, the portfolio of securities ("Fund Securities") that will be applicable to redemption requests received in proper form on that day. Fund Securities received on redemption may not be identical to Deposit Securities which are applicable to creations of Creation Units. Unless cash

redemptions are available or specified for the Fund, the redemption proceeds for a Creation Unit generally will consist of Fund Securities plus cash in an amount equal to the difference between the NAV of the Shares being redeemed, as next determined after a receipt of a request in proper form, and the value of the Fund Securities less a redemption transaction fee, as described in the Registration Statement. In the event that the Fund Securities have a value greater than the NAV of the Shares, a compensating cash payment equal to the differential will be required to be made by or through an Authorized Participant by the redeeming shareholder.

The Shares will conform to the initial and continued listing criteria under NYSE Arca Equities Rule 8.600. The Exchange represents that, for initial and/or continued listing, the Fund will be in compliance with Rule 10A-3 under the Exchange Act,¹⁹ as provided by NYSE Arca Equities Rule 5.3. A minimum of 100,000 Shares for the Fund will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time.

Availability of Information

The Fund's Web site (www.advisorshares.com), which will be publicly available prior to the public offering of Shares, will include a form of the prospectus for the Fund that may be downloaded. The Fund's Web site will include additional quantitative information updated on a daily basis, including, for the Fund, (1) daily trading volume, the prior business day's reported closing price, NAV and mid-point of the bid/ask spread at the time of calculation of such NAV ("Bid/Ask Price"),²⁰ and a calculation of the premium and discount of the Bid/Ask Price against the NAV, and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters. On each business day, before commencement of trading in Shares in the Core Trading Session on the Exchange, the Fund will disclose on its

¹⁹ 17 CFR 240.10A-3.

²⁰ The Bid/Ask Price of the Fund will be determined using the mid-point of the highest bid and the lowest offer on the Exchange as of the time of calculation of the Fund's NAV. The records relating to Bid/Ask Prices will be retained by the Fund and its service providers.

Web site the Disclosed Portfolio, as defined in NYSE Arca Equities Rule 8.600(c)(2), that will form the basis for the Fund's calculation of NAV at the end of the business day.²¹

On a daily basis, the Adviser will disclose for each portfolio security and other financial instrument of the Fund the following information on the Fund's Web site: Ticker symbol (if applicable), name of security and financial instrument, number of shares or dollar value of each security and financial instrument held in the portfolio, and percentage weighting of the security and financial instrument in the portfolio. The Web site information will be publicly available at no charge.

In addition, a basket composition file, which includes the security names and share quantities required to be delivered in exchange for the Fund's Shares, together with estimates and actual cash components, will be publicly disseminated daily prior to the opening of the NYSE via the National Securities Clearing Corporation. The basket represents one Creation Unit of the Fund.

Investors can also obtain the Trust's Statement of Additional Information ("SAI"), the Fund's Shareholder Reports, and the Trust's Form N-CSR and Form N-SAR, filed twice a year. The Trust's SAI and Shareholder Reports are available free upon request from the Trust, and those documents and the Form N-CSR and Form N-SAR may be viewed on-screen or downloaded from the Commission's Web site at www.sec.gov. Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services. Information regarding the previous day's closing price and trading volume information for the Shares will be published daily in the financial section of newspapers. Quotation and last-sale information for the Shares will be available via the Consolidated Tape Association ("CTA") high-speed line and, for the Underlying ETPs, will be available from the national securities exchange on which they are listed. In addition, the Portfolio Indicative Value, as defined in NYSE Arca Equities Rule 8.600(c)(3), will be widely disseminated at least every 15 seconds during the Core Trading Session by one or more

²¹ Under accounting procedures followed by the Fund, trades made on the prior business day ("T") will be booked and reflected in NAV on the current business day ("T+1"). Accordingly, the Fund will be able to disclose at the beginning of the business day the portfolio that will form the basis for the NAV calculation at the end of the business day.

major market data vendors.²² The dissemination of the Portfolio Indicative Value, together with the Disclosed Portfolio, will allow investors to determine the value of the underlying portfolio of the Fund on a daily basis and to provide a close estimate of that value throughout the trading day. The intra-day, closing, and settlement prices of the portfolio investments (e.g., Underlying ETPs, put and call options, futures contracts, forward contracts, money market funds, and options on futures contracts) will also be readily available from the national securities exchanges trading such securities, automated quotation systems, published or other public sources, or on-line information services such as Bloomberg or Reuters.

Additional information regarding the Trust and the Shares, including investment strategies, risks, creation and redemption procedures, fees, portfolio holdings disclosure policies, distributions, and taxes is included in the Registration Statement. All terms relating to the Fund that are referred to, but not defined in, this proposed rule change are defined in the Registration Statement.

Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund.²³ Trading in Shares of the Fund will be halted if the circuit breaker parameters in NYSE Arca Equities Rule 7.12 have been reached. Trading also may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) The extent to which trading is not occurring in the securities and/or the financial instruments comprising the Disclosed Portfolio of the Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares will be subject to NYSE Arca Equities Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted.

Trading Rules

The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of

²² Currently, it is the Exchange's understanding that several major market data vendors widely disseminate Portfolio Indicative Values taken from CTA or other data feeds.

²³ See NYSE Arca Equities Rule 7.12, Commentary .04.

equity securities. Shares will trade on the NYSE Arca Marketplace from 4:00 a.m. to 8:00 p.m., Eastern Time in accordance with NYSE Arca Equities Rule 7.34 (Opening, Core, and Late Trading Sessions). The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in NYSE Arca Equities Rule 7.6, Commentary .03, the minimum price variation ("MPV") for quoting and entry of orders in equity securities traded on the NYSE Arca Marketplace is \$0.01, with the exception of securities that are priced less than \$1.00 for which the MPV for order entry is \$0.0001.

Surveillance

The Exchange intends to utilize its existing surveillance procedures applicable to derivative products (which include Managed Fund Shares) to monitor trading in the Shares. The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

The Exchange's current trading surveillance focuses on detecting securities trading outside their normal patterns. When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

The Exchange may obtain information via the Intermarket Surveillance Group ("ISG") from other exchanges that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.²⁴ In addition, the Exchange could obtain information from the U.S. exchanges, all of which are ISG members, on which the Underlying ETPs, Depository Receipts, futures, options, and other applicable portfolio securities are listed and traded. The Exchange may obtain surveillance information from all securities exchanges listing and/or trading the securities held by the Fund.

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

Information Bulletin

Prior to the commencement of trading, the Exchange will inform its

²⁴ For a list of the current members of ISG, see www.isgportal.org. The Exchange notes that not all components of the Disclosed Portfolio for the Fund may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

Equity Trading Permit (“ETP”) Holders in an Information Bulletin (“Bulletin”) of the special characteristics and risks associated with trading the Shares. Specifically, the Bulletin will discuss the following: (1) The procedures for purchases and redemptions of Shares in Creation Unit Aggregations (and that Shares are not individually redeemable); (2) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (3) the risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated Portfolio Indicative Value will not be calculated or publicly disseminated; (4) how information regarding the Portfolio Indicative Value is disseminated; (5) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information.

In addition, the Bulletin will reference that the Fund is subject to various fees and expenses described in the Registration Statement. The Bulletin will discuss any exemptive, no-action, and interpretive relief granted by the Commission from any rules under the Exchange Act. The Bulletin will also disclose that the NAV for the Shares will be calculated after 4:00 p.m., Eastern Time each trading day.

2. Statutory Basis

The basis under the Exchange Act for this proposed rule change is the requirement under Section 6(b)(5)²⁵ that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market, and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares will be listed and traded on the Exchange pursuant to the initial and continued listing criteria in NYSE Arca Equities Rule 8.600. The Exchange has in place surveillance procedures that are adequate to properly monitor trading in the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws. The Sub-Adviser is affiliated with a broker-dealer, and has implemented a fire wall with respect to its broker-dealer affiliate regarding access to

information concerning the composition and/or changes to the portfolio. In addition, the Sub-Adviser is subject to procedures designed to prevent the use and dissemination of material, non-public information regarding such portfolio. The Exchange may obtain information via ISG from other exchanges that are members of ISG or with which the Exchange has entered into a comprehensive surveillance sharing agreement. In addition, the Exchange could obtain information from the U.S. exchanges, all of which are ISG members, on which the Underlying ETPs, Depositary Receipts, futures, options, and other applicable portfolio securities are listed and traded. The Fund seeks to achieve its investment objective, under normal circumstances, by investing at least 60% of its portfolio in both long and short positions in Underlying ETPs. The listing and trading of such Underlying ETPs is subject to rules of the exchanges on which they are listed and traded, as approved by the Commission. Except for Underlying ETPs that may hold non-U.S. issues, the Fund will not otherwise invest in non-U.S.-registered issues. Options, futures, and options on futures contracts in which the Fund invests will be U.S. exchange-listed. The Fund will invest no more than 15% of total assets in such options and 15% of total assets in such futures on a daily basis. The Fund may invest up to 15% of its total assets in swap agreements, including, but not limited to, total return swaps, index swaps, and interest rate swaps. The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid securities (calculated at the time of investment), including Rule 144A securities and loan participation interests. The Fund will not invest in leveraged or inverse leveraged Underlying ETPs. The Fund’s investments will be consistent with the Fund’s investment objective and will not be used to enhance leverage.

The proposed rule change is designed to promote just and equitable principles of trade and to protect investors and the public interest in that the Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time. In addition, a large amount of information will be publicly available regarding the Fund and the Shares, thereby promoting market transparency. Moreover, the Portfolio Indicative Value will be widely disseminated through the facilities of the CTA or by one or more

major market data vendors at least every 15 seconds during the Exchange’s Core Trading Session. On each business day, before commencement of trading in Shares in the Core Trading Session on the Exchange, the Fund will disclose on its Web site the Disclosed Portfolio that will form the basis for the Fund’s calculation of NAV at the end of the business day. Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers’ computer screens and other electronic services, and quotation and last-sale information will be available via the CTA high-speed line. The Web site for the Fund will include a form of the prospectus for the Fund and additional data relating to NAV and other applicable quantitative information. Moreover, prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin of the special characteristics and risks associated with trading the Shares. Trading in Shares of the Fund will be halted if the circuit breaker parameters in NYSE Arca Equities Rule 7.12 have been reached or because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable, and trading in the Shares will be subject to NYSE Arca Equities Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted. In addition, as noted above, investors will have ready access to information regarding the Fund’s holdings, the Portfolio Indicative Value, the Disclosed Portfolio, and quotation and last-sale information for the Shares.

The proposed rule change is designed to perfect the mechanism of a free and open market and, in general, to protect investors and the public interest in that it will facilitate the listing and trading of an additional type of actively managed exchange-traded product that will enhance competition among market participants, to the benefit of investors and the marketplace. As noted above, the Exchange has in place surveillance procedures relating to trading in the Shares and may obtain information via ISG from other exchanges that are members of ISG or with which the Exchange has entered into a comprehensive surveillance sharing agreement. In addition, as noted above, investors will have ready access to information regarding the Fund’s holdings, the Portfolio Indicative Value, the Disclosed Portfolio, and quotation and last-sale information for the Shares.

²⁵ 15 U.S.C. 78f(b)(5).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) By order approve or disapprove the proposed rule change, or
- (B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NYSEArca-2012-57 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090. All submissions should refer to File Number SR-NYSEArca-2012-57. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the

submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Section, 100 F Street NE., Washington, DC 20549, on official business days between 10:00 a.m. and 3:00 p.m. Copies of the filing will also be available for inspection and copying at the NYSE's principal office and on its Internet Web site at www.nyse.com. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSEArca-2012-57 and should be submitted on or before July 10, 2012.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁶

Kevin M. O'Neill,
Deputy Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67194; File No. SR-NYSEMKT-2012-08]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Amending Commentary .10 To Exchange Rule 903 Allowing the NYSE Amex Options To Open Short Term Option Series That Are Opened by Other Securities Exchanges in Option Classes Selected by Other Exchanges Under Their Respective Short Term Option Rules

June 13, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on June 12, 2012, NYSE MKT LLC (the "Exchange" or "NYSE MKT") filed with the Securities and Exchange Commission ("Commission") the proposed rule

²⁶ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Commentary .10 to Exchange Rule 903 to allow the NYSE Amex Options to open Short Term Option Series ("Weeklies") that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to amend Commentary .10 to Exchange Rule 903 to allow the Exchange to open Short Term Option Series ("Weeklies") that are opened by other securities exchanges in option classes selected by other exchanges under their respective short term option rules.³

Currently, the Exchange may select up to 5 currently listed option classes on which Weeklies options may be opened in the Weeklies Program and the Exchange may also match any option classes that are selected by other

³ On July 12, 2005, the Commission approved the Weeklies Program on a pilot basis. See Securities Exchange Act Release No. 52014 (July 12, 2005), 70 FR 41244 (July 18, 2005) (Amex-2005-035). The Weeklies Program was made permanent on June 23, 2010. See Securities Exchange Act Release No. 62370 (June 23, 2010), 75 FR 37870 (June 30, 2010) (SR-NYSEAmex-2010-62).
