NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because doing so would be impracticable and contrary to the public interest. The final details for this event were not known to the Coast Guard until there was insufficient time remaining before the event to publish an NPRM. Thus, delaying the effective date of this rule to wait for a comment period to run would be both impracticable and contrary to the public interest because it would inhibit the Coast Guard’s ability to protect spectators, participants and vessels from the hazards associated with power boat races, which are discussed further below.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. For the same reasons discussed in the preceding paragraph, waiting for 30 day notice period run

would be impracticable and contrary to the public interest.

B. Basis and Purpose

Between 10:00 a.m. and 4:00 p.m. on June 24, 2012 the OPA Racing LLC is holding an offshore powerboat race that will require the immediate area to be clear of all vessel traffic. The Captain of the Port Detroit has determined powerboat races in close proximity to watercraft and infrastructure pose significant risk to public safety and property. The likely combination of large numbers of recreation vessels, powerboats traveling at high speeds, and large numbers of spectators in close proximity to the water could easily result in serious injuries or fatalities.

C. Discussion of Rule

With the aforementioned hazards in mind, the Captain of the Port Detroit has determined that a special local regulation is necessary to ensure the safety of spectators, vessels, and participants. This special local regulation will be effective and enforced from 10:00 a.m. until 4:00 p.m. on June 24, 2012. This regulated area will encompass all waters of Tawas Bay, beginning at a point on land at 44°14′53″ N, 83°27′34″ W; extending west to a point on land at position 44°15′33″ N, 83°31′30″ W. All geographic coordinates are North American Datum of 1983 (NAD 83).

Entry into, transiting, or anchoring within the regulated area is prohibited unless authorized by the Captain of the Port Detroit or his designated on scene representative. The Captain of the Port or his designated on scene representative may be contacted via VHF Channel 16.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under that Orders. It is not “significant” under the regulatory policies and procedures of
