

Regulatory Flexibility Act

The rules have been reviewed with regard to the requirements of the Regulatory Flexibility Act (5 U.S.C. 601–612). Under Section 605(b) of the Regulatory Flexibility Act, 5 U.S.C. 605(b), the Agency has determined and certified by signature of this document that the rule will not have a significant economic impact on a substantial number of small entities since this rulemaking action does not involve a new or expanded program. Furthermore, the program does not treat entities differently based solely on their size.

Executive Order 13132, Federalism

The policies contained in the rule does not have any substantial direct effect on States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Nor do the rules impose substantial direct compliance costs on State and local governments. Therefore, consultation with the States is not required.

Implementation

It is the policy of this Department that rules relating to public property, loans, grants, benefits, or contracts shall comply with 5 U.S.C. 553, notwithstanding the exemption of that section with respect to such rules.

Paperwork Reduction Act

The revisions in this rulemaking for part 3575 are subject to the burden package assigned OMB control number 0575–0137. No paperwork changes are being proposed.

Executive Order 12372, Intergovernmental Review of Federal Programs

This proposed rule is not subject to the provisions of EO 12372, which require intergovernmental consultation with State and local officials, because this rule provides general guidance on something. Applications for Agency programs will be reviewed individually under EO 12372 as required by program procedures.

E-Government Act Compliance

The Agency is committed to complying with the E-Government Act, to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

Discussion

The Community Facilities Guaranteed Loan Program bolsters the credit available from private lending institutions through the guarantee of loans for essential community facilities in rural areas. This program has been in existence since 1992, and as it evolves, the need to define and revise terms is required.

Section 3575.24(a)(1)(x) currently identifies recreational facilities as eligible types of facilities for financing under this program; however, Agency experience shows that the current language is too brief and subject to different interpretation by prospective applicants and other program users. Therefore, the Agency proposes to revise the paragraph to more clearly convey to the public the Agency's policy with respect to the financing of essential community facilities that provide recreational services as part of addressing overall community development needs.

Section 3575.25 prohibits the financing with guaranteed loan funds on specific types of projects. The Agency proposes to add a paragraph (j) "Golf courses" to this section. This is based upon the Agency's experience to date in financing this type of project and the failure rate the Agency has experienced on golf course projects. Also, the lack of support demonstrated by the community indicates that a golf course is not essential to a rural community and is typically viewed as a commercial undertaking.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of proposed rulemaking and request for comments.

SUMMARY: The Department of Commerce (the Department) proposes to amend its regulations to add a subsection that strengthens the accountability of attorneys and non-attorney representatives who appear in proceedings before the Import Administration (IA). If this proposed rule is implemented, the Department will continue its long-standing practice of permitting attorneys and non-attorney representatives to appear before IA. The proposed rule provides that both attorneys and non-attorney representatives will be subject to

disciplinary action for misconduct based upon good cause. The proposed rule will assist the Department in maintaining the integrity of its proceedings by deterring misconduct by those who appear before it in antidumping duty (AD) and countervailing duty (CVD) proceedings. The Department is requesting comments on the proposed rule as discussed in more detail below.

DATES: The Department is requesting public comment on this proposed rule. To be assured consideration, all comments must be received no later than August 10, 2012. All comments should refer to RIN 0625-AA92.

ADDRESSES: To ensure the timely receipt and consideration of comments, the Department requires all comments to be submitted on-line through the Federal eRulemaking portal at *www.regulations.gov*, unless they do not have access to the Internet. FOR FURTHER INFORMATION CONTACT: Michele Lynch, Senior Counsel, Office of the General Counsel, Office of Chief Counsel for Import Administration, or Eric Greynolds, International Trade Program Manager, Office 3, Import Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230, 202-482-2879 or 202-482-6071, respectively.

SUPPLEMENTARY INFORMATION: In August 2010, in support of the National Export Initiative (NEI), the Department announced a number of proposals to strengthen the administration of the U.S. AD and CVD laws. One proposal addressed strengthening the accountability of attorneys and non-attorneys who practice before the Department. This proposal advances the purpose of the NEI by continuing rigorous enforcement of U.S. trade laws.

For decades, consistent with IA's regulations, attorneys and non-attorney representatives have practiced before IA without completing an application or obtaining a license from the Department. The proposed rule continues this long-standing practice and expressly identifies persons who may appear before the agency, including both attorneys and non-attorney representatives, and provides that such practitioners may be required to demonstrate to the agency their acceptability to act as practitioners. The proposed rule also (i) Establishes a good cause standard for the application of sanctions for misconduct, (ii) identifies possible sanctions for misconduct including suspension and barring one from practice before the agency or a lesser sanction (that may be public or private) at the Secretary's discretion, and (iii) permits attorneys and representatives to have an opportunity to present their views on the matter to the Department. If attorneys or representatives are suspended or barred from practice before the Department, the proposed rule provides that their names will appear on a public register of suspended or barred attorneys and representatives.
