Public Notice for Waiver of Aeronautical Land-Use Assurance; Chan Gurney Municipal Airport, Yankton, SD

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of intent of waiver with respect to land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal to authorize the release of 11.92 acres of the airport property at the Chan Gurney Municipal Airport, Yankton, South Dakota. The acreage being released is not needed for aeronautical use as currently identified on the Airport Layout Plan. There are no impacts to the airport by allowing the City of Yankton to trade properties. Approval does not constitute a commitment by the FAA to financially assist in the disposal of the airport property nor a determination of eligibility for grant-in-aid funding from the FAA.

In accordance with section 47107(h) of title 49, United States Code, this notice is required to be published in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for aeronautical purpose.
