SMALL BUSINESS ADMINISTRATION

Interest Rates

The Small Business Administration publishes an interest rate called the optional "peg" rate (13 CFR 120.214) on a quarterly basis. This rate is a weighted average cost of money to the government for maturities similar to the average SBA direct loan. This rate may be used as a base rate for guaranteed fluctuating interest rate SBA loans. This rate will be 2.500 (2½) percent for the July-September quarter of FY 2012.

Pursuant to 13 CFR 120.921(b), the maximum legal interest rate for any third party lender's commercial loan which funds any portion of the cost of a 504 project (see 13 CFR 120.801) shall be 6% over the New York Prime rate or, if that exceeds the maximum interest rate permitted by the constitution or laws of a given State, the maximum interest rate will be the rate permitted by the constitution or laws of the given State.

Eugene D. Stewman,
Acting Director, Office of Financial Assistance.

International Joint Commission

International Joint Commission Invites Public Comment on Upper Great Lakes Report

The International Joint Commission (IJC) announced today that it is inviting public comment on the final report of its International Upper Great Lakes Study Board, *Lake Superior Regulation: Addressing Uncertainty in Upper Great Lakes Water Levels*. Comments will be accepted at public hearings and by mail, email and on-line until August 31, 2012.

The Study examines whether the regulation of outflows from Lake Superior through the compensating works and power dams on the St. Marys River at Sault Ste. Marie might be improved to take into consideration the evolving needs of users on Lakes Superior, Huron, Michigan and Erie. The Commission is considering proposed changes to its Orders of Approval for the outflows of Lake Superior at the St. Marys River that have been recommended by the Study. The Study report also examines the potential future impacts of climate change, a management strategy to better anticipate and respond to future extreme water levels, the feasibility and implications of restoring water levels in lakes Michigan-Huron and multi-lake regulation and its impacts throughout the Great Lakes St-Lawrence system. The report and related supporting documents and peer review are available at the Upper Great Lakes Public Hearings Web site.

Commissioners invite the public to present comments at hearings that will be held the following dates and locations:

Video conference technology will be used to link the hearings scheduled from July 9–12 and to allow the participation of some Commissioners from other locations.

Two teleconferences will be held for those people who are not able to attend the meetings. One will be held in English and the other in French. Details of the teleconferences will be provided in a subsequent news release.

Written comments may be submitted to the IJC for receipt by August 31, 2012 from the *Upper Great Lakes Public*

Hearings Web site or to either address below: U.S. Section Secretary, International Joint Commission, 200 L Street NW., Suite 615, Washington, DC 20440, Fax: 202–632–2006, commission@washington.ijc.org Canadian Section Secretary, International Joint Commission, 234 Laurier Avenue West, 22nd Floor, Ottawa, ON K1P 6K6, Fax: 613–993–5583, commission@ottawa.ijc.org.

Technical questions should be sent in writing to the Commission if a detailed response is expected.

The International Joint Commission was established under the Boundary Waters Treaty of 1909 to help the United States and Canada prevent and resolve disputes over the use of the waters the two countries share. Its responsibilities include considering applications for projects that affect the natural levels and flows of boundary waters. For more information, visit the Commission's Web site at www.ijc.org.

BILLING CODE 4710–14–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Recommendations from Airman Testing Standards and Training Aviation Rulemaking Committee (ARC)

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of report availability.

SUMMARY: This notice announces the availability of a report from the ARC, which presents recommendations to enhance the content, process, and methodology for development of aeronautical knowledge testing and training materials.

FOR FURTHER INFORMATION CONTACT: Van L. Kerns, Manager, Regulatory Support Division, FAA Flight Standards Service, AFS 600, FAA Mike Monroney Aeronautical Center, P.O. Box 25082, Oklahoma City, OK 73125; telephone (405) 954–4431, email van.l.kerns@faa.gov.

SUPPLEMENTARY INFORMATION:

Background

On September 21, 2011, the FAA chartered the ARC to provide a forum for the U.S. aviation community to share its experience and expertise in the areas of aeronautical knowledge required for safer operation in today's National Airspace System (NAS).

The FAA's charge to the ARC was to help ensure that technical information related to airman knowledge tests,

computer testing supplements, knowledge test guides, and training handbooks incorporates the most current and relevant standards, policies, procedures, and techniques. The FAA specifically tasked the ARC with providing recommendations on the content of these materials, a process for stakeholder participation, and appropriate methodologies for developing test item bank questions. The FAA also requested the ARC's recommendations on prioritizing the enhancement of these materials.

Notice of Availability

The ARC submitted its report to FAA on April 13, 2012. The report is now available for review and download from the FAA Web site at: http://www.faa.gov/aircraft/draft_docs/arc.

Issued in Washington, DC on June 12, 2012.

Melvin O. Cintron,

Acting, Director, Flight Standards, AFS–1.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA–2012–0057]

Advanced Braking Technologies That Rely on Forward-Looking Sensors; Request for Comments

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Notice; Request for comments on research report.

SUMMARY: The National Highway Traffic Safety Administration (NHTSA) has, for about two years, been studying

advanced braking technologies that rely on forward-looking sensors to supplement driver braking or to actuate automatic braking in response to an impending crash. NHTSA believes these technologies show promise for enhancing vehicle safety by helping drivers to avoid crashes or mitigate the severity and effects of crashes. NHTSA is soliciting comments on the results of its research thus far to help guide its continued efforts in this area.

DATES: *Comments:* The agency must receive comments on or before September 4, 2012.

ADDRESSES: Comments should refer to the docket number above and be submitted by one of the following methods:

- *Federal Rulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Fax: 1–202–493–2251.

- *Mail:* Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12–140, Washington, DC 20590–0001.

- *Hand Delivery:* West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal Holidays.

Instructions: For detailed instructions on submitting comments and additional information on the rulemaking process, see the Public Participation heading of the Supplementary Information section of this document. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

Privacy Act: Anyone is able to search the electronic form of all comments received into any of our dockets by the
