

• We corrected the conversion rate from cubic meters to kilograms in valuing Feili’s natural gas.<sup>6</sup>

**Final Results of Review**

We determine that the dumping margins for the POR are as follows:

Exporter	Weighted-Average margin
Feili Group (Fujian) Co., Ltd., Feili Furniture Development Limited Quanzhou City .....	0.00

**Assessment**

The Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For assessment purposes, we calculated exporter/importer- (or customer) specific assessment rates for merchandise subject to this review. Where appropriate, we calculated an *ad valorem* rate for each importer (or customer) by dividing the total dumping margins for reviewed sales to that party by the total entered values associated with those transactions. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting *ad valorem* rate against the entered customs values for the subject merchandise. Where appropriate, we calculated a per-unit rate for each importer (or customer) by dividing the total dumping margins for reviewed sales to that party by the total sales quantity associated with those transactions. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting per-unit rate against the entered quantity of the subject merchandise. Where an importer- (or customer) specific assessment rate is *de minimis* under 19 CFR 351.106(c) (*i.e.*, less than 0.50 percent), the Department will instruct CBP to assess that importer (or customer’s) entries of subject merchandise without regard to antidumping duties. The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of the final results of these reviews.

**Cash Deposit Requirements**

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For Feili, because the rate is zero, no cash

deposit will be required; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate established in the final results of this review (*i.e.*, 70.71 percent); and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

**Notification to Interested Parties**

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Pursuant to 19 CFR 351.402(f)(3), failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the disposition of proprietary information disclosed under APO as explained in the administrative protective order itself. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice of the final results of these reviews is issued and published in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: June 27, 2012.

**Application(s) for Duty-Free Entry of Scientific Instruments**

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89–651, as amended by Pub. L. 106–36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before July 25, 2012. Address written comments to Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5 p.m. at the U.S. Department of Commerce in Room 3720.

*Docket Number: 12–025. Applicant: Medical University of South Carolina,*

<sup>6</sup> See *id.*, at Attachment 3.

169 Ashley Ave., Charleston, SC 29403. *Instrument*: Electron Microscope. *Manufacturer*: JEOL, Ltd., Japan. *Intended Use*: The instrument will be used to determine the characteristics and processes involved in tumorigenesis and the progression to metastatic disease, by examining human and animal tissue to ascertain changes in structure due to disease-related phenomenon. The use of electron microscopy provides structural assessments that may be coupled with physiological or other types of information derived from other techniques to better understand the development of disease. *Justification for Duty-Free Entry*: There are no instruments of the same general category manufactured in the United States. *Application accepted by Commissioner of Customs*: June 11, 2012.

*Docket Number*: 12–027. *Applicant*: University of Wyoming, 1000 E University Ave., Laramie, WY 82071. *Instrument*: Electron Microscope. *Manufacturer*: FEI Company, Czech Republic. *Intended Use*: The instrument will be used to study metals, metal oxides, metal chalcogenides, DNA, quantum dots, and carbon nanomaterials to determine their size, shape, morphology, composition and crystal structure. Properties such as durability, corrosion resistance, crystal growth, and fragmentation will be investigated. *Justification for Duty-Free Entry*: There are no instruments of the same general category manufactured in the United States. *Application accepted by Commissioner of Customs*: June 4, 2012.

*Docket Number*: 12–028. *Applicant*: Air Force Institute of Technology, 2950 Hobson Way, Wright-Patterson AFB, OH 45433–7765. *Instrument*: Electron Microscope. *Manufacturer*: FEI Company, Czech Republic. *Intended Use*: The instrument will be used to develop aircraft and components with increased reliability, performance, reduction of cost, and improved safety, using technology such as thermal shields, conductive wires, light-weight structural materials and nano-devices. Experiments will involve visual characterization of damaged components, experimental components, and reliability investigations on the nanometer scale, to identify porosity, fracture surface features, fiber damage, crack propagation, as well as the verification of properly designed nano-devices and related nanomaterials. *Justification for Duty-Free Entry*: There are no instruments of the same general category manufactured in the United States. *Application accepted by*

*Commissioner of Customs*: June 11, 2012.

*Docket Number*: 12–031. *Applicant*: Penn State College of Medicine, 500 University Dr., Hershey, PA 17033. *Instrument*: Electron Microscope. *Manufacturer*: JEOL, Ltd., Japan. *Intended Use*: The instrument will be used to further advance the body of research of the College of Medicine and the greater scientific community by studying multi-protein complexes, DNA protein complexes, small polypeptide binding sites and RNA polymerase, among other specimens. The instrument will be used for 3D image reconstruction from tomograms and single particle data sets imaged from vitrified specimens. *Justification for Duty-Free Entry*: There are no instruments of the same general category manufactured in the United States. *Application accepted by Commissioner of Customs*: June 13, 2012.

## DEPARTMENT OF COMMERCE

### International Trade Administration [A–570–967]

#### Aluminum Extrusions From the People's Republic of China: Preliminary Results of Changed Circumstances Review

**AGENCY**: Import Administration, International Trade Administration, Department of Commerce. **SUMMARY**: On December 27, 2011, the Department of Commerce (“the Department”) published in the **Federal Register** a notice of initiation of a changed circumstances review (“CCR”) of the antidumping duty order on aluminum extrusions from the People's Republic of China (“PRC”) in order to determine whether Guangdong Zhongya Aluminum Company Limited (“Guangdong Zhongya”) is the successor-in-interest to Zhaoqing New Zhongya Aluminum Co., Ltd. (“New Zhongya”). We have preliminarily determined that Guangdong Zhongya is the successor-in-interest to New Zhongya for the purpose of determining antidumping duty liability. Interested parties are invited to comment on these preliminary results.

**DATES**: *Effective Date*: July 5, 2012.

**FOR FURTHER INFORMATION CONTACT**: Eve Wang, AD/CVD Operations, Office 8,

Import Administration, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: 202–482–6231.

#### SUPPLEMENTARY INFORMATION:

##### Background

New Zhongya, a producer of aluminum extrusions, participated in the antidumping duty investigation of aluminum extrusions from the PRC. The Department issued its final determination for this investigation on April 4, 2011.<sup>1</sup> As a result of that final determination, New Zhongya's weighted-average dumping margin is 33.28 percent.<sup>2</sup> The antidumping duty order was issued on May 26, 2011.<sup>3</sup>

On November 7, 2011, New Zhongya requested a changed circumstances review claiming that it had undergone a name change to Guangdong Zhongya Aluminum Company Limited.<sup>4</sup> New Zhongya requested that the antidumping duty rate, which was assigned to New Zhongya and was in effect before the date of the name change (*i.e.*, August 16, 2011), continue under the new name. New Zhongya's request, stating that it underwent no changes other than the change in the name, was accompanied by supporting documents from Chinese government authorities,<sup>5</sup> recognizing and approving the name change. Specifically, New Zhongya stated that no changes were made in personnel, management, ownership, facilities, customers, suppliers, *etc.*

In response to this request, on December 27, 2011, the Department initiated a CCR, and on January 27, 2012, the Department issued a questionnaire to New Zhongya. New Zhongya filed its questionnaire response on February 24, 2012. Its submission included organizational charts, employment contracts, board meeting minutes, monthly income statements
