Additionally, BOEM has created a tailored map of the potentially affected area through the Multipurpose Marine Cadastre (MMC) Web site, <http://boem.gov/Oil-and-Gas-Energy-Program/Leasing/Five-Year-Program/Lease-Sale-Schedule/Interactive-Maps.aspx>. This map is an integrated marine information system that provides a more comprehensive look at geospatial data and ongoing activities and studies occurring in the area being considered. This Web site provides the ability to view multiple data layers of existing geospatial data. Commenters can suggest data layers for consideration by following the commenting instructions below.

Scoping Process: Through this NOI, BOEM is also announcing the scoping process for the WPA/CPA Supplemental EIS. Throughout the scoping process, Federal, state, tribal, and local government agencies, and other interested parties have the opportunity to aid BOEM in determining the significant issues, reasonable alternatives, and potential mitigation measures to be analyzed in the WPA/CPA Supplemental EIS, as well as providing additional information. BOEM will use the NEPA commenting process to satisfy the public involvement process for Section 106 of the National Historic Preservation Act (16 U.S.C. 470f), as provided for in 36 CFR 800.2(d)(3).

Cooperating Agency: BOEM invites other Federal agencies and state, tribal, and local governments to consider becoming cooperating agencies in the preparation of the WPA/CPA Supplemental EIS. We invite qualified government entities to inquire about cooperating agency status for the WPA/CPA Supplemental EIS. Following the guidelines from the Council of Environmental Quality (CEQ), qualified agencies and governments are those with “jurisdiction by law or special expertise.” Potential cooperating agencies should consider their authority and capacity to assume the responsibilities of a cooperating agency and to remember that an agency’s role in the environmental analysis neither enlarges nor diminishes the final decisionmaking authority of any other agency involved in the NEPA process. Upon request, BOEM will provide potential cooperating agencies with a written summary of ground rules for cooperating agencies, including time schedules and critical action dates, milestones, responsibilities, scope and detail of cooperating agencies’

contributions, and availability of predecisional information. BOEM anticipates this summary will form the basis for a Memorandum of Agreement between BOEM and each cooperating agency. Agencies should also consider the “Factors for Determining Cooperating Agency Status” in Attachment 1 to CEQ’s January 30, 2002, *Memorandum for the Heads of Federal Agencies: Cooperating Agencies in Implementing the Procedural Requirements of the National Environmental Policy Act*. These documents are available at the following locations on the Internet: [http://nepa.fhwa.dot.gov/ReNEPA/ReNepa.nsf/All+Documents/D155918ABFA4EB3A85256BF20071E9AE/\\$FILE/Cooperating%20Agencies%20Memorandum.1.30.02.doc](http://nepa.fhwa.dot.gov/ReNEPA/ReNepa.nsf/All+Documents/D155918ABFA4EB3A85256BF20071E9AE/$FILE/Cooperating%20Agencies%20Memorandum.1.30.02.doc) and [http://nepa.fhwa.dot.gov/ReNEPA/ReNepa.nsf/All+Documents/D155918ABFA4EB3A85256BF20071E9AE/\\$FILE/Cooperating%20Agency%20Memo%20Factors.1.30.02.doc](http://nepa.fhwa.dot.gov/ReNEPA/ReNepa.nsf/All+Documents/D155918ABFA4EB3A85256BF20071E9AE/$FILE/Cooperating%20Agency%20Memo%20Factors.1.30.02.doc).

BOEM, as the lead agency, will not provide financial assistance to cooperating agencies. Even if an organization is not a cooperating agency, opportunities will exist to provide information and comments to BOEM during the normal public input stages of the NEPA/EIS process. For further information about cooperating agencies, please contact Mr. Gary D. Goeke at (504) 736–3233.

Comments: All interested parties, including Federal, state, and local government agencies, and the general public, may submit written comments on the scope of the WPA/CPA Supplemental EIS, significant issues that should be addressed, alternatives that should be considered, potential mitigation measures, and the types of oil and gas activities of interest in the proposed lease sale areas.

Written scoping comments may be submitted in one of the following two ways:

1. In an envelope labeled “Scoping for the WPA/CPA Supplemental EIS” and mailed (or hand delivered) to Mr. Gary D. Goeke, Chief, Regional Assessment Section, Office of Environment (MS 5410), Bureau of Ocean Energy Management, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123–2394; or

2. BOEM email address: Ls_233_231SEIS@boem.gov.

Petitions, although accepted, do not generally provide useful information to assist in scoping. BOEM does not consider anonymous comments. Before including your address, phone number, email address, or other personal

identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. If you wish for your name and/or address to be withheld, you must state your preference prominently at the beginning of your comment. All submissions from organizations or businesses and from individuals identifying themselves as representatives or officials of organizations or businesses will be made available for public inspection in their entirety.

DATES: Comments must be received no later than August 8, 2012 at the address specified below.

FOR FURTHER INFORMATION CONTACT: For information on the WPA/CPA Supplemental EIS, scoping process, the submission of comments, or BOEM’s policies associated with this notice, please contact Mr. Gary D. AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review the presiding administrative law judge’s (“ALJ”) initial determination (“ID”) (Order No. 10) terminating the investigation with respect to sole respondent Vizio, Inc. (“Vizio”) on the

basis of a settlement agreement. The investigation is terminated.

FOR FURTHER INFORMATION CONTACT: Jia Chen, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 708-4737. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on September 19, 2011, based on a complaint filed by Renesas Electronics Corporation ("Renesas") of Tokyo, Japan. 76 FR 58041 (Sept. 19, 2011). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, by reason of infringement of certain claims of U.S. Patent Nos. 7,199,432 and 6,531,400. The complaint further alleges the existence of a domestic industry. The sole respondent named in the Commission's notice of investigation is Vizio of Irvine, California.

On June 4, 2012, complainant Renesas and respondent Vizio filed a joint motion pursuant to Commission Rule 210.21(a)(2) to terminate the investigation on the basis of a settlement agreement ("Settlement Agreement") that resolves their litigation. Public and confidential versions of the Settlement Agreement were attached to the motion. The motion also stated that there are no other agreements, written or oral, express or implied, between the parties concerning the subject matter of this investigation. On June 7, 2012, the Commission investigative attorney filed a response supporting the motion.

On June 11, 2012, the ALJ issued the subject ID granting the motion, finding that no extraordinary circumstances exist that would prevent the requested termination of the investigation in its entirety and that the motion fully complies with Commission Rule 210.21. The ID also found that termination of the investigation based on the

settlement does not impose any undue burden on the public health and welfare, competitive conditions in the U.S. economy or U.S. consumers. No petitions for review were received. The Commission has determined not to review the ID.

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: July 2, 2012.

Lisa R. Barton,

Secretary to the Commission.
