6. What is the extent of interagency coordination and collaboration?

7. How are state and local-level systems changing in response to the HTI implementation? How does state and local-level policy change affect the implementation of the Initiative?

8. Who provides services (i.e., program staff, agency site)?

9. What services are being provided (i.e., modality, type, intensity, duration)?

10. Is there a viable cultural and linguistic competence plan?

11. What are the individual characteristics of the youth and young adults (i.e., who is being served)?

12. In what settings (i.e., system, community) are they being served?

Outcome Evaluation Questions

1. What is the effect of the HTI intervention on the participants?

2. What is the effect of the HTI intervention, compared to a sample of similar young adults not participating in the HTI intervention?

3. What program factors are associated with the observed outcomes?

4. What individual factors are associated with the observed outcomes?

5. How durable are the effects over 24 months?

Process Evaluation

The process evaluation is designed to assess the fidelity of grantees to implement their proposed program model, and consists of young person focus groups, young person surveys, youth mentor focus groups, transitional program personnel interviews and surveys, and local and state administrator interviews. Process evaluation data will be collected in two waves during FY 2012 and during FY 2014 and, with the exception of the state administrator interviews, participants are not expected to participate more than one time during the 2 waves of data collection.

Outcome Evaluation

The outcome evaluation is designed to assess outcomes of youth and young adults in regards to education, employment, housing, mental health and co-occurring disorders, and involvement with the juvenile and criminal justice systems. The outcome evaluation will utilize both an enhanced and standard data collection and a longitudinal cohort design, and will include a comparative study to assess the effectiveness of HTI relative to a similar sample of young persons who did not receive HTI services. In the standard data collection protocol, outcome data will be collected for each HTI young adult participant, at a minimum of, at baseline at least every 6 months for up to 24 months for as long as the participant remains in HTI services. Enhanced outcome data will be collected on a subsample of young adults at 6 month intervals. The enhanced protocol will continue even after the young person from the subsample has left or has been discharged from HTI services, for up to 24 months. The baseline and follow up outcome instruments include the following key indicators: Demographic information, service use, education, employment/vocational training, housing and living situation, clinical outcomes, behavioral and other health, trauma-related experiences, life skills, parenting skills and supports, involvement with juvenile or criminal justice systems, and social and peer relationships. While participants are enrolled in HTI services, these data collected by the HTI grantees as specified in the RFA.

The HTI Data Center (HTI DC) will be developed for data collection and management. The HTI DC will be a secure Web site that allows uploading of data, real-time access to data by grantees, and production of automated reports for the sites. It is flexible for local use and simplifies the management, monitoring, and reporting of data.

The summary burden reflects the distinct number of respondents, total annual burden, and total hourly cost of the study.

SUMMARY BURDEN TABLE

DEPARTMENT OF HOMELAND SECURITY

[Docket No. DHS–2012–0028]

Agency Information Collection Activities: Submission for Review; Information Collection Extension Request for the DHS S&T First Responders Community of Practice Program

AGENCY: Science and Technology Directorate, DHS.

ACTION: 30-day Notice and request for comment.

SUMMARY: The Department of Homeland Security (DHS) invites the general public to comment on the data collection form for the DHS Science & Technology (S&T) First Responders Community of Practice (FRCoP): User Registration Page (DHS Form 10059 (9/09)). The FRCoP web based tool collects profile information from first responders and select authorized non-first responder users to facilitate networking and formation of online communities. All users are required to authenticate prior to entering the site. In addition, the tool provides members the capability to create wikis, discussion threads, blogs, documents, etc., allowing them to enter and upload content in accordance with the site's Rules of Behavior. Members are able to participate in threaded discussions and comment on other member's content. The DHS S&T FRCoP program is responsible for providing a collaborative environment for the first responder community to share information, best practices, and lessons learned. Section 313 of the Homeland Security Act of 2002 (PL 107–296) established this requirement. This notice and request for comments is required by the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. chapter 35).

DATES: Comments are encouraged and will be accepted until August 8, 2012.

ADDRESSES: Interested persons are invited to submit comments, identified by docket number DHS–2012–0028, by one of the following methods:

- *Federal eRulemaking Portal: http://www.regulations.gov.* Please follow the instructions for submitting comments.
- *Email: Kathy.Higgins@hq.dhs.gov.* Please include docket number DHS–2012–0028 in the subject line of the message.
- *Fax:* (202) 254–6171. (Not a toll-free number).
- *Mail:* Science and Technology Directorate, ATTN: Chief Information Officer—Rick Stevens, 1120 Vermont Ave, Mail Stop 0202, Washington, DC 20005.

FOR FURTHER INFORMATION CONTACT: DHS FRCoP Contact Kathy Higgins (202) 254–2293 (Not a toll free number).

SUPPLEMENTARY INFORMATION: DHS S&T currently has approval to collect information utilizing the User Registration Form until September 30, 2012 with OMB approval number 1640–0016. The User Registration Form will be available on the First Responders Community of Practice Web site found at [*https://communities.firstresponder.gov/*]. The user will complete the form online and submit it through the Web site.

The Department is committed to improving its information collection and urges all interested parties to suggest how these materials can further reduce burden while seeking necessary information under the Act.

DHS is particularly interested in comments that:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Suggest ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Suggest ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Renewal of Information Collection .

(2) *Title of the Form/Collection:* First Responders Community of Practice: User Registration Form.

(3) *Agency Form Number, if any, and the applicable component of the Department of Homeland Security sponsoring the collection:* DHS Science & Technology Directorate, R-Tech (RTD), DHS Form 10059 (09/09).

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Individuals; the data will be gathered from individual first responders who wish to participate in the First Responders Community of Practice.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:*

a. *Estimate of the total number of respondents:* 2,000.

b. *An estimate of the time for an average respondent to respond:* 0.5 burden hours.

c. *An estimate of the total public burden (in hours) associated with the collection:* 1,000 burden hours.

Dated: June 29, 2012.

Rick Stevens,

Chief Information Officer for Science and Technology.
