

Title: Acid Rain Program under Title IV of the Clean Air Act Amendments.

ICR number: EPA ICR No. 1633.16, OMB Control No. 2060–0258.

ICR status: This ICR is currently scheduled to expire on November 30, 2012. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The Acid Rain Program was established under Title IV of the 1990 Clean Air Act Amendments. The program calls for major reductions of the pollutants that cause acid rain while establishing a new approach to environmental management. This information collection is necessary to implement the Acid Rain Program. It includes burden hours associated with developing and modifying permits, transferring allowances, obtaining allowances from the conservation and renewable energy reserve, monitoring emissions, participating in the annual auctions, completing annual compliance certifications, participating in the Opt-in program, and complying with NOx permitting requirements.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 90 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 1,700.

Frequency of response: On occasion, quarterly, and annually.

Estimated total average number of responses for each respondent: 15.

Estimated total annual burden hours: 2,056,946 hours.

Estimated total annual costs: \$288,922,970, includes \$150,608,009 annualized capital and O&M costs.

Are there changes in the estimates from the last approval?

To date, there are no changes in the number of hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. However, EPA is still evaluating information that may lead to a change in the estimates.

What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

SUPPLEMENTARY INFORMATION:

A. Need For and Use of the Information Collection

Section 10b of the Federal Home Loan Bank Act (Bank Act) establishes the requirements for making Federal Home Loan Bank (Bank) advances to nonmember mortgagees, which are referred to as “housing associates” in the regulations of the Federal Housing Finance Agency (FHFA).¹ Section 10b

also establishes the eligibility requirements an applicant must meet in order to be certified as a housing associate.

Part 1264 of FHFA’s regulations implements the statutory eligibility requirements and establishes uniform review criteria the Banks must use in evaluating applications from entities that wish to be certified as a housing associate. Specifically, section 1264.4 implements the statutory eligibility requirements and provides guidance to an applicant on how it may satisfy those requirements.² Section 1264.5 authorizes the Banks to approve or deny all applications for certification as a housing associate, subject to the statutory and regulatory requirements.³ It also permits an applicant to appeal a Bank’s decision to deny certification to FHFA.

In part 1266 of FHFA’s regulations, subpart B governs Bank advances to housing associates that have been approved under part 1264. Section 1266.17 establishes the terms and conditions under which a Bank may make advances to housing associates.⁴ Specifically, section 1266.17(e) imposes a continuing obligation on a certified housing associate to provide information necessary to determine if it remains in compliance with applicable statutory and regulatory requirements, as set forth in part 1264.⁵

The OMB control number for the information collection, which expires on July 31, 2012, is 2590-0001. The likely respondents include applicants for housing associate certification and current housing associates.

B. Burden Estimate

FHFA estimates the total annual average number of applicants at one, with one response per applicant. The estimate for the average hours per application is 14 hours. The estimate for the annual hour burden for applicants is 14 hours (1 applicant × 1 response per applicant × 14 hours).

FHFA estimates the total annual average number of maintenance respondents—that is, current housing associates—at 68, with 1 response per

² See 12 CFR 1264.4.

³ See 12 CFR 1264.5.

⁴ See 12 CFR 1266.17.

⁵ In 2010, FHFA transferred the regulations governing housing associates from part 926 of the regulations of the Federal Housing Finance Board, the former regulator of the Banks, to part 1264 of FHFA’s regulations, and transferred the regulations governing Bank advances from part 950 of the Finance Board’s regulations to part 1266 of FHFA’s regulations. In both cases the regulations were transferred without substantive or material changes. See 75 FR 8239 (Feb. 24, 2010); 75 FR 76622 (Dec. 9, 2010).
