Title: 30 CFR Parts 1227, 1228, and 1229, Delegated and Cooperative Activities with States and Indian Tribes.

OMB Control Number: 1012-0003.

Bureau Form Numbers: None.

Abstract: The Secretary of the U.S. Department of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). The Secretary's responsibility, according to various laws, is to manage mineral resource

production from Federal and Indian lands and the OCS, collect the royalties and other mineral revenues due, and distribute the funds collected in accordance with applicable laws. The Secretary also has a trust responsibility to manage Indian lands and seek advice and information from Indian beneficiaries. ONRR performs the minerals revenue management functions for the Secretary and assists the Secretary in carrying out the Department's trust responsibility for Indian lands. Public laws pertaining to mineral leases on Federal and Indian lands are available at http://www.onrr.gov/Laws_R_D/PublicLawsAMR.htm.

When a company or an individual enters into a lease to explore, develop, produce, and dispose of minerals from Federal or Indian lands, that company or individual agrees to pay the lessor a share in an amount or value of production from the leased lands. The lessee, or the designee, must report various kinds of information to the lessor relative to the disposition of the leased minerals. Such information is generally available within the records of the lessee or others involved in developing, transporting, processing, purchasing, or selling of such minerals. The information that ONRR collects includes data necessary to ensure that the lessee accurately values and appropriately pays all royalties and other mineral revenues due.

The Federal Oil and Gas Royalty Management Act of 1982 (FOGRMA), which the Federal Oil and Gas Royalty Simplification and Fairness Act of 1996 amended, authorizes the Secretary to develop delegated and cooperative agreements with States (30 U.S.C 1735, sect. 205) and Indian Tribes (30 U.S.C. 1732, sect. 202) to carry out certain inspection, auditing, investigation, or limited enforcement activities for oil and gas leases in their jurisdiction. The States and Indian Tribes are working partners and are an integral part of the overall onshore and offshore compliance effort. The Appropriations Act of 1992 also authorizes the States and Tribes to perform the same functions for coal and other solid mineral leases.

This collection of information is necessary in order for States and Tribes to conduct audits and related investigations of Federal and Indian oil, gas, coal, any other solid minerals, and geothermal royalty revenues from Federal and tribal leased lands. Relevant parts of the regulations include 30 CFR parts 1227, 1228, and 1229, as described below:

Title 30 CFR part 1227—Delegation to States, provides procedures to delegate certain Federal minerals revenue management functions to States for Federal oil and gas leases. The regulations provide only audit and investigation functions to States for Federal geothermal and solid mineral leases, and leases subject to section 8(g) of the OCS Lands Act, within their State boundaries. In order for ONRR to consider a State for such delegation, the State must submit a written proposal to, and receive approval from, the ONRR Director. States also must provide periodic accounting documentation to ONRR, including an annual work plan and quarterly reimbursement vouchers.

Title 30 CFR part 1228—Cooperative Activities with States and Indian Tribes, provides procedures for Indian Tribes to carry out audits and related investigations of their respective leased lands. The Tribe must submit a written proposal to ONRR in order to enter into a cooperative agreement. The proposal

must outline the activities that the Tribe will undertake and must present evidence that the Tribe can meet the Secretary's standards in order for the Tribe to conduct the activities. The Tribe also must submit an annual work plan and budget, as well as quarterly reimbursement vouchers.

Title 30 CFR part 1229—Delegation to States provides procedures for States to carry out audits and related investigations of leased Indian lands within their respective State boundaries by permission of the respective Indian tribal councils or individual Indian mineral owners. The State must receive the Secretary's delegation of authority and submit annual audit work plans detailing its audits and related investigations, annual budgets, and quarterly reimbursement vouchers. States also must maintain records according to section 1227.200(d).

ONRR protects proprietary information that the States and Tribes submit under this collection. We do not

collect items of a sensitive nature. States and Tribes must respond in order to obtain the benefit of entering into a cooperative agreement with the Secretary.

Frequency: Varies based on the function performed.

Estimated Number and Description of Respondents: 10 States and 6 Indian Tribes.

Estimated Annual Reporting and Recordkeeping "Hour" Burden: 5,519 hours.

We have not included in our estimates certain usual and customary requirements that States and Tribes perform in the normal course of business. This 30-day **Federal Register** notice burden chart shows a 12-hour reduction in annual burden hours from the previous 60-day notice. This adjustment is for section 1227.200(e).
