### Notice of Lodging of Consent Decree Modification Under the Clean Water Act

Notice is hereby given that on July 2, 2012, a proposed Consent Decree Modification ("Modification") in *United States and State of New Hampshire v. City of Portsmouth, New Hampshire*, Civil Action No. 09-CV-283-PB, was lodged with the United States District Court for the District of New Hampshire.

The Modification modifies a Consent Decree between the parties which was entered by the federal district court on September 24, 2009 ("Decree"). The Decree resolved claims of the United States and State of New Hampshire against the City of Portsmouth, New Hampshire (the "City"), pursuant to Section 301(a) of the Clean Water Act ("CWA"), 33 U.S.C. 1301(a).

The Decree required the City, among other things, to control discharges from the combined sewer overflow ("CSO") outfalls, propose a schedule for construction of a secondary wastewater treatment facility for approval by the United States Environmental Protection Agency, and upon inclusion of the schedule in the Decree, comply with the construction schedule. The City encountered unexpected geological conditions that impaired the City's ability to meet the previously-designated CSO mitigation construction schedule. The Modification extends the completion deadline for the CSO projects by one year—until October 2014. Pursuant to the requirements in the Decree, the City proposed a detailed schedule for constructing secondary treatment facilities. The Modification requires the City to complete construction of secondary treatment facilities by March, 2017.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Modification. Comments should be addressed to the Assistant Attorney General, Environmental and Natural Resources Division, and either emailed to [pubcomment-ees.enrd@usdoj.gov](mailto:pubcomment-ees.enrd@usdoj.gov) or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States and State of New Hampshire v. #### **Background**

On December 12, 2011, DEA established the assessment of annual needs for 2012 for the list I chemicals ephedrine, pseudoephedrine, and phenylpropanolamine, pursuant to 21 U.S.C. 826(a) and 21 CFR 1315.11 (76 FR 77252). That Notice indicated that DEA would adjust the assessment of annual needs at a later date, if necessary, as provided in 21 CFR 1315.13.

DEA now proposes to adjust the established assessment of annual needs for 2012 for the list I chemicals ephedrine, pseudoephedrine, and phenylpropanolamine. In proposing the adjustment, DEA has taken into account the criteria that DEA is required to consider in accordance with 21 CFR 1315.13. DEA proposes the adjustment of the assessment of annual needs for 2012 by considering: (1) Changes in demand, changes in the national rate of net disposal, and changes in the rate of net disposal by the registrants holding individual manufacturing or import quotas for the chemical; (2) whether any increased demand or changes in the national and/or individual rates of net disposal are temporary, short term, or long term; (3) whether any increased demand can be met through existing inventories, increased individual manufacturing quotas, or increased importation without increasing the assessment of annual needs; (4) whether any decreased demand will result in excessive inventory accumulation by all persons registered to handle the particular chemical; and (5) other factors affecting the medical, scientific, research, industrial, and importation needs in the United States, lawful export requirements, and reserve stocks, as the Administrator finds relevant.

Other factors that DEA considered include trends as derived from information provided in applications for import, manufacturing, and procurement quotas and in import and export declarations. The inventory, acquisition (purchases), and disposition (sales) data as provided by DEA registered manufacturers and importers reflects the most current information available to DEA at the time of publication of this Notice.

#### **Analysis**

In determining whether to propose adjustments to the 2012 assessment of annual needs, DEA considered the total net disposals (*i.e.*, sales) of the list I
