

ICR numbers: EPA ICR No. 1285.08, OMB Control No. 2060–0132.

ICR Status: This ICR is scheduled to expire on July 31, 2012. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: Nonconformance penalty (NCP) provisions allow a manufacturer to introduce into commerce heavy-duty engines, heavy-duty vehicles and/or light-duty trucks which fail to conform to certain emission standards, upon payment of a monetary penalty. The information collected from manufacturers electing to utilize NCPs includes a description of their product(s) and test data to verify compliance. This information is collected by the Diesel Engine Compliance Center (DECC) in the Compliance Division (CD), Office of Transportation and Air Quality, Office of Air and Radiation (OAR), of the U.S. Environmental Protection Agency. DECC uses this information to ensure that manufacturers are in compliance with Clean Air Act and EPA regulations and are paying the appropriate penalties. Besides DECC, this information could be used by the Office of Enforcement and Compliance Assurance and the Department of Justice for enforcement purposes. Non-Confidential Business Information (CBI) information may be disclosed upon request under the Freedom of Information Act to trade associations, environmental groups, and the public.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 23 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and

maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: manufacturers of heavy-duty engines, heavy-duty vehicles and light-duty trucks.

Estimated Number of Respondents: 1.
Estimated Total Average Number of Responses for Each Respondent: 24.

Frequency of Response: Annual, quarterly, and on occasion.

Estimated Total Annual Hour Burden: 541.

Estimated Total Annual Cost: \$ 81,163, which includes \$39,344 in annualized capital or O&M costs.

Changes in the Estimates: There is a decrease of 637 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. While the previous ICR estimated that 2 manufacturers would utilize NCPs, with three engine families each. Based on past and current experience, EPA now estimates that only one manufacturer will use NCPs with a total of 4 engine families. The average burden per response has decreased slightly, reflecting an increase use of electronic methods for reporting and recordkeeping.

FEDERAL COMMUNICATIONS COMMISSION

Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

AGENCY: Federal Communications Commission.

ACTION: Notice; request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of

information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information burden for small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid OMB control number.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before September 18, 2012. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Submit your PRA comments to Judith B. Herman, Federal Communications Commission, via the Internet at Judith-b.herman@fcc.gov. To submit your PRA comments by email send them to: PRA@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Judith B. Herman, Office of Managing Director, (202) 418-0214.
