

3. Once GSA makes an announcement for temporary closure, there is potential for a high number of new offers before the effective date of the temporary closure. It is highly likely that nearly all of these offers will not generate business. What should GSA do with offers received in this window?

4. To help industry best plan, should GSA's reassessment be conducted annually, every two years, or every three years? What actions can GSA take to assist industry with planning? For example, is it better to know with certainty when a schedule or SIN will reopen even if that means the duration of closure is longer, or is it better for GSA to take a shorter term view of the question?

5. Currently, over 50 percent of schedule contracts will not meet the sales retention criteria. Is reducing this percentage to 30 percent an appropriately aggressive interim goal?

6. Are there other considerations on how to ensure minimum impact to industry with the implementation?

Proposed Project: Title: HHS 42 CFR subpart B; Sterilization of Persons in Federally Assisted Family Planning Projects—OMB No. 0937-0166—Extension—OPHS, Office of Population Affairs—Office of Family Planning.

Abstract: This is a request for extension of a currently approved collection for the disclosure and record-keeping requirements codified at 42 CFR part 50, subpart B ("Sterilization of Persons in Federally Assisted Family Planning Projects"). The consent form solicits information to assure voluntary and informed consent to persons undergoing sterilization in programs of health services which are supported by federal financial assistance administered by the PHS. It provides additional procedural protection to the individual and the regulation requires that the consent form be a copy of the form that is appended to the PHS regulation. In 2003, the PHS sterilization consent form was revised to conform to OMB government-wide standards for the collection of race/ethnicity data and to incorporate the PRA burden statement as part of the consent form. There are no revisions to the form.
